Dave, old pal, I didn't expect a british to be such a good guy. We have three things in common: we both like coffee, we both like Tarrytown's, and we are both interested in existentialism.

I am going home with a good memory of you and I hope to see you and your hair in five years.

Farewell

12/6/67

Dear Dave,

Really study hard in college and get fabulous grades. Then you can get rich and purchase all the grass & STP you want! I'll be thinking of you and hoping that you'll enjoy the Nice(?) Rainy weather of S.F. while I'm either basking in the S.C. sun or grinding my nose in a book trying to get good grades! At least I'll be in the S.C. sun! I'll miss ya! We'll probably meet again; either at a "love-in" or in Jail! (Preferably the latter) You'll either see me there or in a mag. (Get rich quick method!) Can't think of a thing to say mostly due to the fact that I'm flashing & dying for a J. "Euliyata". is my new-nick-name which someone [redacted] gave me.

Good Luck,

Love,

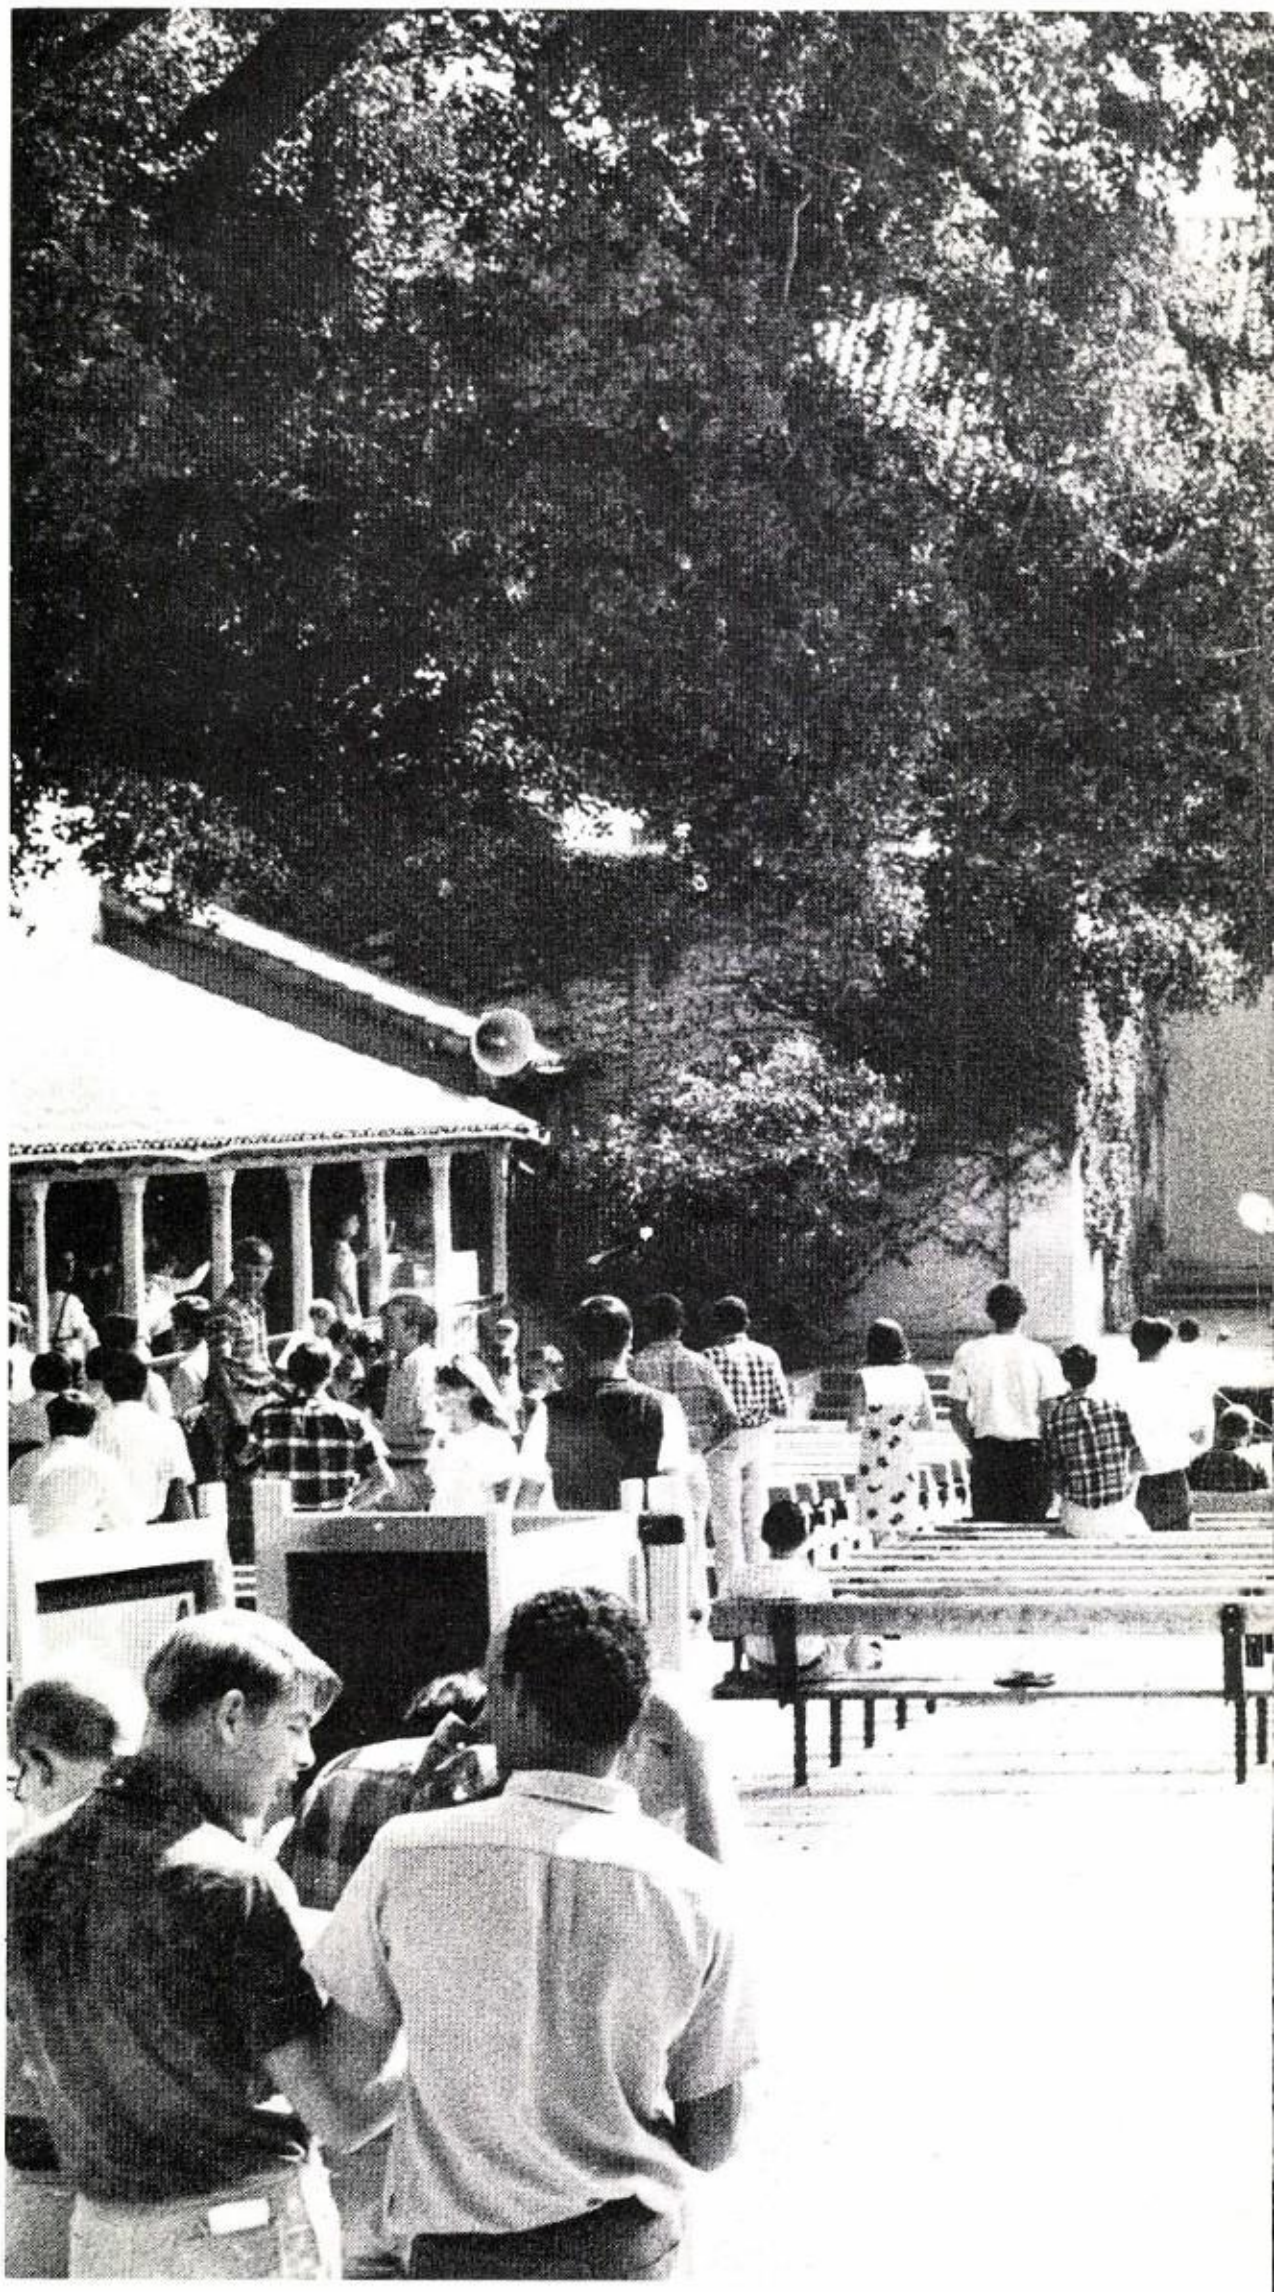
INTRODUCTION



Entering Paly. Tall evergreen trees. The Campanile Tower. Red tile roofs of the Spanish architecture. The archways. Wide, green double doors.

Walking through the halls. Green floors. Green walls. The ascending stairs. Congestion at Hollywood and Vine. Pictures on the walls. Rows of hanging banners. The mirrors. Lockers and lockers. Hills in the main hall. Buckets catching water from the leaking roof.

Going to classes. The aged beauty of room 14. The zany art rooms. Creaking chairs in the Little Theater. Contrast of the modern science wing. Radiators groaning in the English rooms. The barn-sized library trimmed with graceful curves of wrought iron balcony railings. The unforgetable odor of the submerged cafeteria. Compact custodian office piled high with memories. The long walk to air conditioned portable rooms.

Lunchtime at Paly. The amphitheater at noon. Sun on the weathered benches. Music, talking, eating, laughing, studying, and blossoming trees. Brightly painted green and white door to the commissioner's office. Long lines out at the snack bar. Crowded tables under majestic oaks

BEFORE SCHOOL STARTED

Would you believe that students had to come back to Paly before the first day of school? During the week preceding that inevitable September 12, the library once again hosted textbook distribution. The sophomores, with all of their uneasiness, found relief among familiar faces. They waited in line for their student handbooks, the Tower, and their class schedules. The teachers' names added to the confusion: Is it Mrs. Bataille? Mr. Griffin? Then the lonely search began: Who do you have for English? Where is room 51? Does anyone have first period gym? And as the sophomores gathered their books and drifted out of the library, surviving their first formal encounter with Paly, preparations were being made for the next day's students. The more experienced juniors came and went—the same procedure. The seniors, too, knew the routine well.

This was the third year that the library had been the scene for early textbook distribution. Constructed in the 1920's, it is obvious to even the new sophomores that it was not designed for modern educational purposes. There are only four electrical outlets and little space. Mrs. Thompson, Paly's librarian, is anxiously looking forward to the new research center which will be one of the results of Paly's reconstruction. There will be many improved features such as listening rooms and carpeting. Mrs. Thompson expressed her feelings about the change of libraries by saying, "Of course I will miss the old building—sentiment, you know—but the comforts of the new library will make up for it."

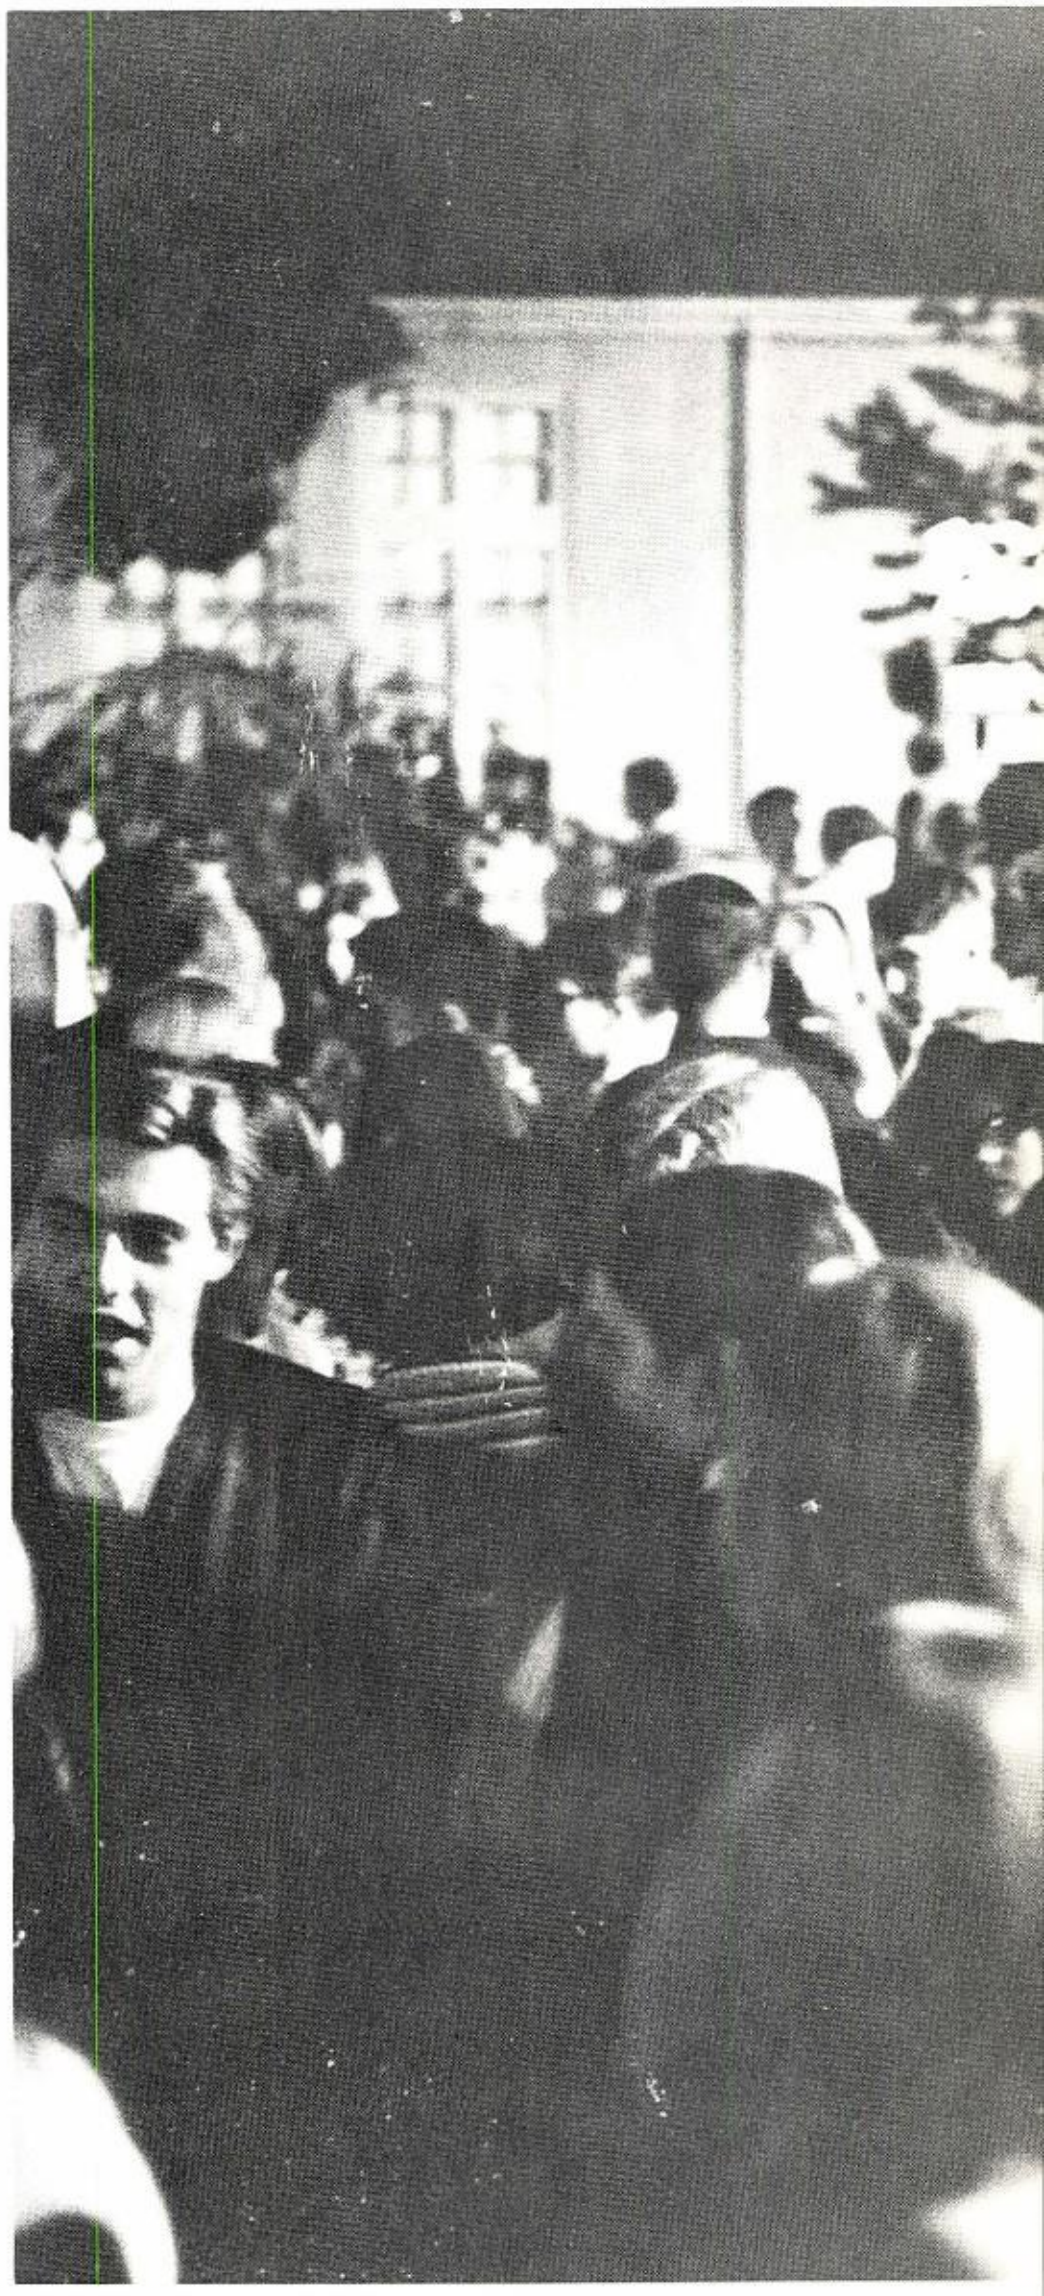
Now outfitted with books and schedules, they watched the weekend roll by too quickly and that Monday morning set in

MONDAY MORNING SET IN

Start-of-school activities culminated with a dance Friday night in the amphitheater where one week ago Friendship Week was traditionally inaugurated with the Girls' League Welcome Tea. With the juniors as guiding influences, the two hundred sophomore girls were introduced to Paly life. A warm welcome with bright pink and orange flowers created the atmosphere for the informal tea as Carolyn Moore, Girls' Activities Commissioner, provided a variety of social aspects for the newcomers to adjust to. Anticipating senior sophistication, they were instead greeted with a display of rollicking, nonsensical skits which provided a sharp contrast to the gracious Spanish dignity of the amphitheater. Adhering better to the image of '67, fifteen senior girls modeled the latest styles from Saks as Linda Spencer narrated. The spirit of '69 rang out for the first time as the sounds of the Pep Band playing "Green and White Forever" reverberated through the empty halls and the cheerleaders and pom pon girls further aroused latent spirit. Cake and punch completed the representation of Paly to the sophomore girls, and, as Carolyn Moore described it, the tea was "short, but successful" because everyone had a good time.

That long-dreaded Monday arrived and as the week wore on, the newness gradually wore off and the days fell into a set pattern. But Dress-up Day completely discombobulated Friday morning when Paly was transformed and infested with outlandish finery from the Goodwill. The sophomores with their traditional teddy bears and roller skates and the sophisticated juniors clad in a happy medium ranging from false eyelashes to three-inch wide ties and spats were far outclassed by the seniors hilariously decked out in wilted hats, shawls, and granny glasses.

To the stirring sounds of the Fourth Dimensions, the annual Welcome Dance originated from the amphitheater. Used only in the past for rallies, assemblies, lunch, and the '63 luau, this new setting provided a pleasing atmosphere for all and a gala welcome for the sophomores. As the re-echoing sounds diminished, the amphitheater resumed its dignity amid its battered benches and its weathered exterior. Friendship Week was enthusiastically concluded as a new year began bringing new ideas and faces to old and distinguished Paly.



AFS ASSEMBLY

The first all school reunion, the AFS Assembly, better acquainted foreign students with Paly and its people. After Student Body President Charlie Wing welcomed AFSers Rodolfo Cervino from Argentina and Yee Wah Choong (Yin) from Malasia, ICYE exchange student Veronique Martin-Achard from Switzerland, and eighteen other foreign students to Paly, everyone returned a welcome home to Charlie, Paly's own summer AFSer to Roverto, Italy.

Knowing only Level III French, Charlie lived for two months with a family of six that spoke only Italian. Never parting with his Italian dictionary, he dated Italian style with groups at tennis courts, learned soccer from his family, taught them baseball with a wild Wing-made bat, toured part of Switzerland with other Americans Abroad, and ran into Hurricane Faith on the cruise home. "Even when things were going badly, I kept smiling!" recalls Charlie remembering his bout with an Italian policeman, the shockingly great consumption of wine and beer, and the surprisingly easy life of Italian boys. He loves the people there in Roverto and wants to go back soon without Faith.

Oaxaca, Mexico, was the scene of another summer exchange program. Junior Randy Reininger and senior Cynthia Hutzel spent seven weeks living with families in our sister-city to the south. The Neighbors Abroad Program provides girls with a sister to acquaint them with the surroundings, but a mix-up caused Randy to have a brother instead. "He was just as surprised as I was!" she chuckled. Both girls attended and taught classes in Spanish schools. On their own, lively Mexican dances lasting until 3:30 a.m., fried pigskins, and turtle meat impressed Randy and Cynthia as did the lack of formal dating and the very friendly people. Both students expressed their anxiety to return to their Oaxacan families next summer.

Laurie Ackerman spent a week at Cal at Davis learning first hand about California government through the Girls' State Program. The 560 girls organized city, county, and state branches of authority and held democratic elections to each. Laurie was elected to her city council and took active part in the spirited mealtime yells denouncing the opposing party and hailing Boys' State, a mere 50 miles away. "At Girls' State," concluded Laurie, "I learned a lot about government, but a lot more about people." Meanwhile, in a livestock pen at the Sacramento State Fairgrounds, our Boys' State Representative Joe Welsh was also spending seven days experiencing the governmental processes used in California. With 360 boys divided into political parties, Joe soon learned that his cow stall city of Larkin was not only a former home of prizewinning cattle, but also the temporary home of some prizewinning boys, numerous pillow fights, and practical knowledge of democratic practices. Amid cries of "Better dead than a Fed," Paly's Whig representative asserts that "In a week I've never learned so much about so many things."

FACULTY

PRINCIPAL'S MESSAGE

The year of 1966-67 marked the end of one era and the beginning of another in the life of Paly.

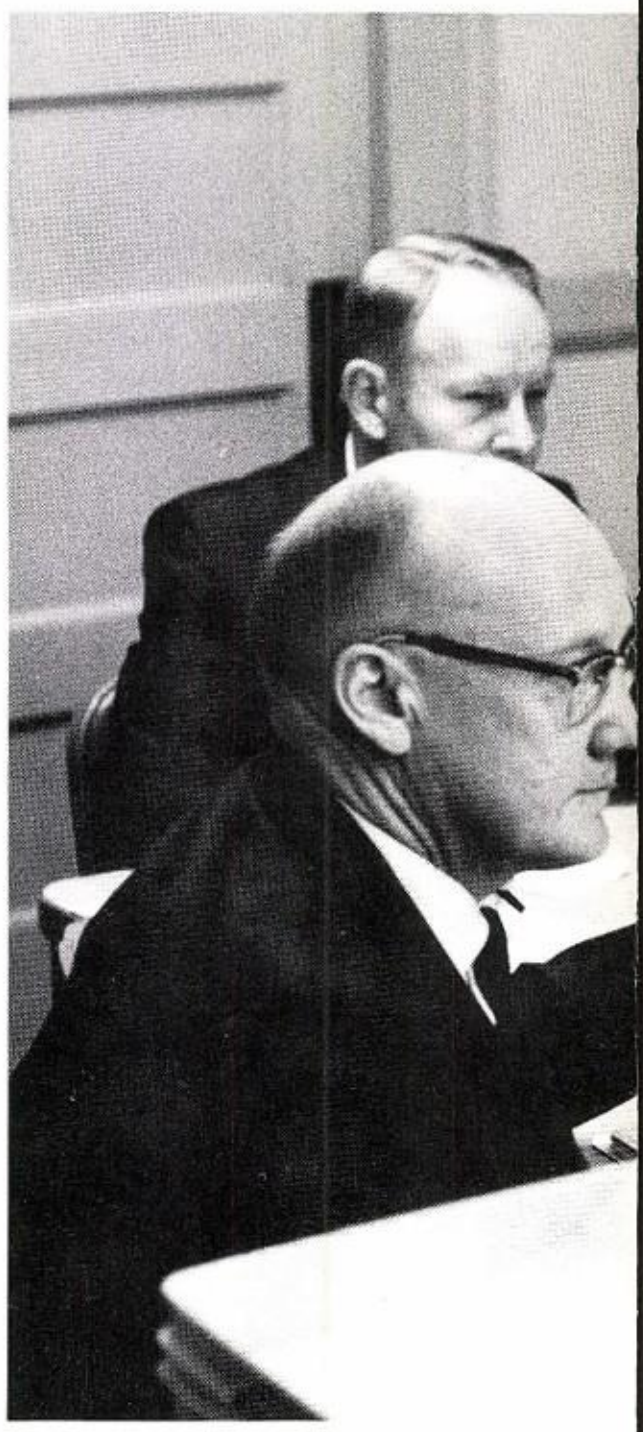
Plans for a new educational plant and the ultimate demolition of Paly as we now know it were started this year. The new plant is scheduled to open in September, 1969. 1966-67 is the last school year in which normal housing conditions will exist until the old building is demolished and the new buildings are complete. The next normal school year will be 1969-70. At the time of completion of our new facility, the present sophomores will be Paly alumni.

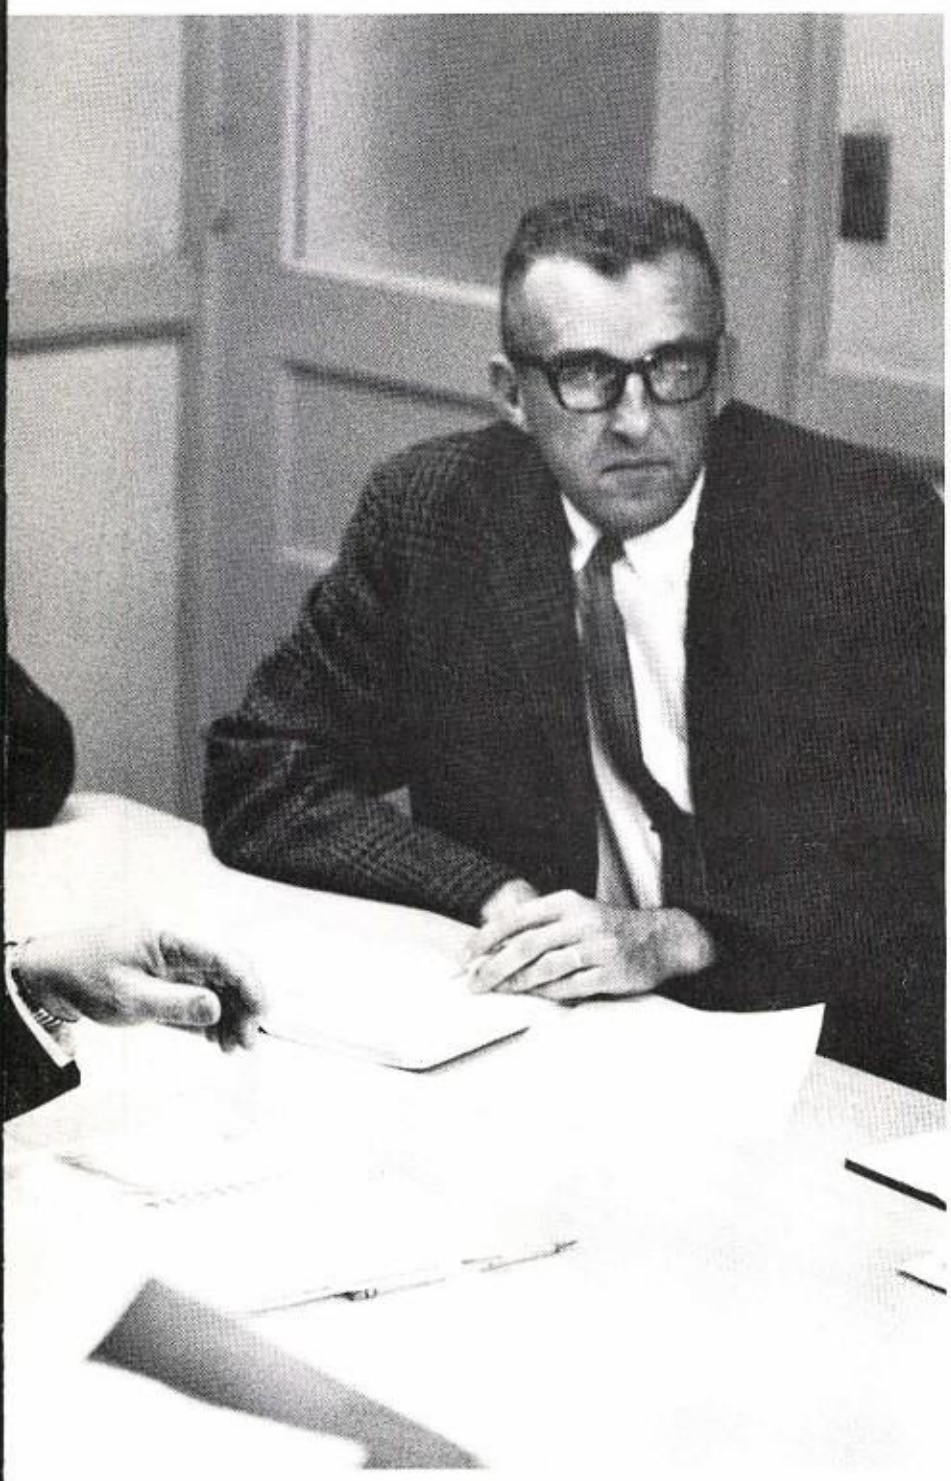
Gone will be our beautiful Spanish architecture, the Campanile Tower, Room 14 with its beamed and paneled ceiling, Hollywood and Vine, and Gold Star Memorial, the outdoor theater, "Hod" Ray Field, George Stewart gymnasium, the south parking lot, the noisy steam pipes, the musty halls, the leaky roofs and "Ma" cat.

Replacing old Paly will be a new modern, air-conditioned, sound-proofed, carpeted, two-story building with auxiliary facilities comfortably housing 1500 students. It will reflect such trends as modular scheduling, team teaching, large and small group instruction, movable walls, resource centers, independent study facilities, faculty offices and work rooms and a student activity center in a new design for education.

The graduates of 1967 are joining an illustrious group of alumni. We who helped to educate you are proud of you and look forward to your continuing success and happiness.

Ray P. Ruppel
Principal





ADMINISTRATION

Throughout the year the administration worked to keep Paly an organized and efficiently run school. Administrative duties range from developing the curriculum and organizing Paly personnel to assigning students to classes and providing a personal guidance program.

The new Administration Center at Paly will be the focal point of communication, coordination and planning of the school. It will be easy to find and inviting with new appealing colors and a feeling of openness and friendliness.

A general office and reception area will channel visitors to the several surrounding offices (administrative, counseling, and health) where smaller waiting areas will be provided. All in all the new Center can only help our counselors, principal, and his assistants to keep Paly among the top ten schools in the country.

Administrative assistants are: Mr. Demele, Mr. Shutes, Dr. Mason, Mr. Gudioux, Mr. Christensen.

Counselors are: Mrs. Hammer, Mrs. Aiken, Mr. Davis, Mr. Palmer, Mrs. Goodlive.

Not pictured: Mr. Millar.

ENGLISH

In a sense English is the hub of the curriculum, since most other subjects depend upon the skills of communication: reading, writing and oral expression.

"English also allows academic exposure to the literary heritage, to the great ideas and psychological insights of some of the world's most imaginative and profound minds," commented Mrs. Mueller, department head.

The English Department has attempted to enrich its curriculum with elective programs to encompass a wide range of interests: drama, forensics, directed reading and world and English literature.

The most pressing problem for the English Department at Paly is space. Teachers feel hampered by lack of privacy: no classroom or office space to call their own, and no facilities for holding student conferences.

The new plans for reconstruction should give more flexibility to the English teaching program. Many of the rooms will have portable dividers so that spaces may be converted into seminar-sized classrooms or lecture-sized classrooms. There will also be accommodations for team teaching situations. Perhaps the most progressive feature will be a resource center adjoining the central library. Altogether the advantages of the new English Department should be greater freedom of movement and more informality of communication between staff and students.

English teachers are: Mrs. Mueller, Mrs. Fields, Mr. Mayne, Mr. Leahy, Mr. Phillips, Mrs. Dearing, Mr. Katz, Mr. Gruber, Mr. Fenwick, Mrs. Melosh.

Not pictured: Mrs. Brant, Mr. Clark, Mrs. Dacey, Mrs. Drake, Mr. Davis, Miss Dorland, Mr. Jamieson, Mrs. Lowe, Mr. Presto, Mr. Presley, Mr. Thompson, Mr. Trujillo.

LANGUAGE

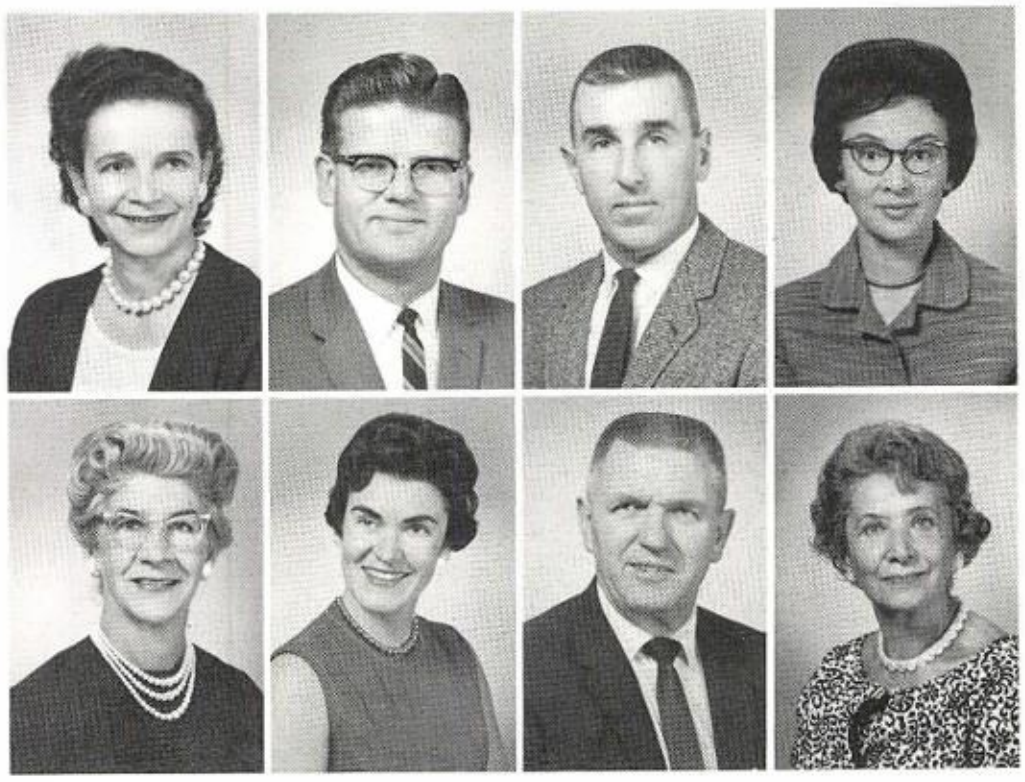
Nearly seventy percent of Paly studies foreign languages. As a "melting pot" of various literatures and cultures, the language department offers from Chinese to Latin, including Spanish, German, Russian, and French. The study of foreign languages provides a humanistic approach to nationalities and provides the basis for understanding on an international scale.

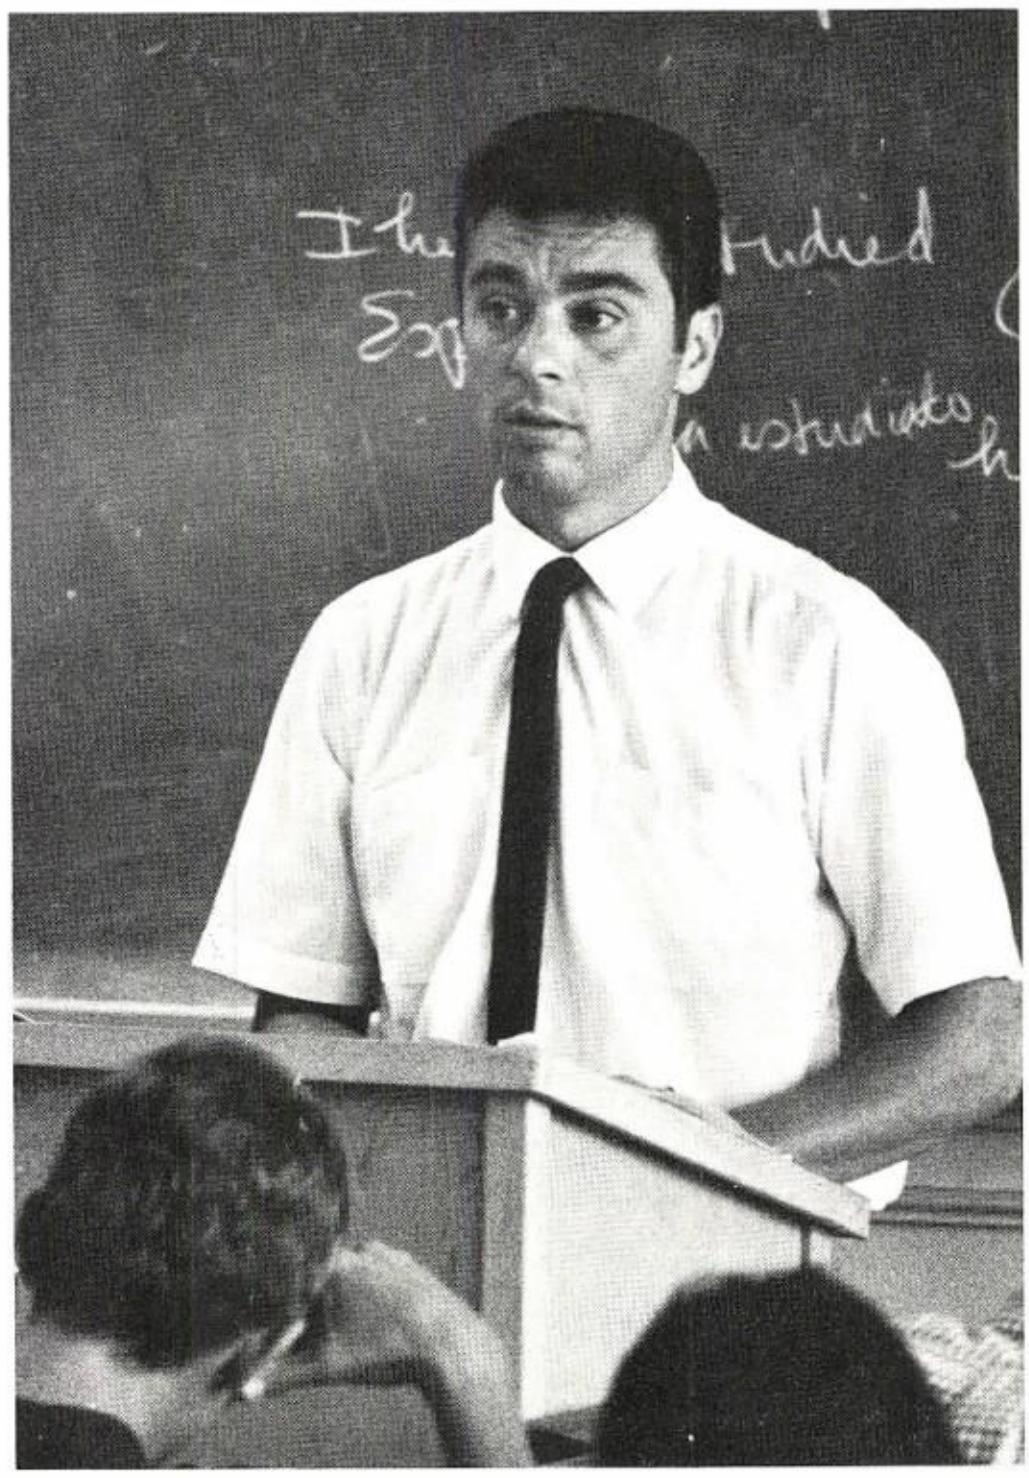
The Department seeks to widen its program with a variety of field trips and excursions. This year Latin classes had speakers from Stanford; and the Russian classes spent a day seeing "Dr. Zhivago" and a Russian art exhibit and lunching at the Russian Tea House. French classes visited the French Theatre as Spanish students attended a Spanish play at Stanford in the spring. All of these classes joined with the Chinese and German students in the annual Foreign Language Field Day.

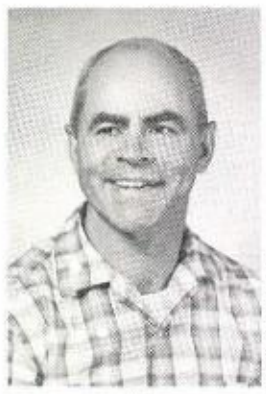
The new buildings at Paly will include a Cultural Center for students. This is a Language Department Student Center where people may converse informally in all languages. Connected to the Resource Center, these new facilities will provide for more communication with English and Social Studies Departments. There will be a new large language lab where students may proceed at individual rates and an area for foreign plays and speakers.

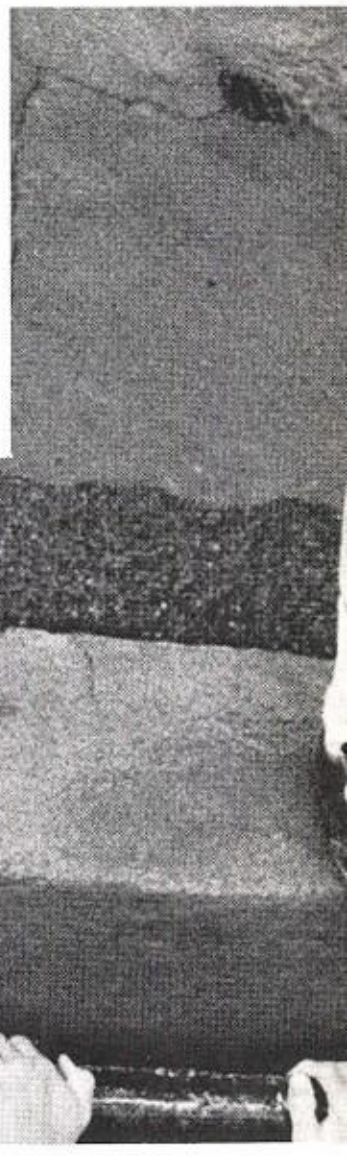
Foreign Language teachers are: Mrs. White, Mr. Snyder, Mr. McCord, Mrs. Sung, Miss Schmit, Mrs. Lilker, Mr. Norton, Mrs. Lodge.

Not pictured: Dr. Cate, Mrs. Drake, Mr. Ochoa, Mr. Presto.









BOYS' PHYSICAL EDUCATION

Stimulating new interests in a large variety of sports, the boys' sports program provides a release from the daily grind. Physical education is becoming more and more important. The department aims to teach Paly boys that exercise can bring enjoyment as well as improve physical health.

The reconstruction of Paly will give the Boys' P.E. Department a new gym and auxiliary gym separated by coaches' offices, and an equipment room, and officials' rooms. Connected to the new larger locker rooms and showers will be the home team and visiting team rooms.

GIRLS' PHYSICAL EDUCATION

Bringing fun and relaxation to Paly girls through various team and individual activities, the Girls' P.E. Department offers a sampling of many sports from hockey to water polo.

The unique swimming, modern dance, and rec leadership classes permit some girls to specialize in one activity. In the off-season Mrs. Gautschi's swim class introduced water polo to the curriculum. This is the first year juniors have been able to choose their activities from a list of all sports common to girls but fencing.

After the reconstruction of Paly, the Girls' P.E. facilities will be expanded with the addition of a dance studio and another pool. The present problem of lack of indoor space for rainy weather will be solved.

Physical Education teachers are: Mr. Fisher, Mrs. Gautschi, Mr. Leslie, Mr. Clark, Mrs. Stilwell, Mrs. Rouquier, Mr. Presley.

Not pictured: Mr. Bataille, Mr. Donohue, Mr. Mercer, Mr. Shroyer, Mrs. Steckel, Mr. Trujillo, Mr. Vierra, Mr. Wiser.

INDUSTRIAL ARTS

Industrial arts allow students to enjoy manual activity and construction and to learn about materials, tools, processes, and products. Basic industrial arts training is not only useful to the scientist and engineer but to the average man at home. The principle change after reconstruction will be the relocation of wood, graphic arts, drafting, photography lab, metal and machine shop, and power mechanics courses so that all will occupy one area in the Science and Technology Center.

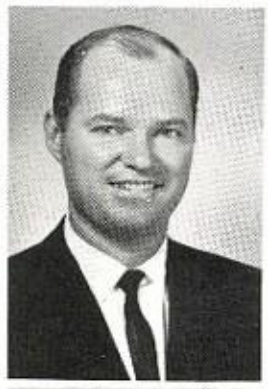
HOME ECONOMICS

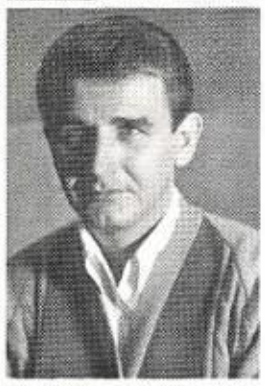
In addition to creating couturier clothing and developing delicious recipes, Paly's homemaking student studies the psychology of family relationships in seminar. The new building will provide a human relations laboratory to enrich the study of personality development in the form of a child center which will operate under the Adult Education program, but be accessible to high school students for observation purposes.

BUSINESS EDUCATION

Paly's future secretaries and business executives may receive their basic training from the business education department. Courses in consumer education and business skills help bring general economic understanding to students before turning them out into the evergrowing business world. Business Education will be housed in the new Science and Technology Center at Paly. There will be wiring for electric typewriters and data processing components.

Industrial Arts teachers are: Mr. Kendell, Mr. Brown, Mr. Walter, Mr. Mitchell, Homemaking teachers are: Mrs. Neal, Mrs. Knowlton. Business teachers are: Miss Tuchek, Mr. Moore, Mrs. Neilsen.





ART

For both historical and contemporary reasons art is becoming increasingly important in developing creative thinking and a sense of identity to the student. With art shows and auctions the art department allows students to expose their work to the public.

The new art center at Paly is designed to allow more space and flexibility. There will be a maximum of working together between the different areas of art with a general working lab and connecting rooms equipped with special facilities for ceramics, sculpture, and graphics.

MUSIC

Music teachers at Paly continually strive to teach students to appreciate, and thus enjoy, good music. Besides organizing performing groups such as the band, orchestra, and chorus, the department offers classes in theory, composition, appreciation, and special training in opera and piano.

This year Paly's music and drama students successfully combined their talents for the spring musical "Wonderful Town", a former Broadway production.

The music department is looking forward to a new, easily accessible auditorium with a large orchestra pit, portable risers, and areas to seat a chorus properly. Surrounding the auditorium will be one tiered band and choral room and several soundproof rooms to be used by small ensembles and workshop classes.

Art teachers are: Mr. Alexander, Mr. Owen, Mr. Jang, Mr. Stoezel.

Not pictured: Mrs. Hammer.

Music teachers are: Mr. Grod, Miss Klein.

SOCIAL STUDIES

Every student at Paly takes three years of history or social studies. The department provides the student with a basic orientation to his country and to the problems that his country must cope with.

Humanities classes, experimental at the present time, integrate American history, junior English, art, and music into the mainstream of American civilization.

Family living, with over 300 students a year choosing it, along with Economics meets the state requirement for a functional government unit. "Paly has in Mr. Snodgrass probably the most outstanding teacher in the state in the Family Life area," commented Miss Turner, department head. "And Mr. Poll has worked closely with experimental groups in order to develop an economics course that is dynamic and current."

Miss Turner has been teaching Paly's unusual Far Eastern history class for fifteen years while other schools are still attempting to instigate such a course.

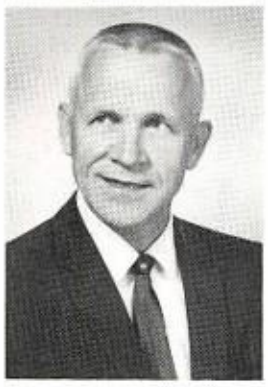
Several of the sophomore Contemporary World classes are taught in a team situation, which, headed by Mr. Johnson, has been a successful concept in teaching at Paly for several years.

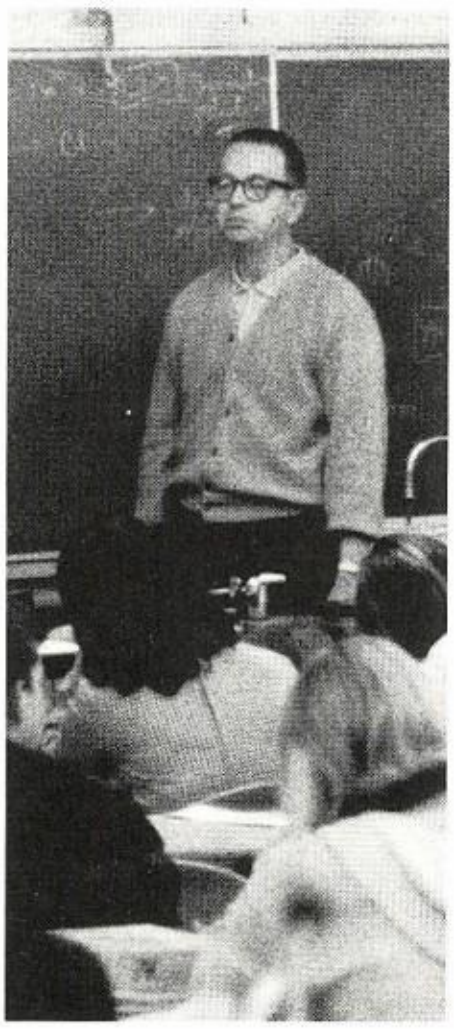
"Despite the lack of room and the heating and plumbing problems, in giving up the old building, we are losing a lot," said Miss Turner.

Social studies teachers are: Miss Turner, Mr. Thornton, Mrs. Griffin, Mr. Bross, Mr. Petty, Mrs. Wolfsohn, Mr. Johnson, Mr. Smitian, Mr. Poll, Mr. Lesinski, Mr. Snodgrass.

Music coordinator is: Dr. Gray.

Not pictured: Mrs. Walsh.





SCIENCE

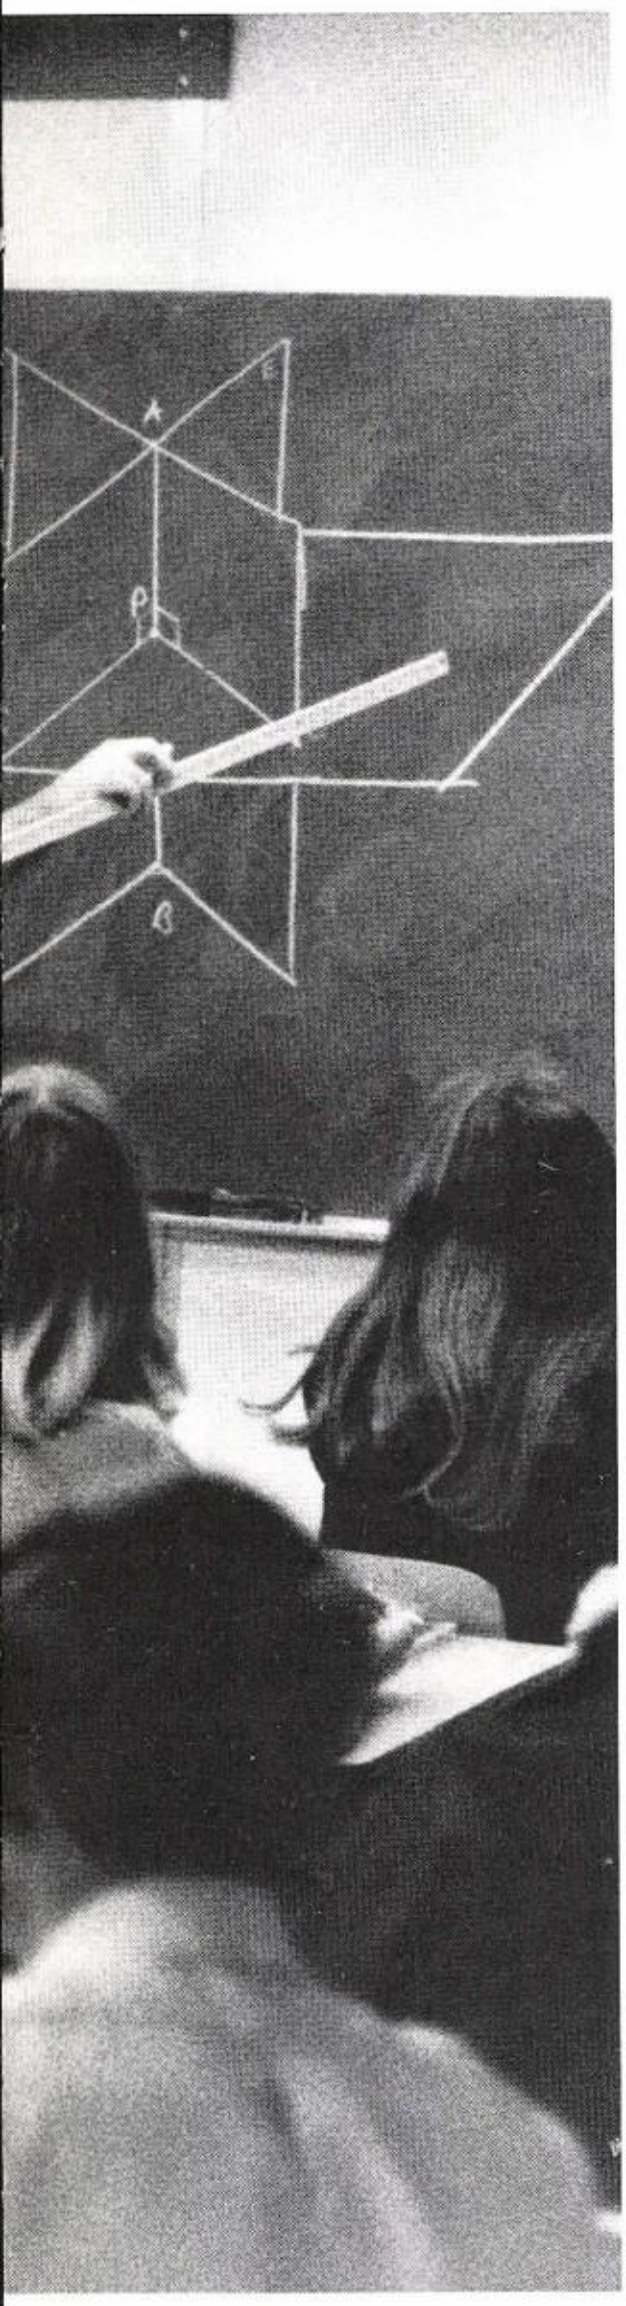
Science acquaints students with what is going on in life and prepares them for the increasing number of science occupations. Presently thirty percent and, in five years, an expected fifty percent of Paly graduates will pursue careers related to the different areas of science.

The Science Department has grown considerably with the addition of B lane physics, C lane chemistry, and college chemistry courses. The new Research Observer Post program has given thirty students the opportunity to specialize in a scientific field by working with a local scientist two times a week. They attend Wednesday night seminars where the scientists speak and Friday morning classes where the students discuss their projects.

The present science facilities at Paly, though relatively new, were built prior to Sputnik, and with the fast pace of scientific discovery they are now out of date. With fifty percent more space, the new science wing at Paly will allow individual lab work in separate laboratories. Students will be equipped to pursue all the new and exciting fields of science.

Science teachers are: Mr. Bunton, Mr. Barr, Mr. Shugart, Mr. Martin, Mr. Hagen, Mr. Englecke.

Not pictured: Mrs. Rodman, Mr. Shroyer.



MATHEMATICS

The future will hold better communication and understanding between math teachers and students at Paly. No longer will a confused student be forced to knock on the closed door of a big, cold, uninviting math room to seek out-of-class help. The new Mathematics Center will have glass-enclosed offices surrounding a large group study room where students can collaborate on problems. The teachers' offices will be open to encourage students to come in with their questions. A soundproof room for private study is also planned.

The Paly Math Department is now one of few in the country to offer a special computer class as well as having senior-level math students program the computer to solve their homework problems.

The department hopes to enrich its program by extending the advanced placement calculus course to several times its current size and by designing a terminal math course to expose the non-mathematics major to more modern and sophisticated mathematics.

The Senior Privilege Card Committee reviewed applications and selected the seniors who received Senior Privilege Cards. Although their job seems small, members were kept busy with frequent meetings for reviewing the qualifications of privilege card holders. Chairman John Bennion was assisted by Cathy Barber, Marcia Griffiths, Karen Springer, Joe Welsh and Rick Williams.

The Silver Seal Committee selected the graduating seniors who received the Silver Seal for service to the school. Chairman was Linda Dairiki. Other members of the committee were Seniors—Ruthee Bloch, Millie Brother, Stephanie Dailey, Marcia Griffiths, Joanne Grover, Pat Roberts, Nancy Rogers, and Karen Springer; Juniors—Bonnie Got, Lindsey Judy, Bill Reinhardt, and Dick Strubbe; Sophomores—Lee Israel and Rick Peral.

STUDENT GOVERNMENT

From sponsoring flicks and drags to coping with reckless driving to meeting with the architects about the projected plans for the new Paly, student government has been the focal point of student life at Paly.

Through self-government, students learn to explore life outside the academic sphere. Students at Paly have the challenge of handling their own affairs and, because of their continued acceptance of responsibility, administrative control has happily been lessened.

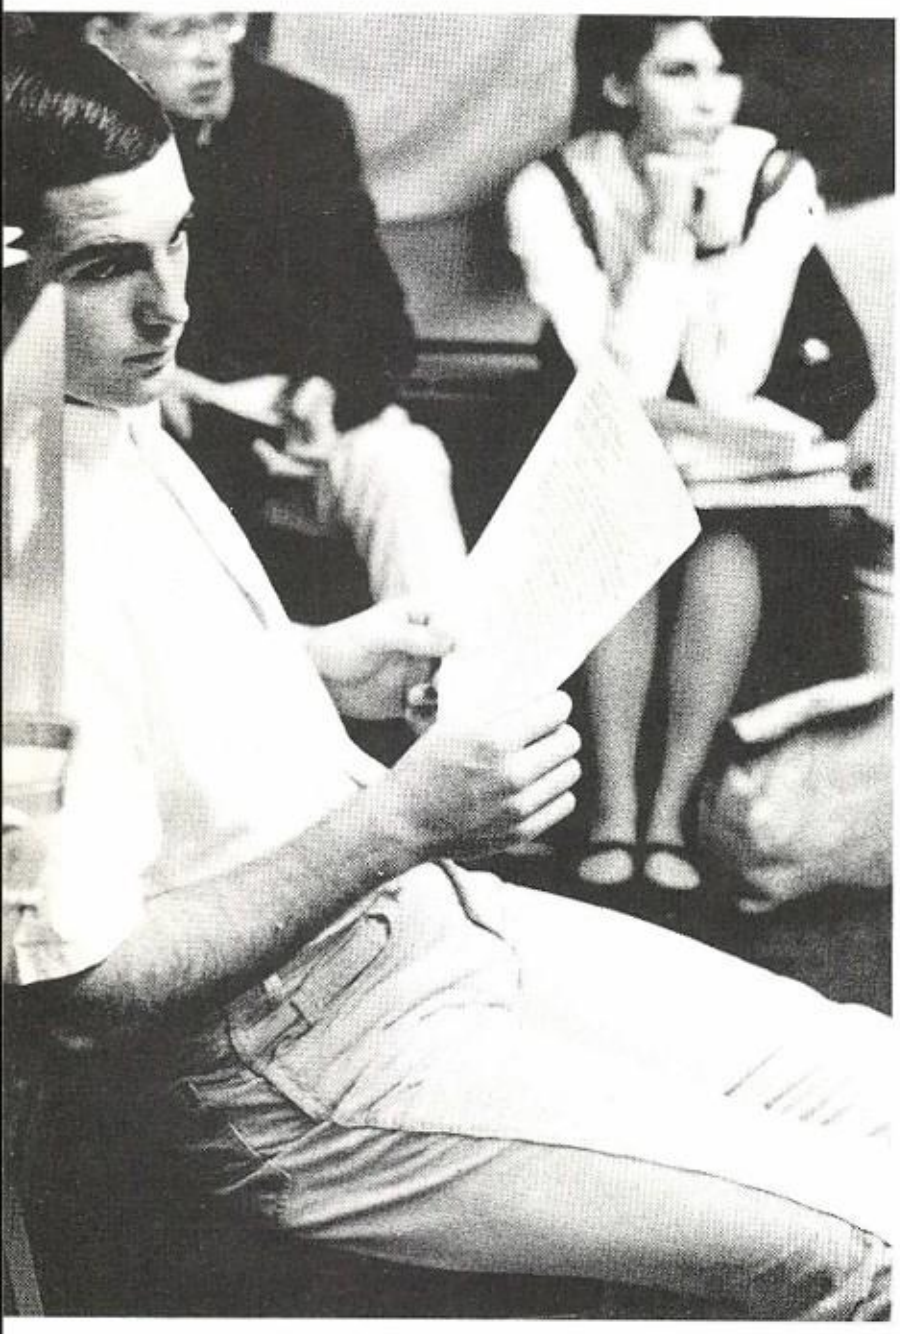
Student government planned the rallies, assemblies, speakers, charities, inter-school activities, sports programs, and all other types of social events.

Driving is a major privilege granted to the students by administrators because Student Government officials agreed to lead in establishing a responsible atmosphere in the parking areas. Through the Legislative Council and Student Court, student leaders tried to eliminate reckless driving on campus.

Another major challenge to Student Government was the need for improved communications. Noon forums designed to give students a greater voice in their government and to increase their awareness of government activities were initiated in February. Student leaders in turn learned more of student opinions. Leg. Council President Bill Reinhardt worked to further increase communications through regular Leg. Council reports to English classes. Another addition to communications was the Student Body Review, published in March. A second school newspaper, the SBR was published by students who were critical of **Campanile** reporting.

From early budget planning to the closing days of school, student government was busy working to improve student life at Paly.

Tim Meyer (top) and Bill Honey



Commissioners

The Board of Commissioners, headed by Student Body President Charlie Wing and aided by Commissioners' Secretary Sue Brittain, held a predominate role in most of Paly's extra-curricular activities.

Charlie was Paly's student representative to inter-scholastic functions. He was the major voice of the student government and student body as he acted as the link between the administration and the students.

Rally Commissioner Trev McGrath spent countless hours devising new means to spark Paly's spirit. Rallies, hall decorations, beanies, and spirit ribbons were all instigated by Trev and the Rally Committee.

Commissioner of Girls' Activities Carolyn Moore took charge of the Sophomore Welcome Tea, the Jinx, the Spring Fashion Tea, and the reinstated Luau. The Girls' League Cabinet helped Carolyn plan these events.

Paly dances were revived by better bands and increased attendance under Keven Arnold. With the Social Planning Committee, Keven coordinated all social events such as September's Welcome Dance and the Come Alive Dance.

Commissioner of Public Welfare Jerry Wright acted as chairman of the Executive Board of Welfare and the BOW. He worked closely with the Court in his efforts to free Paly of student problems.

Commissioner of Boys' Athletics Bill Honey headed the executive committee of the Boys' Block P. Bill recorded the hours each boy spent in sports and was responsible for the Sports Banquets and the Homecoming Dance.

Commissioner of Girls' Athletics Nancy Rogers, the organizer of the after school sports program, and the GAA Board sponsored Father-and Mother-Daughter Sports Nights and the Girls' Sports Banquet.

Commissioner of Finance Tim Meyer kept tabs on the Student Body Fund, all financial transactions, and he supervised budget-planning.

Commissioner of Publications Laurie Ackerman edited the **Tower** and was in charge of Stanford football season parking and the Christmas formal.

COURT

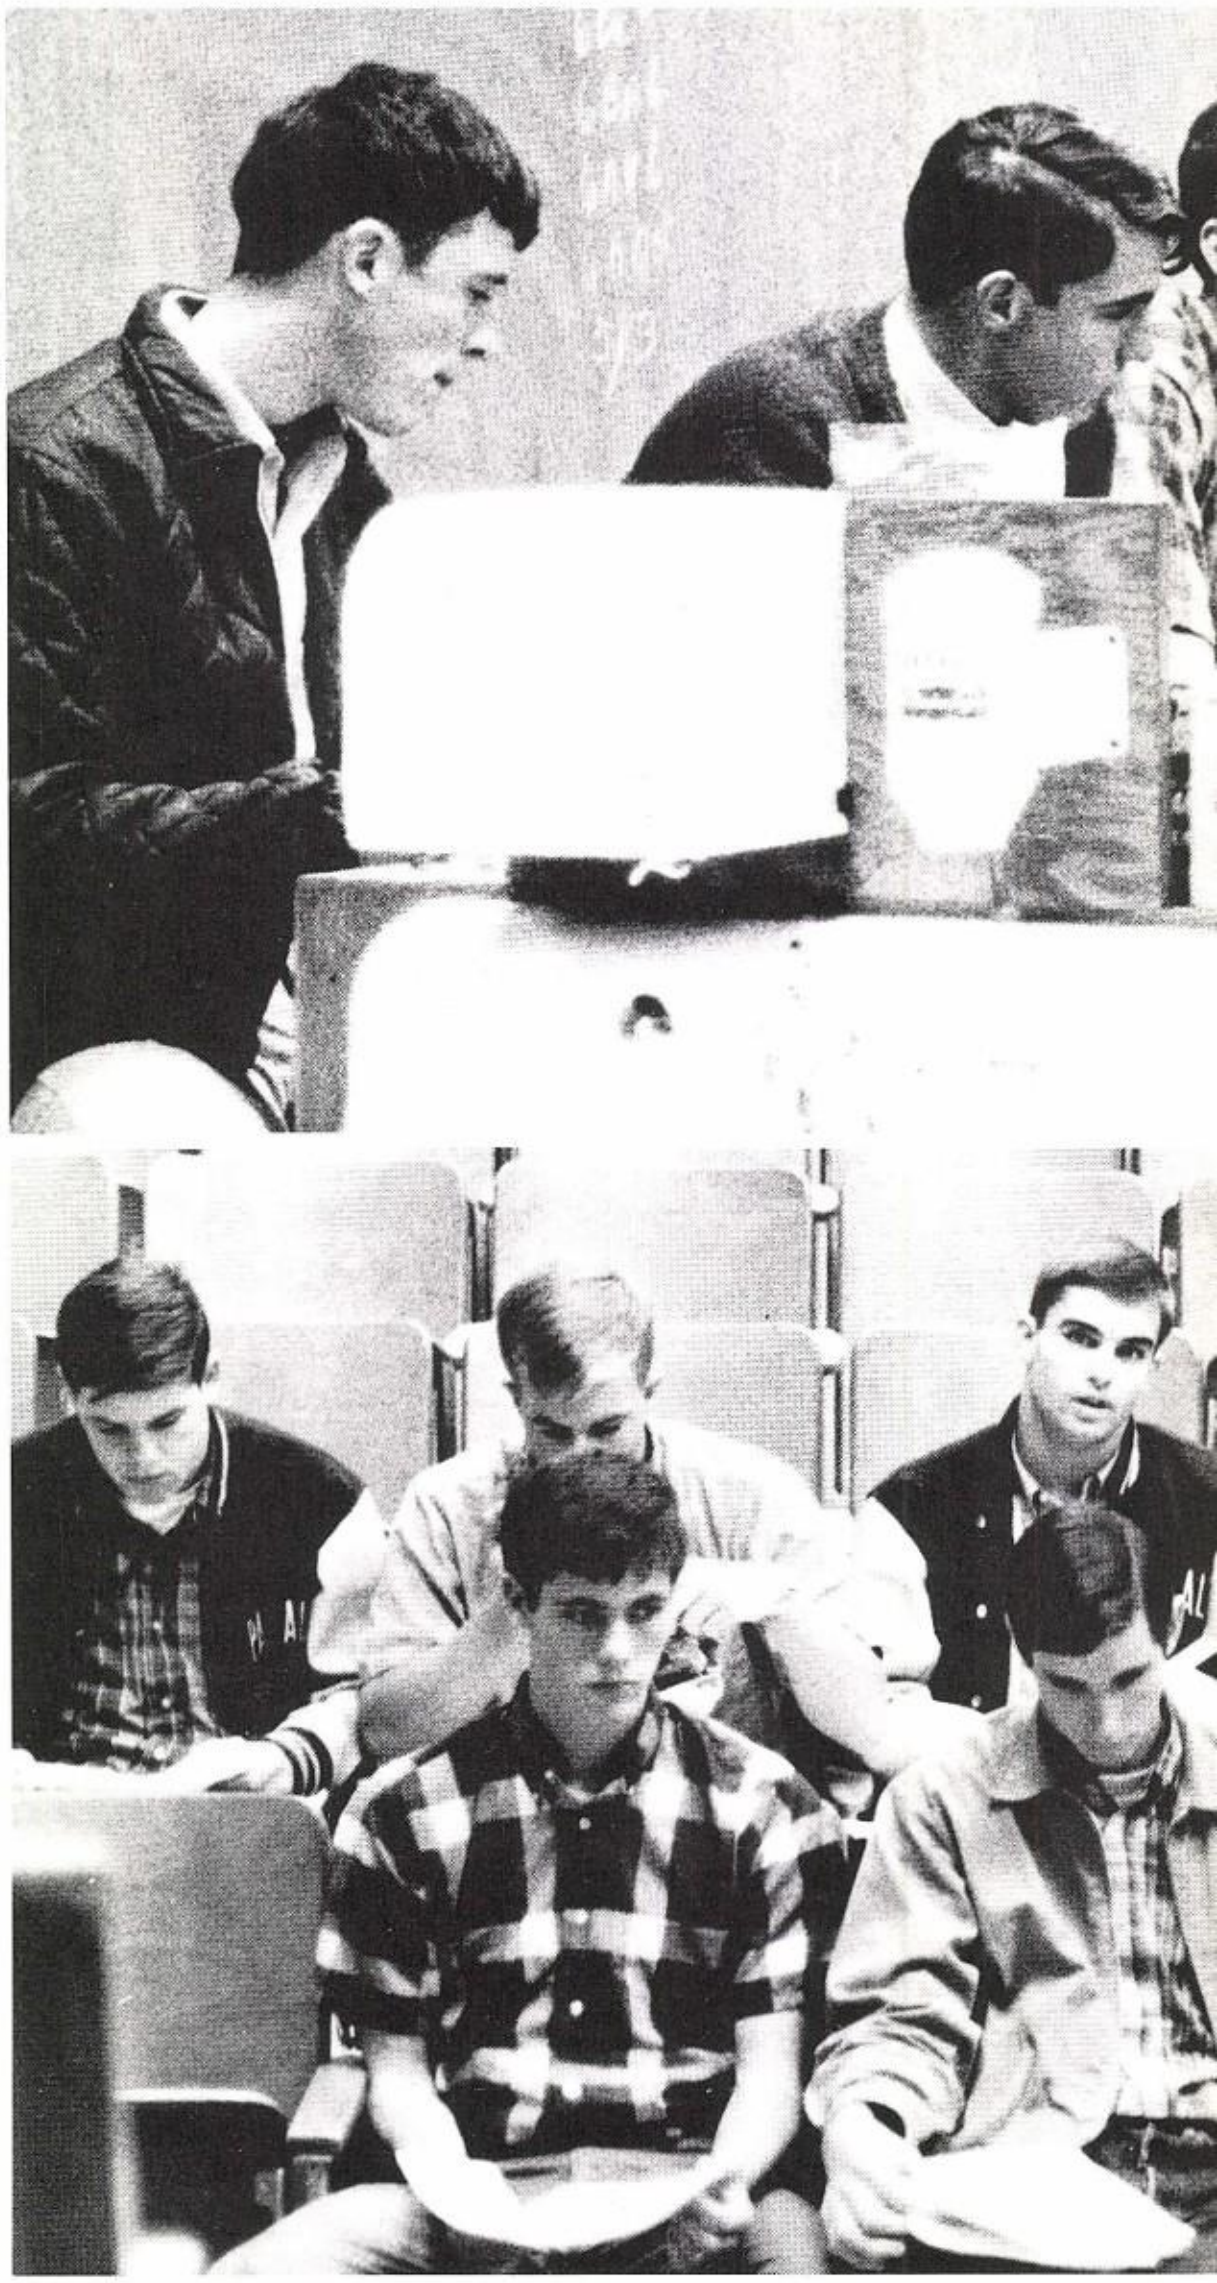
"Ours is one of the few student courts in the area and is the most active and highly organized; it is no coincidence that such privileges as open campus and wide powers of the court are virtually unique at Paly.

"Criminal cases (violations of Student Body Law) make up the majority of Court business. Such cases, usually the result of a citation issued by a Board of Welfare Officer, include such offenses as reckless driving and smoking on campus. The accused may receive a trial if he can produce enough evidence to warrant one, otherwise he is sentenced. Sentences range from a severe warning or an hour of work to a recommended five day suspension.

"The Court was very progressive this year. The attorneys were announced in mid-November and a Bar Association was formed and became quite active in Student Government. Suggested possible solutions to traffic and smoking problems resulted in the passing of many new bills. If the Court deserves to be called successful, two reasons are Mr. Henry Martin, the Court Advisor, and Mr. Emery Christensen, who backed up the recommendations of the Court."

Bob Famulener
Chief Justice

The Court is made up of five justices: the Chief Justice and four Associate Justices. Each Associate Justice is responsible for a certain area of work, such as sending out summons or making out dockets. The Chief Justice presides over all Court sessions. All Justices have an equal vote in making decisions. Serving with Chief Justice Bob Famulener were Dick Strubbe, Linda Dairiki, Richard Bennion, and Tom Huntsberger. Winston Landes served as Court Bailiff. The Court also owes much thanks to Betsy Burnes and Stephanie Dailey, the Court Secretaries.



LEGISLATIVE COUNCIL

President: Bill Reinhardt
Vice-Pres: Tom Huntsberger
Secretary: Kathy Weinberger

Senior members of the Legislative Council: Mike Dougherty, Bill Hewlett, Jan Jacobson, Jim Kremen, Ted Nichols, Pat Roberts, and Joe Welsh. Junior members are: Chris Bradley, Rob Bush, Chris Carey, Bill Respini, Dick Strubbe, and Steve Wing. Sophomore members are: Todd Carrel, Mike Costello, Dick Gregarson, Bill Jashman, Dan Kelley, Tim Noonan, Patti Stone, Janice Strubbe.

The Legislative Council was more than a law making body. Through the Leg Council, steps were made to improve communications between the factions of the school, and new ideas concerning student curriculum were introduced.

By mid-year several bills had been passed concerning student control at Paly. A law was passed to ensure smoother running food lines at noon and brunch. Bills were introduced to amend the speeding and reckless driving situation. New ideas were discussed in order to improve the CASC, the California Association of Student Council, to which Don Nanney is the Paly Representative. The Leg Council was able to have meetings with Dr. Ramstad of the district office and the architects of the new Paly and related the information to the student body.

1966-67 saw numerous bills passed on a variety of topics. New means of communication between the student body and Student Government were put into practice, and the students were given a glimpse of their future school.

Top: Ann Sullivan and Helen Keller.
Bottom: Helen and her mother.

THE MIRACLE WORKER

As the worn velvet curtain parted, Mrs. Keller's penetrating scream rang from balcony to eaves, and the Keller Homestead became shockingly alive. Awakened with the tragic reality of a deaf-blind baby, Mrs. Keller, Caleen Polisky, prepared the audience for three emotion-filled acts.

Paired with David Goodman, a sensible, prudent, and stern husband, they learned from Annie Sullivan, portrayed by Norah Ramsey, that the "soul is that part which thinks and hopes" and not that which spoils out of pity.

Helen Keller, Kathie Howard, emerged as a desperate, lonely child and captivated the audience, keeping them spellbound throughout her violent temper tantrums with family and teacher. The conflict between Helen and Ann continued and, aided by Jennifer Gray and Chris Mohr, the mounting tension was often relieved with a hearty laugh.

The warm Annie Sullivan and the confused Helen finally created a strong bond of friendship and understanding as the play reached its final scene.

Along with the helpful guidance of faculty advisor, Mr. Joseph Fenwick, and technical advisor, Mr. Robert Mayne, the cast and crew made this year's difficult production a most remarkable success.

Last year's experiment of "Theatre-in-the-Round" shifted as this year the Paly Drama department experimented by having a student director, 1966 Paly graduate Lory Lynn. This promising experiment was achieved with the help of assistant student director, Rodger Willson. The southern background was created by elaborate scenery.

The magic word "water" became a significant silent message in itself as Paly's Fall Play of 1967 left moist eyes and the worn velvet curtains came to their final close.

SOPHOMORE CLASS OF '69

President: Mark Cohen
Vice-Pres: Kathy Stock
Secretary: Lisa Korch

Council Members:

Tim Chetin	Patsy Ishyiyama
Dean Cutler	Pam Thompson
Jan Erickson	Robin Scott
Ken Innes	Bruce Wing

The Sophomore Class Council found Paly government a new and challenging experience. The class soon became an active part in student life. With little money to operate efficiently, the Sophomore Class Council started the year with fund raising drives to sponsor activities in their Junior and Senior years. Class President Mark Cohen arranged for cupcake sales and a car wash. Some of this money went towards an enormous green and white balloon which ascended over the Little-Big Game as rhe sophomore contribution to Spirit Week. Eager to add their enthusiasm to their new alma mater, the Sophs planned an entry in the noon drags and strived for greater coverage of the projected victory in Sophomore football. Inspired with brainstorms such as noon Turtle Races and Balloon Ascension Contest, the Class of '69 was off to a good start, paving their way for a greater success in their Junior year.

SOPHOMORE SPORTS

Easing to a first place SPAL finish with a fine 6-1-1 league record, the Sophomore football team displayed great team unity. Paced by hard-hitting backs and a strong front four, the grid squad led the SPAL in both offense and defense. Supported by managers, captains, and fans, the force was led by Gary Gulbrandsen and John Hostetter. While Steve Harper's skill led the attack, Chuck Butler and Bill Jashman added the power defensively topped with Bill's loyal total of 69 season tackles. The season's climax and the SPAL championship game with Sequoia culminated the season with Paly's superior gridders chalking up a 31-0 win. Coach Schroyer's optimism for Varsity success in '68 and '69 is boosted by the better Sophomores from this year's victorious team.

An SPAL first went also to the Sophomore water polo team with little difficulty. Coach Battaille's mini-mermen captured league honors in the tight scoring battle as well as setting individual highs in attempts. Mark Kral led the squad with 57 goals, followed by 43 from Ace Allen. Tom Wucher, at center back, and goalie Ed Louchard came through to assist the team in the narrow win over M-A (7-5) and the last minute squeeze over Woodside (8-6). With guard Dick Gregerson, Dan Kelley, and Tim Noonan, the Sophomore water polo team, coupled with outstanding Juniors, shows promise for a championship season in '68.

The harriers continued this year's successful Sophomore sports rating. A tie for third place in SPAL standings was due largely to the running ability of Greg Coleman and Steve Allen. Leaders of the Sophomore pack, they rated high in league meets. Hoping to place nearer to the top next year, the Sophs are working now to trim critical second off their times.

WATER POLO

With a 24-6 romp over South San Francisco in a pre-season match, the Varsity water poloists launched a winning streak that stretched throughout the 1966 season.

Knocking off perennially winless Sequoia 15-7, the Vikes demonstrated their continuing power. A tough defense held the Cherokees to one goal for three periods, while forwards Joe Welsh and Bob Ramsey fired in five and nine goals respectively.

Our mermen humbled traditional rival Cubberley with an impressive 26-3 win. Once again Welsh and Ramsey starred. The luckless opposition was inundated by a 13 goal blast from the Vikes' outstanding forwards.

Determined to have the league crown, the Norsemen swam past MA—toughest opponents in the league—for a lopsided 10-2 victory.

After defeating MA, the Vike swimmers drifted to an undisputed SPAL championship. The combination of forwards Welsh and Ramsey and the defensive work of Rich Bennion and goalie Greg Waples proved an unbeatable match.

Paly's polomen capped a perfect season by producing the number one and two scorers in SPAL competition. Welsh and Ramsey clinched their titles with 51 and 48 goals respectively, while Mike Allen (recovering from a cold) hit the 32 mark.

CROSS COUNTRY

Paly's Varsity Cross-country team can look back on the 1966 season with pride because they captured the CCS (Central Coast Section) championship. The CCS was held at Crystal Springs two mile course with Paly among the top five teams. The best cross-country teams from San Francisco to Kings City gathered to compete in the CCS but the skill was shown when Paly's team scored 78 points and a time of 54:42 and Cupertino placed second with 94 points and a time of 54:57.

Paly's Jon Enscoe captured a 6th place finish with a time of 10:30. Dave Parker finished 12th with a time of 10:45, Tom Huntsburger ran a 10:55 placing 17th and Bill Respini finished 32nd with a time of 11:09. In SPAL competition Paly finished a strong second to Carlmont's 49 points and the time of 55:36. All-SPAL honors went to Jon Enscoe with a second place, Dave Parker in 7th place, and Tom Huntsberger with an 8th place.

The Junior Varsity team placed second and the Sophs paced with runners like Greg Coleman and Steve Allen, finished in a tie for third. Coach Presley said that, with graduating seniors like Enscoe, Huntsberger, Parker, and Cox, it will take many seasons to produce a team like the 1966 CCS champions, but has hope with up and coming Juniors and Sophomores that will make up the team next year.

To open pre-season action, C and D Basketball lost to their superior opponents, the Jefferson lightweights and El Camino High School.

The first game of the SPAL season was with the San Carlos Dons. The C's unable to catch their opponents in the second half were dealt a 49-15 defeat. The D's were outpointed 45-14 in a similar match.

Although Ravenswood ran away with a couple of more contests, the C's put forth the best teamwork of the season with guard Sam McMurray scoring 10 points and Mark Newman 9 points with 7 for 7 free throws to lead the point making.

When the C's met Carlmont for the first time of the season they notched a 39-32 win with Newman scoring 25 of the team's 39 points. The D's lost to Carlmont's five 39-32 while Steve Sturla banked in 11 points and Jeff Wyden 9 points.

The C's rolled over their opponents, the Woodside Wildcats, with Newman scoring 17 points and the D's winning their only game of the season 24-20 with Pat Nakamura scoring the last 4 vital points to give the D's their only win.

On October 20 both teams lost to M-A with the C's losing 50-21 and the D's 52-16. On October 27 at Sequoia the C's lost again 42-19 and the D's 47-13.

But coming out of their slump the C's won their final game of the season 28-23 at Cubberley as Newman hit the 100 mark which put the C's in fourth place. The D's having only won 1 out of 7 games found a place on the bottom of the SPAL list.

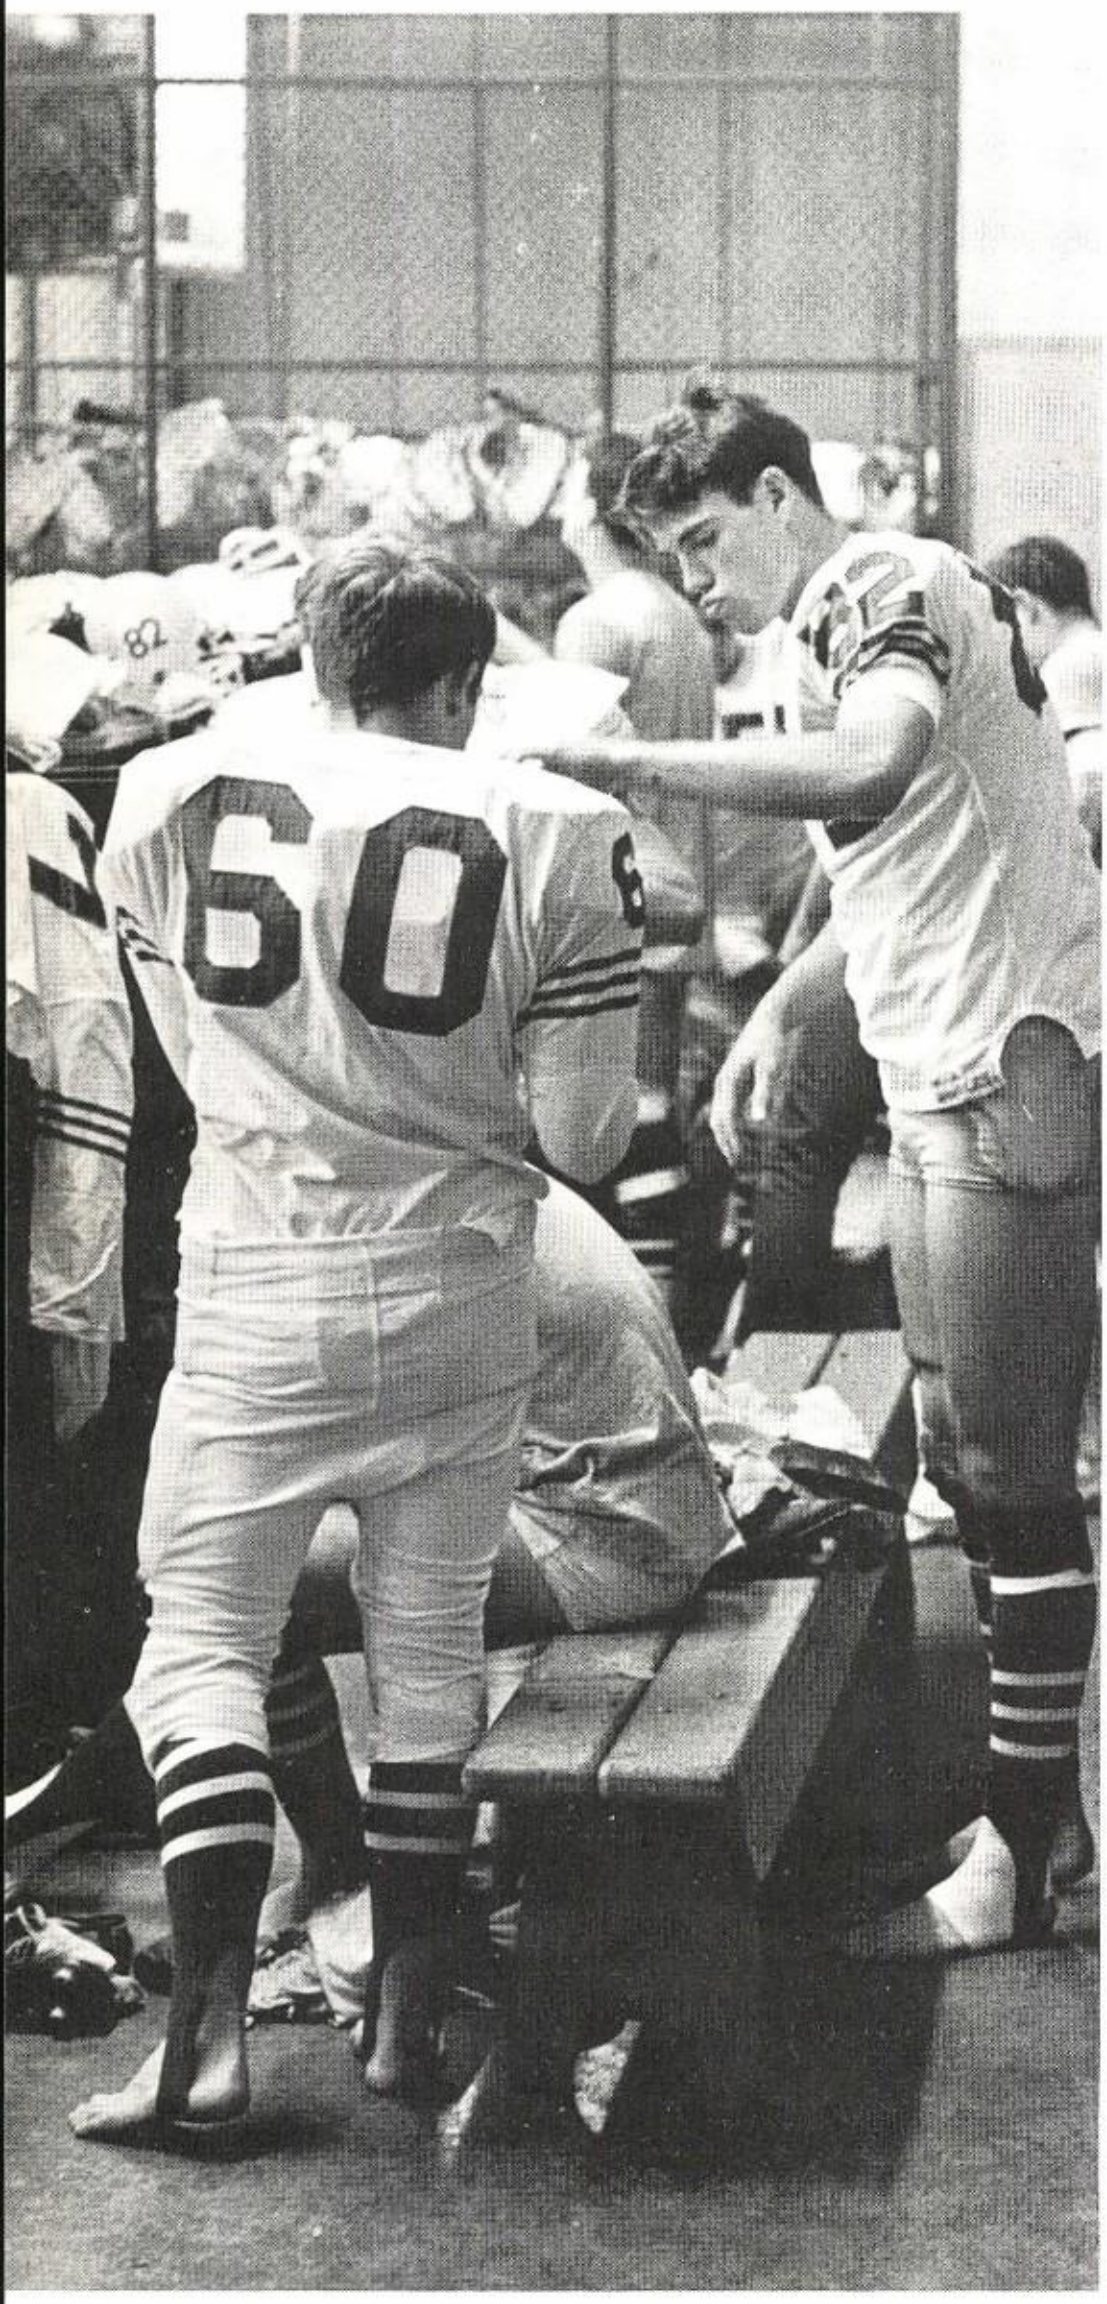
VARSITY FOOTBALL



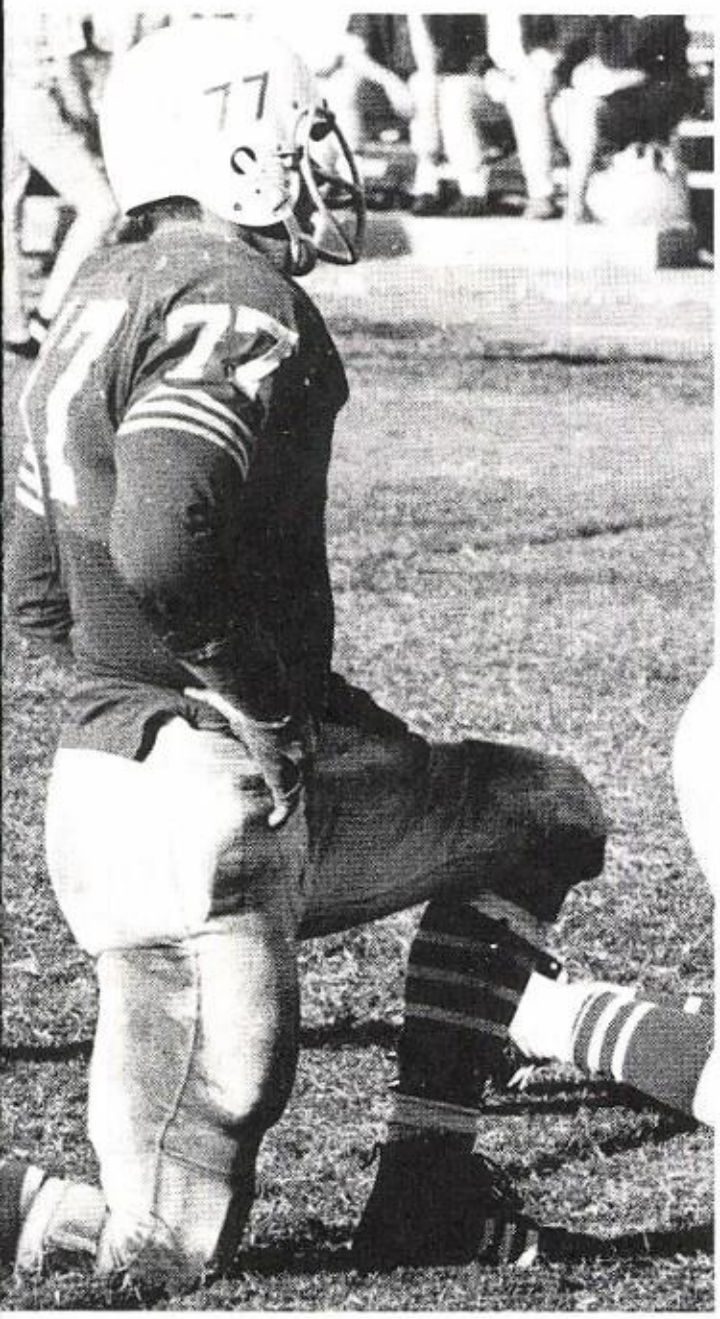
Palo Alto's 1966 Varsity Football team finished SPAL competition in the runner-up position. With a 5-2-1 league record the Vikes took a back seat to the powerful Wildcats of Woodside, the undefeated champions.

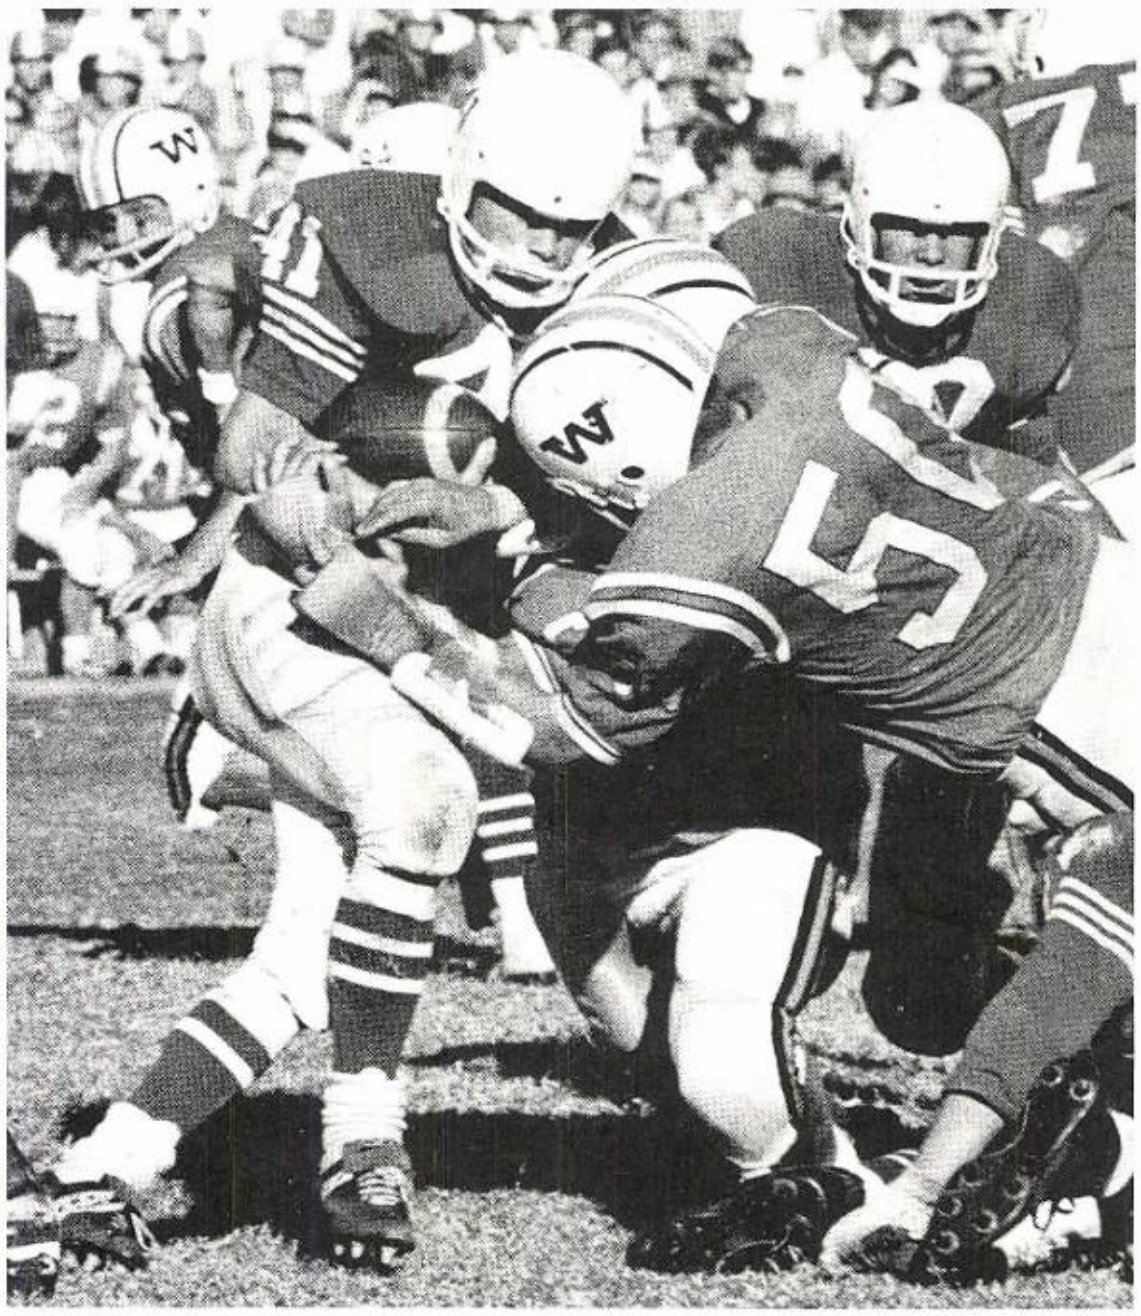
In two pre-season practice games the Norsemen put on an impressive display of power and balance. The Green and White rolled over Mills High in a 12-7 victory, highlighted by Bill Honey's running and the kicking of Winston Landes. In Paly's only game under the lights the Viking squad played host to visiting Reno. The evening belonged to Len Bushnell with his fine show of pass catching and running. Sparked by four touchdown passes to Bushnell, the Norse eleven sent the outclassed gamblers home with a smarting 32-7 loss.

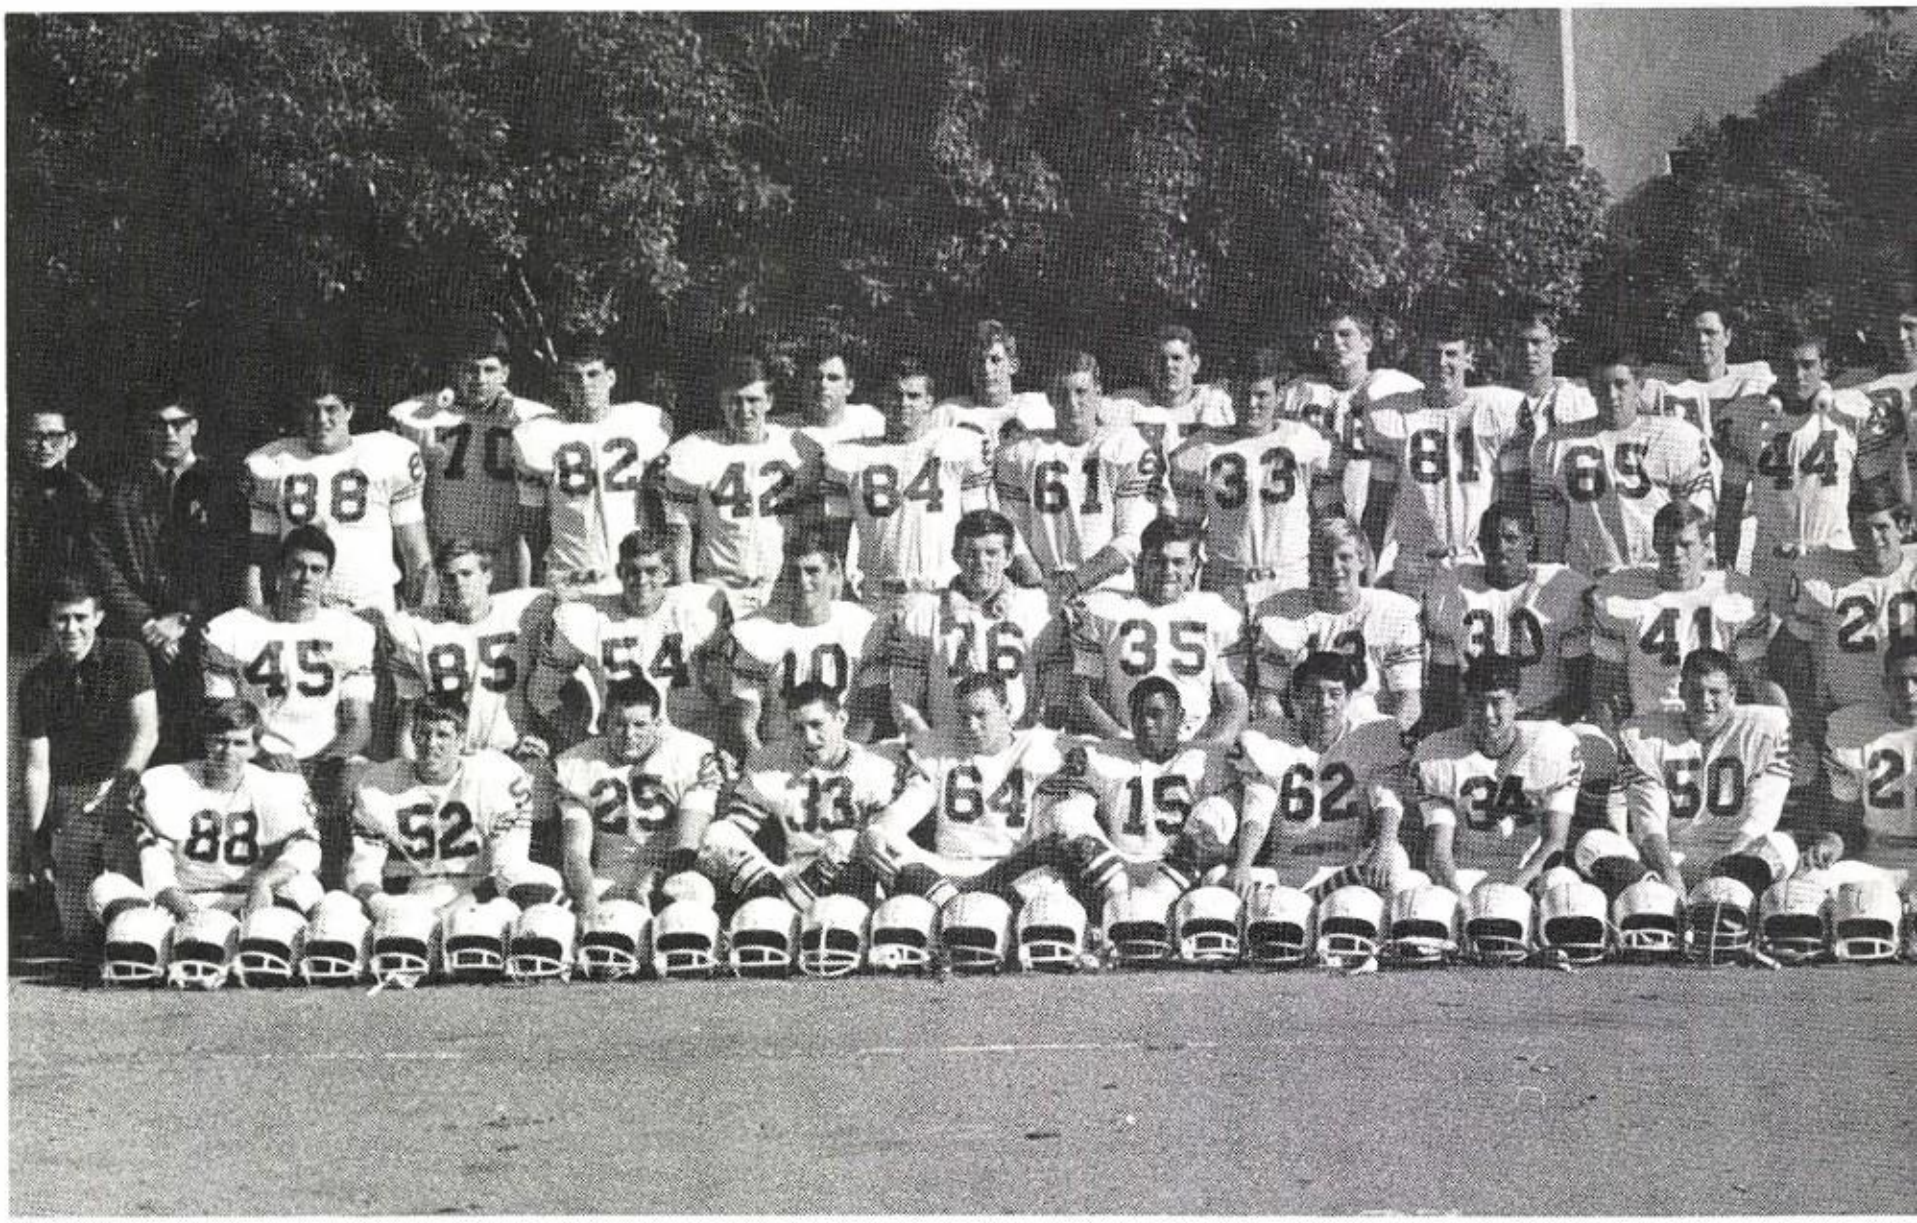
Up for the SPAL season opener, the Vikes made a propitious start with a 19-0 shutout of MA. The team remained unscored upon as it sent San·Carlos down to a 13-0 defeat.

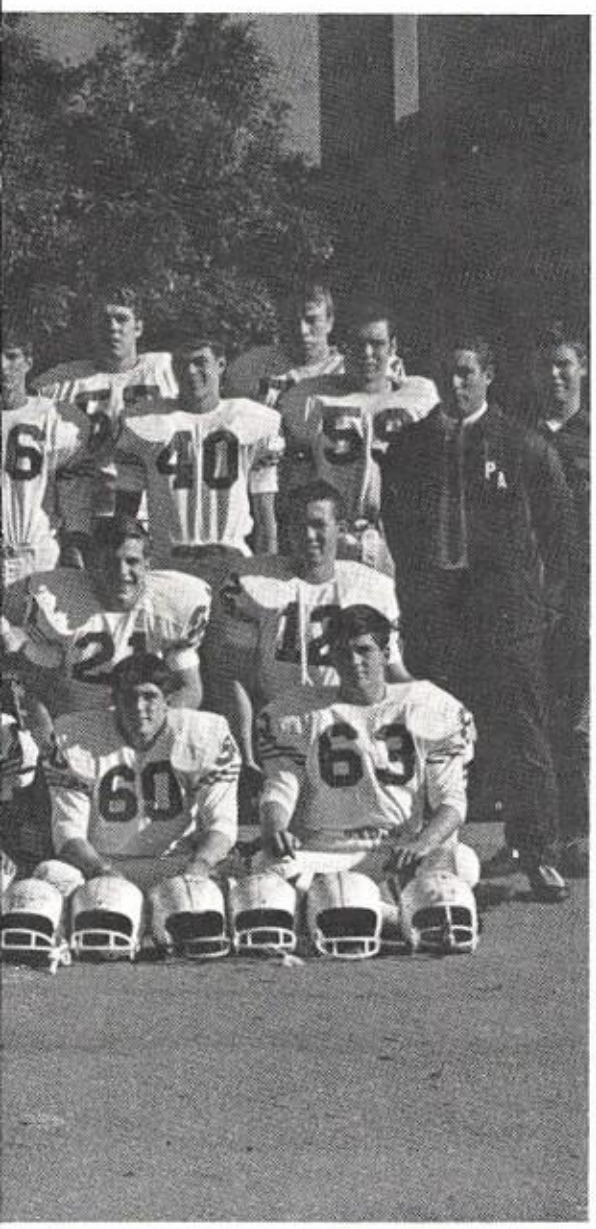
The third game in regular competition shaped up as the decisive contest of the year. With the toughest teams in the league—Paly and Woodside—pitted against each other, the match became a winner-take-all situation. The team on top could easily coast on to SPAL laurels. The determined gridders dug in, but were unable to contain the offensive onslaught mounted by the Wildcats. Coming out of the contest with 23-6 win, the Cats sunk Viking hopes for the championship.

Despite this mid-season blow, Paly's Varsity bounced back to take the Cubberley Cougars 27-14. The game turned into a defensive show. The work of Ted Nichols, Ed Besse, Len Bushnell, and Rick Williams effectively controlled the cross-town rivals.









Approaching the season finale, the Vikes managed to pull out a 29-20 victory over Ravenswood and a 19-0 win over inept Carlemont. The Norsemen then fell victim to a 13-12 upset at the hands of Gunn.

In the annual Little-Big Game with Sequoia, Paly had to be satisfied with a 13-13 tie. In a nerve wracking play late in the fourth quarter Cherokee QB Barr Curry nearly won the game with a long bomb to end Trujillo. Fortunately for Paly the touchdown was called back; Trujillo was actually out of the end zone when he caught the ball. In this, the last game of the season, Rick Williams, along with Mike Harrison and Ted Nichols put on an outstanding closeout performance.

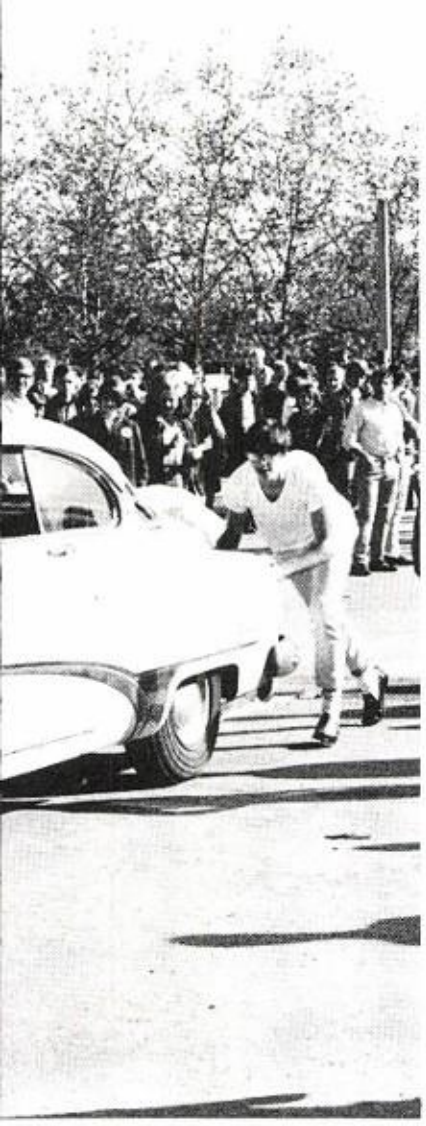
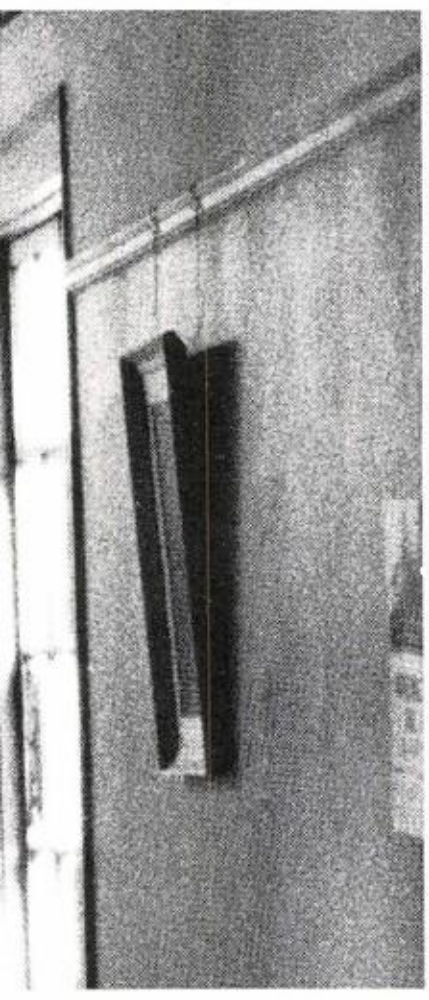
SPIRIT WEEK





After the great Viking ship led Palyites to Cubberley in the biggest car caravan ever, and our Vikes smashed the Cougars, all thoughts turned toward Sequoia.

On Monday morning, November 21, Paly students found themselves amidst an array of victory signs, buttons, green and white balloons, posters, flowers, colored windows, and decorated doors. A canopy of crepe paper covered not only the traditional south end of the main hall, but stretched from Hollywood and Vine to Room 40. Trev McGrath, Rally Commissioner, and her industrious Rally Committee of seniors Robin Anderson, Chris Putz, Marcia Griffiths, Pam Renalds, Pat Roberts, Sue Roberts; Juniors Candi Herdman, Dinnie McLaughlin, and Sue White; and Sophomores Donna Anderson, Diedre Deitchman, and Laurie Nevin, and with the help of many other spirited Palyites had spent the preceding Saturday decorating for the most hectic spirit week ever.

Monday noon witnessed dampened voters nominating their football queens in continuing rain. The procedure for selecting Paly's Senior queen and two princesses was altered by the Commissioners this year. Each class nominated three candidates and the football team made the final selection. Seniors selected Barbara Biorn, Linda Dairiki, and Robin Anderson. The Junior class chose Candi Herdman, Alicia Jones, and Nancy Bonar. Sophomores elected Katherine Stock, Patti Stone, and Jean Morrison.

In the parking lot on Tuesday noon, Paly held its first administration-approved drag races. As Boys gallantly pushed, girls attempted to steer the car through an obstacle course, unsuccessfully avoiding curbs and endangering trees and spectators.

On Wednesday morning before the clash, the Senior Class Council held a breakfast at Uncle John's Pancake House as the activities increased.

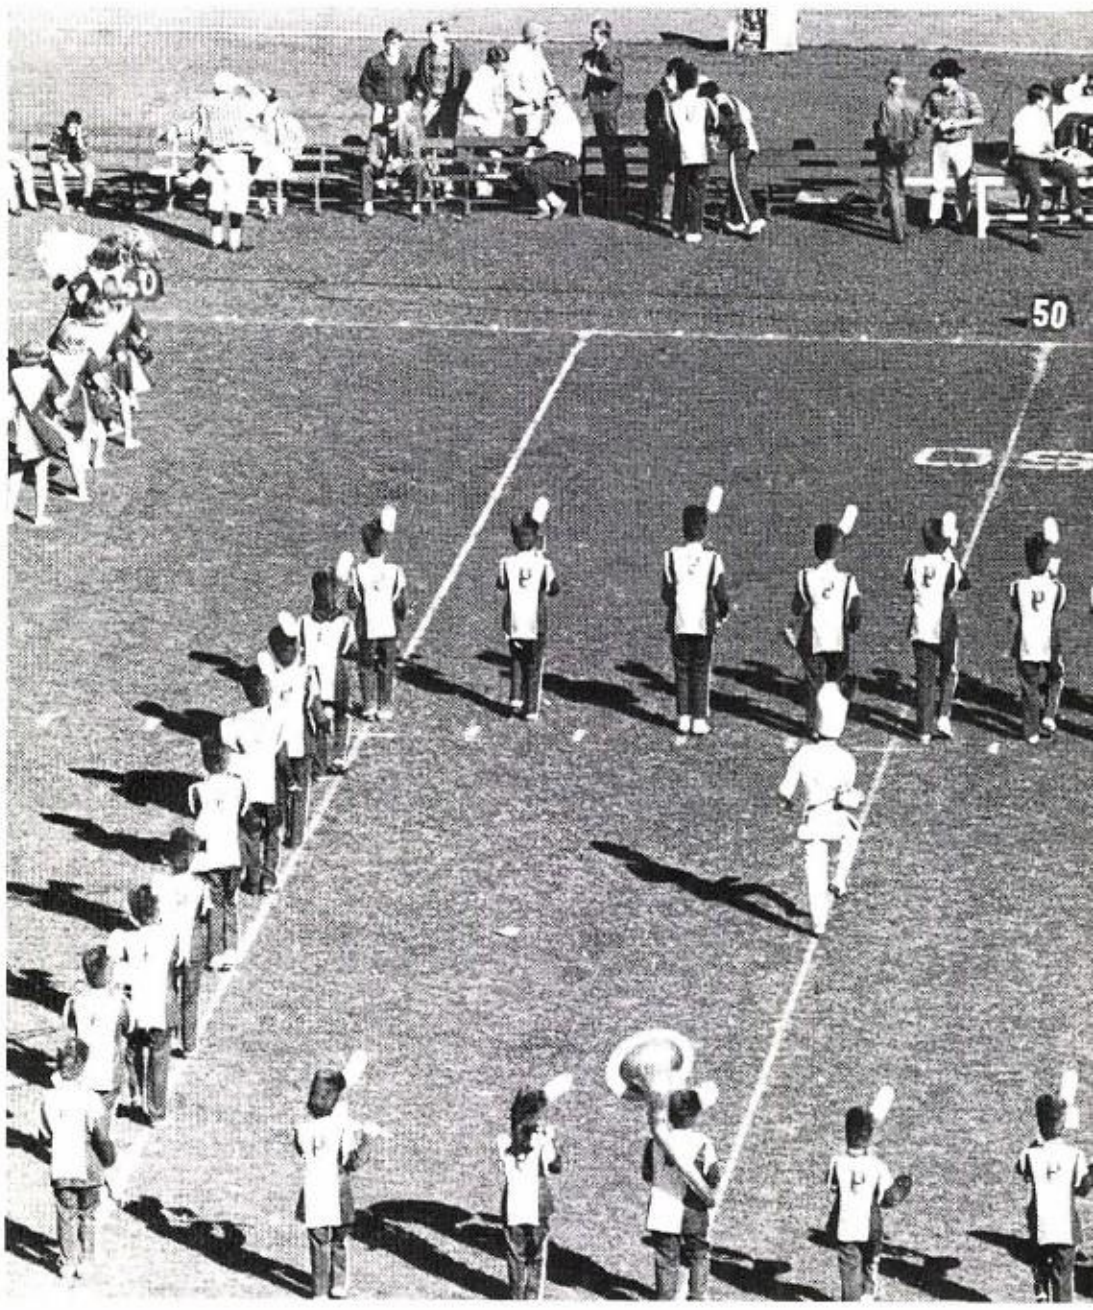
Ron Wyden,
Senior Queen?

With the green of buttons hailing "Scalp Sequoia", the white of traditional chrysanthemum corsages, the final preparations for the card stunts, and the mounting spirit, the Little-Big game rally was held.

After the cheerleaders had flipped through "Give Me Four Big Fights" and the pom-pon girls performed "Green and White", the candidates for queen entered with their escorts. Tuesday night the football team had chosen their queens by secret ballot. Head cheerleader Jewett Howard announced queen ... Ron Wyden??? Convinced that there had been a mistake Ron reluctantly left, and Jewett crowned Katherine Stock sophomore princess, Alicia Jones junior princess and lovely Robin Anderson 67's football queen.

Sequoia's cheerleaders led Palyites in an exchange yell, and Sue Bailey, former head cheerleader, along with the Stanford pom-pon girls raised the spirit of the football team.

Following a speech by Coach Donahue, the competition yell (which Seniors won by a landslide) and the hymn, Palyites anxiously anticipated the Thanksgiving morning clash with the Cherokees.



Sophomore Princess, Katherine Stock and her escort, Cory Lerios (left) and Junior Princess, Alicia Jones, and her escort, Scott Yeaman (right) attend Senior Football Queen, Robin Anderson, and her escort Rick Williams.

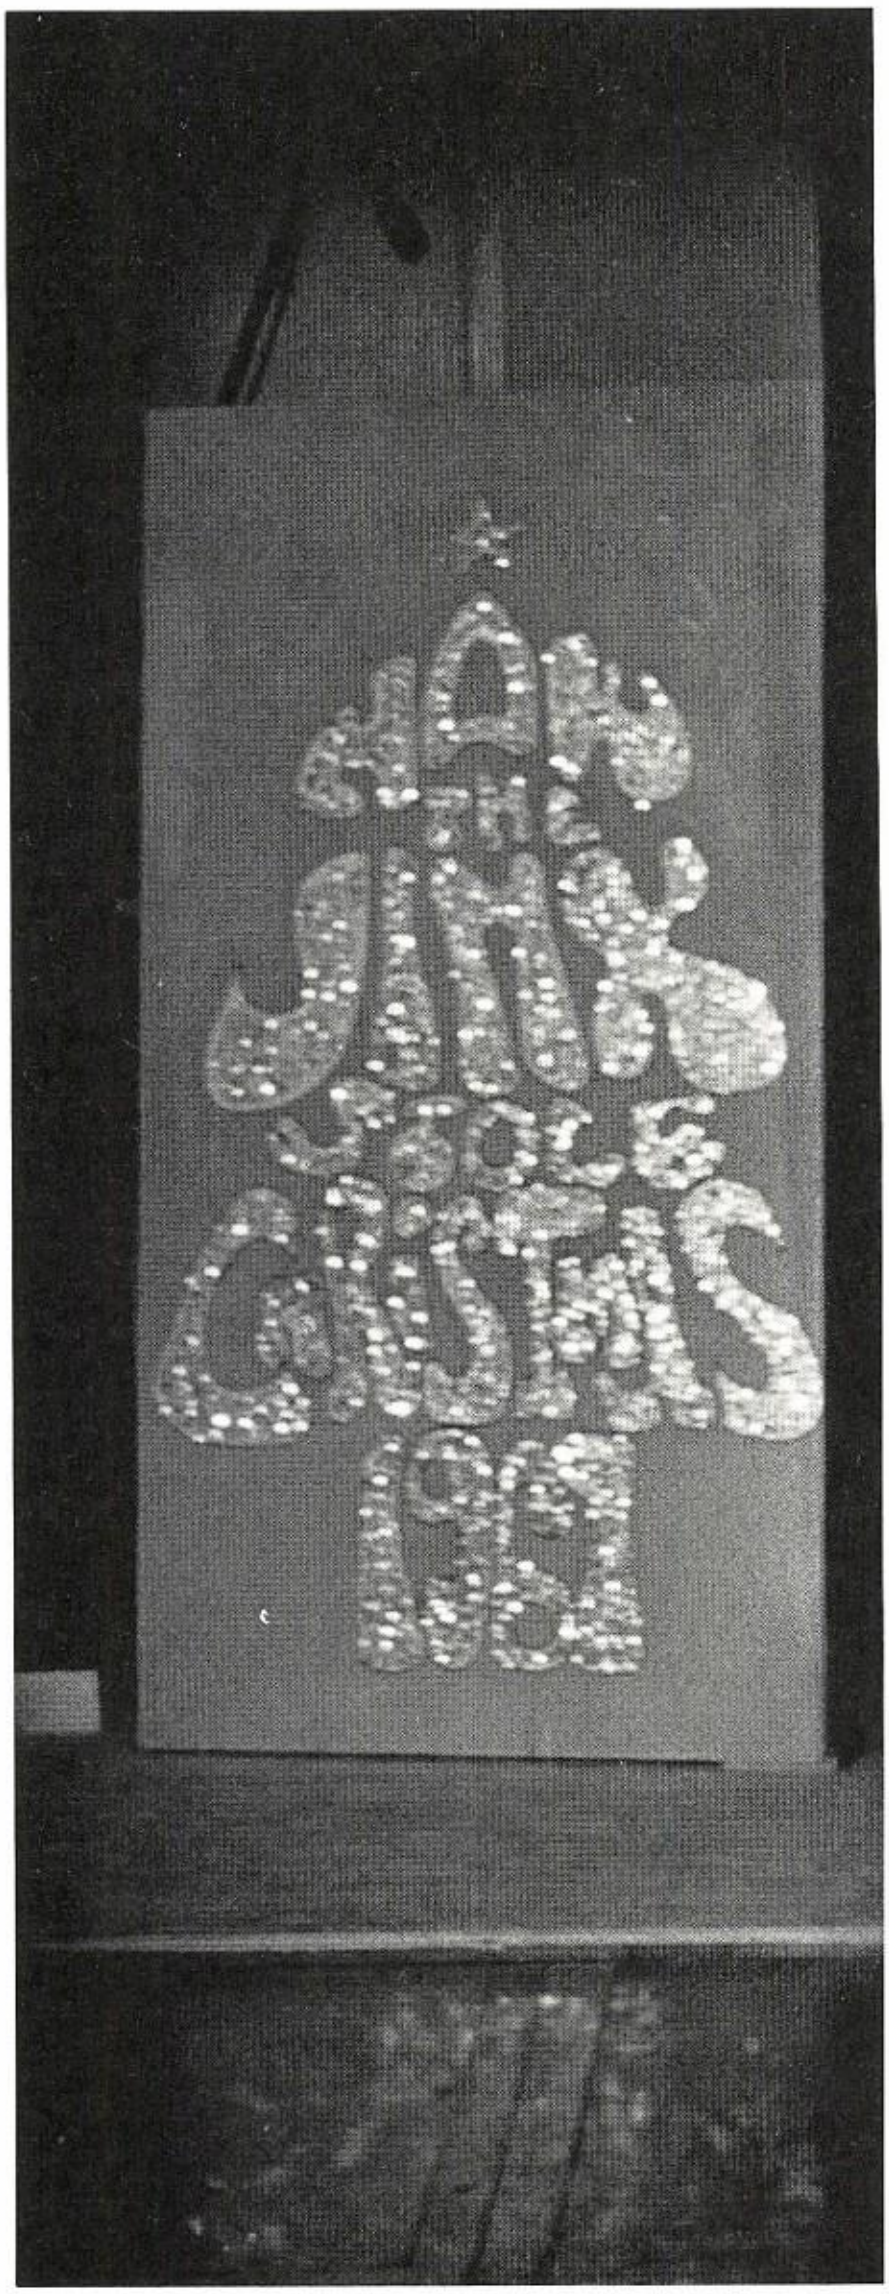
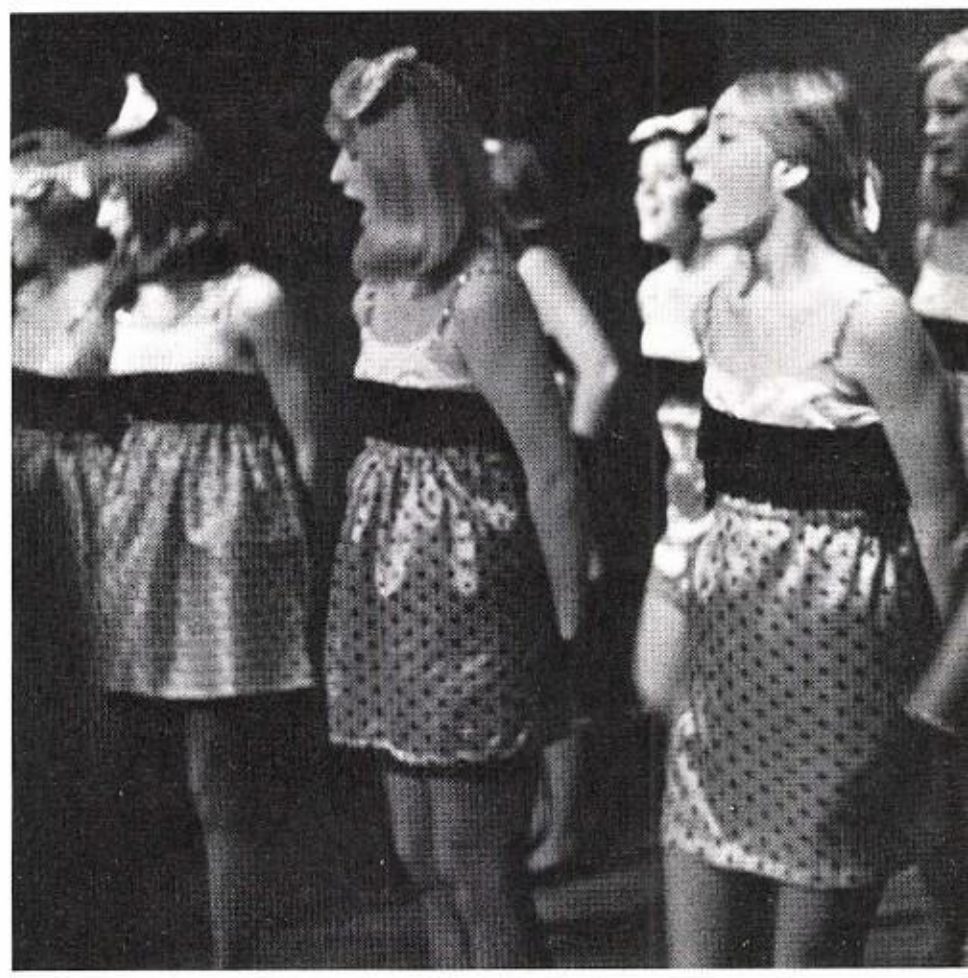
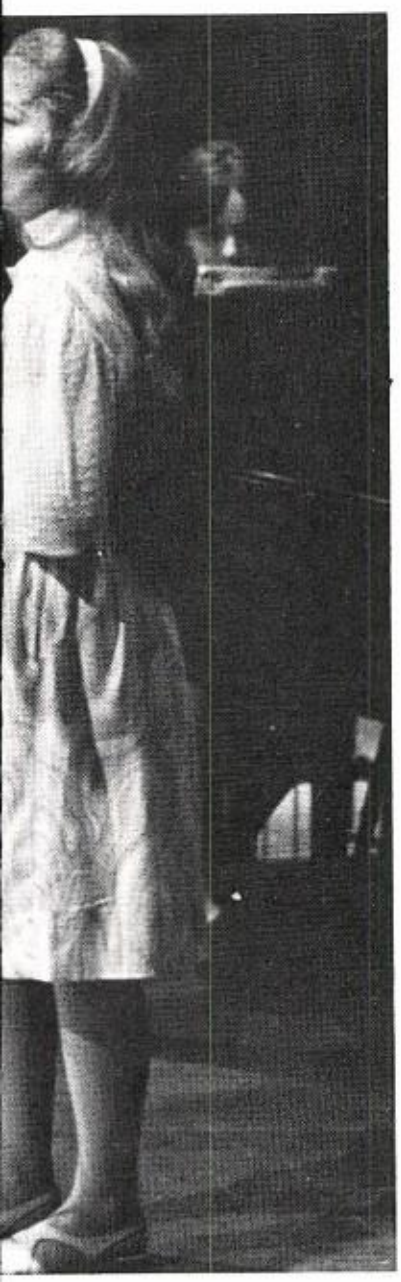
Below: Zelda introduces the opening act, Hey Look Me Over (bottom).
Right: Terry Tanner sings the Sound of Music.





Top: Candi Herdman in the Batman Affair. Bottom: Mary Lampe and Norma Meadows singing Love Me Not Tomorrow.



How the Jinx Stole Christmas was the name
of the story
That introduced Girls' Jinx of '67 in
all of its glory.
Kathy Thompson as Zelda read from page to page
Learning why the Jinx beast, Cathie McNeill,
was in such a rage.

The green beast cowered and cringed when joyous
merriment rang
And turned his back to the high kicks
of the Hey Look Me Over gang.
Zelda read on with all her childish charm
As she introduced Lee Israel with her fantastic
baton arm!

Barbara Marmor was next on the program,
But her beautiful singing made Jinx want to scram.
The Making Whoopee trio danced with style,
But Jinxy slept in his cave all the while.

Silly Zelda's antics left laughter ringing,
But the crowd silenced with awe during Dancing Bear
singing.
The Piano Duet filled the room with
superlative sound
That made Jinx's head spin around and around.

Next on the scene was the janitor Marcia Keeney
Whose belly was no where near teenie-weenie!
Along with Zelda he became involved with the plot
Of how the Jinx schemed against smiles;
unhappiness he sought.

The hilarious John and Marsha was an unforgettable
smash,
But the green beast didn't even bat an eyelash,
The Barber Shop Quartet sang melodious strains
While the monster just felt headaches and pains.

Batman Affair left smiles on every face
As the jovial janitor read on in an even, steady
pace.
Jane Feinstein was excellent in her
singing and guitar strumming;
Jinx paid no attention, "Eve of Destruction" he
was humming.

The exotic Malaysian Dance done in candlelight
Left the audience in wondrous delight.
Time was getting late as the janitor turned
the page
So, broom in hand, he bid good-bye to
Zelda and strolled offstage.

Act number three found Zelda still reading
on stage
As her sophisticated sister, Catherine,
came on in a rage.
While searching for Zelda, who was very late,
Catherine, played by Millie Brother, missed an
important weekend date!

She soon settled down as her eyes wandered
through the book
That told all about the mean Jinxy schnook.
Girls on stage danced to the Midnight Hour
As the green beast's disposition became a bit
more sour.

Cherry Blossoms brought piano playing and oriental song
As elegant Catherine entranced the audience with her blue gown, sleek and long.
St. George and the Dragon was presented with full force
But Jinx just growled and grumbled to himself, of course.

Love Me Not Tomorrow brought harmonious voices;
To Jinxy it was just a jumble of noises.
Next came the graceful Unsquare Dancers,
But the beast much preferred elephant prancers.

Sophisticated Catherine and silly Zelda were enjoying themselves thoroughly.
When in stormed their furious mother, Corrine Wolcott, most hurriedly.
They pleaded and begged their stubborn mother to finish the tale;
At last she gave in and read with an exasperated wail.

Sweet singing came from The Borning Day Clan
But Jinx smiled to himself for he had come upon an ingenious plan.
The Oliver crew entertained with zest and zeal,
But on Jinxy's mind was the big Christmas steal.

Sound of Music was greeted with loud applause
As Jinx snickered at the kidnap of Santa Claus.
The Girls' Chorus sang songs to set the Christmas mood,
But Jinx contemplated the robbery of all the presents and food.

The Finale came as "White Christmas" was sung by the cast,
The beautiful girls, costumes and scenery left Jinx aghast!
He could never steal Christmas, this was quite clear;
Now he planned for holidays 365 days of the year.

The Girls' Jinx of '67 taught Jinx quite a lesson
About all the fun he had been missin'
So next year in Girls' Jinx of 1968
Be sure to scout for a high kicking green leg, though it may be a little late.

Before closing, many congratulations are to be paid
To the cast, crews, and advisors for the brilliant production they made.
A special note to Mr. Mayne, the production advisor,
Whose theatrical knowledge made the cast a bit wiser.

A hearty compliment to Commish of Girls' Activities, Carolyn Moore,
Who found that being in charge of the production was definitely not a bore!
She led the Girls' League when spirits were low
And the happy result was a super-successful show.

The curtains were drawn and the stage was black;
The doors were locked and each costume on its rack.
The faint melody of "White Christmas" was disappearing fast
As the Girls' Jinx of '67 became a sentimental memory in Paly's elegant past.

JUNIOR CLASS OF '68

President: Mark Justman
Vice-Pres: Skip Justman
Secretary: Cherie Stewart
Council Members:

Chris Bradley	Randy Reininger
Rob Bush	Margaret Stone
Bonnie Got	Sue White
Dinnie McLaughlin	Steve Wing

Endowed with a fruitful year of Paly's governmental, scholastic, and social experience, the industrious Junior Class Council inaugurated the 1966-67 year with definite plans for making the future extra mighty and great. Fearlessly led by the Justmans, the Council again proved to be a strong backbone for the up-and-coming Class of '68. To the traditional fund raising drives, President Mark Justman introduced the sale of Vicking decals, a novelty never before meeting such overwhelming success. The Council's all-out campaign to sell all 500 decals typifies the high spirited group.

After selecting the ten Junior representatives for homecoming princess and two new silver seal committee members, the elated eleven set to work on more serious projects. Spirit Week found much of the Class of '68 decorating posters, or struggling over a goal post sized banner for the mighty Vikes to run through as part of the Sequoia Little-Big Game festivities. Arranging for an after-game dance in March following the Paly-Sequoia basketball contest was a dynamic money making effort. February 18 was the high point of the year for '68's Class. Organized by the Junior Council and aided by their helpful advisor Mr. Davis, the Valentine's Dance kept Junior funds climbing. Working jointly with the Seniors, the Class Council assisted in making the Junior-Senior Ball an exceptional success. Fellow 68ers helped to end the Class' Junior year with undeniable infallibility and a truly accomplished program. The Junior Class Council, having created stronger class unity and lending an astounding amount of spirit to all facets of Paly life, retired in preparation for 1968.

PALY CLUBS

Paly's service clubs were kept busy with projects helping both school and community. The Key Club, an international organization for high school boys sponsored by the Kiwanis, raised money for a swimming pool for the Retarded Children's Center. A series of car washes and car rallies were among the money-raising events for this project (President Jim Graham; other officers: Pete Clark, Rob Bush, Bill Neikirk; Sponsors: Mr. Bataille, Mr. Kendell).

S Club girls were seen selling coffee and cookies at night school, acting as hostesses and guides for various school functions, and joining the March of Dimes drive. Sponsored by the international Soroptimists Club, the S Club worked with the Key Club on the project for the retarded. (President Betsy Burnes; other officers: Linda Dairiki, Nancy Olexo, Kit Bogardus, Joanne Grover; Sponsor Mrs. Wolfsohn).

Each boy who has earned his block letter is a member of the Boys' Block P Society. Organizing the Homecoming Dance and running the concessions booths at games are among this service club's accomplishments (President John Lerch, Sponsor Mr. Mercer). The Girls' Block P Society, open to any girl who has earned four hundred points in after-school sports, awarded a scholarship and helped with the S Club—Key Club project (President Joanne Grover, Sponsor Mrs. Steckel).

Athena, Paly's Jr. Auxiliary for the Children's Health Council, was involved in several activities, including a car wash, a fashion show, and a brunch benefiting the council (President Kathie Graham).

The California Scholarship Federation is an honor organization for students with exceptional grades. Headed by a board of twelve, CSF members finished the year with their annual beach trip (President Shirlee Loftus, Sponsor Mr. Leahy).

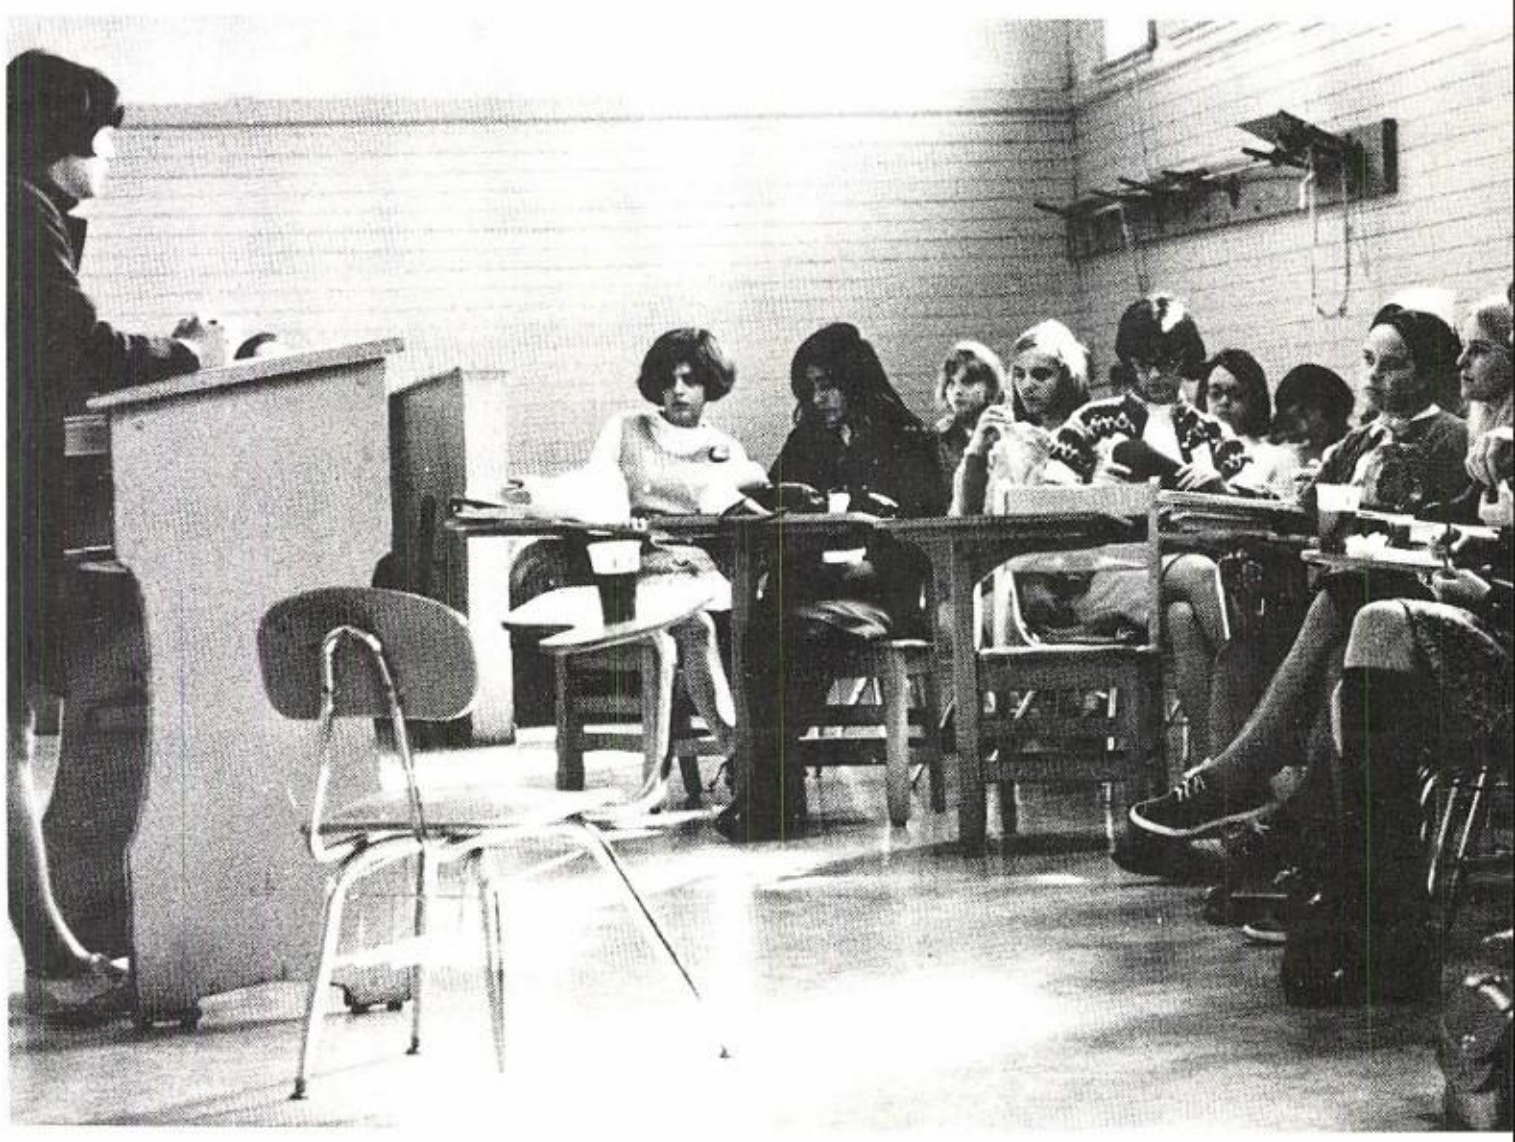
Bottom: Key Club plans projects for the retarded.

Bottom Right: Girl s Block P meets to work out assignments for carwashes.



Striving to create a greater interest in teaching as a profession, the Future Teachers' Club hosted guest speakers and provided an opportunity for students to assist elementary school teachers. (President Mike McOmber, Sponsors: Mrs. Melosh, Mrs. Mueller).

The Human Relations Club sponsored free movies in the Little Theater about international affairs. (President Nancy Buell, Sponsor Mr. Clark).

The National Thespians Society is Paly's drama club. Members, who have earned ten points for service to the drama department, helped in the production of school plays. (President Fran Temple, Sponsor Mr. Fenwick).

The UN Club sought to develop interest in the United Nations. Members attended the Model UN in Berkeley. (President Karen Burke, Sponsor Mrs. Griffin).

Promoting foreign exchange programs and better understanding between the youth of various nations, the Red Cross, School-to-School, and International Friendship Clubs joined to form the International Club. (President Mike McOmber, Sponsor Mr. Ruppel).

The Ski Club organized two ski trips to Squaw Valley. Money was raised by selling candy. (President Joe Welsh, Sponsor Mr. Alexander).

Junior Statesmen of America, a new club at Paly, represented our school at JSA conventions all over the state. (President Leanne Ulvang, Sponsor Mr. Lesinski).

Students found noontime relaxation and enjoyment in the Chess Club, the only daily club at Paly. (President Ted Trollman, Sponsor Mr. McCann).

The Camera Club practiced the fundamentals of photography by entering photo competitions and school events and by taking photographic tours. (President Ben Cintz, Sponsor Mr. Englecke).

Paly's Forensics Club belonged to the National Forensics League for the first time this year. Students participated in speech tournaments and debates. (President Don Nanney, Sponsor Mr. Fenwick).

The Language Clubs attracted students interested in Chinese, German, Spanish, or Roman cultures. Latin Club members enjoyed a riotous Roman dinner party (President Cheryl Arnold, Sponsor Miss Schmidt), while the German Club featured Christmas caroling and a ski trip (President Kim Roberts, Sponsor Frau Cate). Students in the Chinese and Spanish Clubs participated in language field days, and the Chinese Club adopted an orphan (Chinese Club President Leslie Haag, Sponsor Miss Sung; Spanish Club President Rudolfo Cervino, Sponsor Mrs. White).

Mu Alpha Theta, Paly's Math Club, met regularly to discuss puzzling problems and ideas in the field (Presidents: Nancy Ogle, Paul Heft; Sponsor Mr. Hepworth).

Raising money from art sales to buy art films was the chief purpose of the Art Club (President Mine Sabuncuoglu, Sponsor Mr. Stoezel).

Aero Club projects included field trips and fly-ins and working to buy and rebuild an airplane. (President Chuck Shaeffer, Sponsor Mr. Brown).

Interested Home Economics students were given the opportunity to hear guest speakers in the Homemaking Club (President Fran Strong, Sponsors: Mrs. Neal and Mrs. Knowlton).

The New Tolkein Society was organized to discuss and promote the imaginative fantasies of writer J. R. R. Tolkein (President Paul Heft, Sponsor Mrs. Mueller).

GIRLS' SPORTS

Girls' Sports Commissioner Nancy Rogers and the Girls' Athletic Association Board met throughout the year to organize the girls' after school sports program and special evening events. Anne Challenger, Barbara Courant, Sharon de Mattos, Pat Garrett, Joanne Grover, Candy Herdman, Sue Hill, Valarie Karabats, Cathie McNeill, Laurie Nevin, Ann Phares, Elaine Sibley, Judy Siversten and Yolanda Woodcock were the members of the GAA Board.

Tennis and swimming competition against other schools highlighted the fall sports season for girls while winter basketball proved to be one of the most popular activities of the year. Mother-Daughter Night threw sports-minded ladies of two generations into an evening of fun with the teenagers slowing down their pace to match their sometimes not-to-agile mothers. Father-Daughter Night gave girls and their dads an opportunity to show each other just how coordinated they were. The more ambitious ones dove into heated games of volleyball and softball while the more conservative participants relaxed with bowling and golf.

New this year was a tri-school potluck where girls from the three Palo Alto high schools met for volleyball, a potluck dinner, and loads of fun.

In the after school program, volleyball brought out many enthusiastic girls. The volleyball 'A' team fared well against other schools with their noon and after schoool practices. In the spring, girls chose from the graceful movements of modern dance and the more rigorous and exciting badminton and softball.

Finally, in late May, came the evening all of the girls looked forward to. Nancy Rogers presided over the Girls' Sports Award Banquet where, after a fine dinner, many girls received their Block P and other awards for their contribution to the girls' sports program.

Varsity Basketball

Boasting a 14-2 record for SPAL varsity competition, the 1967 co-champion cagers chalked up yet another successful season for coach Clem Wiser. Throughout the tough season Paly's Green and White had to contend with a hard pressing squad of Sequoia Cherokees. Ultimately the Viking quint humbled the league leading Indians to grab a share of the varsity title.

Early in the first round of competition the Vikes took a disappointing 68-63 loss at the hands of MA. Never daunted, the resilient hoopsters bounced back to clobber a stubborn Cubberley. Palo Alto was slowed by an early zone defense, but cracked it in the second half to pull out a 74-68 win over the determined Cougars. Moving onto tougher foes, the Green Machine shaded Ravenswood 62-60. John Bennion's 39 points against Gunn set a school scoring record as Paly closed out the first round with wins over Woodside, Gunn, Carlmont, and ever-dangerous Sequoia.

The crucial second round of games shaped up as the real trial for the Palo Alto basketball men. First of several "must win" games was the second meeting with the MA Bears. Paly avenged its earlier loss by downing the Bears 79-62. Game laurels went to All-SPAL Ron Wyden with his 33 point effort which placed him in contention for the league scoring crown. John Bennion and Val Vitols were also major contributors to the win, pumping in 13 and 19 points respectively, along with Paly's best defensive player Rick Bennion.

Sweet revenge proved short lived, however. Ravenswood's Charles Lowery cooled off a hot Palo Alto with a last minute 20' jumper which remodelled a tie game into an upset 62-60 win for the Trojans.

Exciting as all the games were the whole season might well have been condensed into the final match of the campaign. In this contest between Palo Alto and Sequoia, the Vikes fought to share the SPAL basketball crown while the Cherokees worked to claim undisputed 1st place.

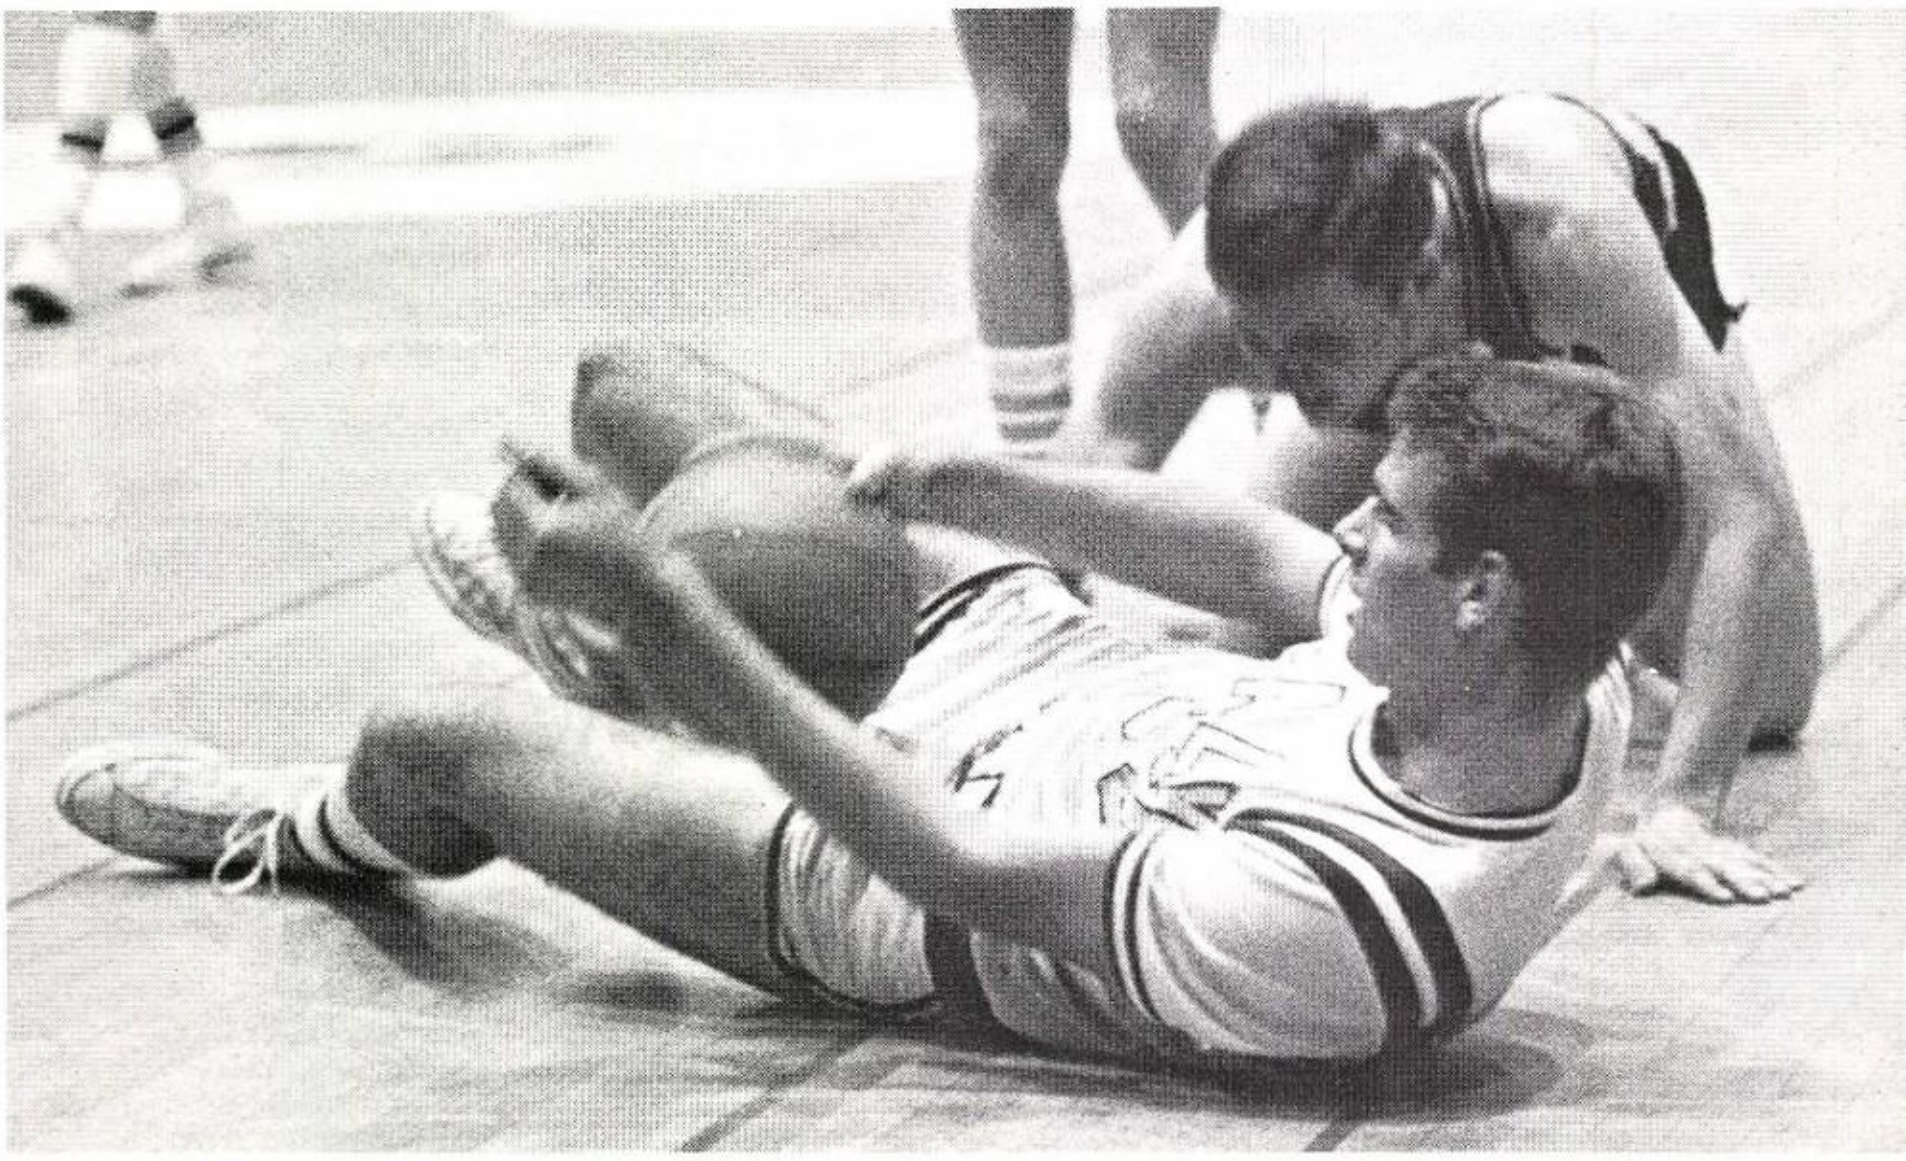
GYM SHOES ONLY



The game was a hard fought contest all the way, but by the fourth quarter Paly was 8 points down. Then appeared "little" Chris Greene. He came off the bench with the Vikes trailing 46-41 and proved to be the sparkplug that ignited the team. Closing fast, the Norsemen came within two points of the Indians only to see the ball go to Sequoia's sharpshooting Johnson. Fortunately for Paly, he blew the shot and missed the rebound. With 10 seconds remaining, the ball went to All-SPAL John Bennion outside the key. Rolling around the steal hoop, the ball dropped through the netting just as the clock turned up 0:00.

With the score deadlocked at 60 all, the game went into a 3 minute overtime. The overtime whirled by at a terrific pace, goal matched by goal. Finally Mark Daley was fouled on an inbounds play. At the 13 second mark he went to the line and put the Norsemen ahead to stay. Roaring down court Johnson went for one last effort. His fake was good, but it didn't fool John Bennion who went high to block the shot. That was the game. Palo Alto was victorious by a margin of 70-68.

As a post script to the regular season, twice defeated Sequoia played Paly for a berth to the PBT. Nearly the entire game looked like a repeat of the overtime from the week before. The tension finally broke in the last 3 minutes of the fourth period, when Sequoia pulled ahead to stay. The Cherokees edged the Vikes 61-55.

Even in defeat the Viking hoopsters proved themselves to be true champions. After the game, the saddened quintet offered congratulations all around. Ron Wyden's "Best of luck in the PBT" to Sequoia coach Fred Mitchell typified the spirit exhibited that day.

Following the Varsity's precedent, Paly's "B" Basketball team triumphed in SPAL competition as the season's best "B's". Sparked by co-captains Pete Clark and Pat Morrissey, (both ALL-SPAL) the mighty five swept all but two league games for a 14-2 record and an all time school high for most games won in league play. Juniors Chris Bradley, Stan Willson, Dave Lambert, and Jim Robinson, and sophomore Craig Viau were high game and season scorers, while dominating the defense, Lambert led the rebound totals with 195. Coach Trujillo's squad highlighted competition with a record breaking victory over Woodside (87-64) in which Paly earned three new league firsts and Pat Morrissey smashed the school standings for most points scored in a single game. The two close over-time games dared "B" skill with the Carlmont contest ending in a 45-42 victory and the M-A clash resulting in a narrow 52-54 loss. The electrifying Paly-Gunn contention was illuminated by a tight last quarter scoring battle as the Vikes conquered the Titans 55-53 in the last seconds. Following 67's victorious season, the "B's" lose Clark and Morrissey, leaving the most skilled juniors and eager sophomores hopeful of success in '68.

Contributing to Paly's football and basketball games, rallies and sports awards banquets, the instrumental music department this year had six bands who inspired school unity and spirit. Highlighting the football months from September to November was the Marching Band, directed by Drum Major Don Terry. Providing the pom-pon girls and cheerleaders with back-up music, they filled the Paly hymn with vitality. The Dance Band, led by Dr. Gray, played modern, popular tunes especially for assemblies and for their own enjoyment. Since there was no official Dixie Land Band this year, the Dance Band adopted many of their pieces. Under Mr. Harry Grod's instruction, the Concert Band took over the spotlight in December playing for concerts and the annual Washington-Lincoln Assembly. As basketball season approached, the traditional all-male Pep Band assembled under student director Don Terry. They typified school enthusiasm for all home games and most away games with rousing tunes arranged by student James Hewitt.

This year also marked the beginning of the Paly Orchestra as a major performing group. They were warmly received at the Christmas Assembly and at their subsequent performances. Under the direction of Dr. Thomas Gray, music department chairman, they gave a number of outstanding programs for other schools, service clubs and music festivals. The Paly Stage Band also made a valuable contribution to campus life and school spirit this year. Belonging to the Orchestra and Concert Band, the Stage Band members gave fine performances of jazz, dixie-land and rock-and-roll music for Paly audiences and at other schools in the area.

VARSITY SOCCER

Never losing by more than one goal, but seldom winning either, this year's Vike Soccer team finished with a fifth place in SPAL competition. With a strong defensive unit led by All-SPAL halfback John Girvan, fullbacks Dennis Poll and Rick Williams, and goalies Mel Engle and Tom Mertens, the Vikes were able to keep tough opponents from scoring, but by virtue of a weak front line they completed the season with a 3-4-5 record.

Paly opened the season with a scoreless tie against Sequoia followed by a 3-0 win over M-A, their finest effort, and a loss to Gunn. The Cubberley Cougars went down 1-0 as the Vikings finished the first round of SPAL competition by tying both Woodside and Carlmont.

The second clash with the league-leading Cherokees was the Vikings' most important match. The defense held Sequoia to only one goal, but again the offense lacked scoring power as Sequoia beat Paly 1-0. M-A retaliated for their first loss with a 1-0 win followed by a Paly tie with Gunn. The front line led by Dave Clauss, Ron Remmel, John Lerch, George Clute, and second team All-SPAL center Mike Galvin attempted 20 shots to the Titans' 6, but only scored one goal. The second clash with the Cougars ended scoreless; then Woodside came on to defeat the Paly soccermen 2-0. The season ended with a 1-0 Viking victory, this one over Carlmont.

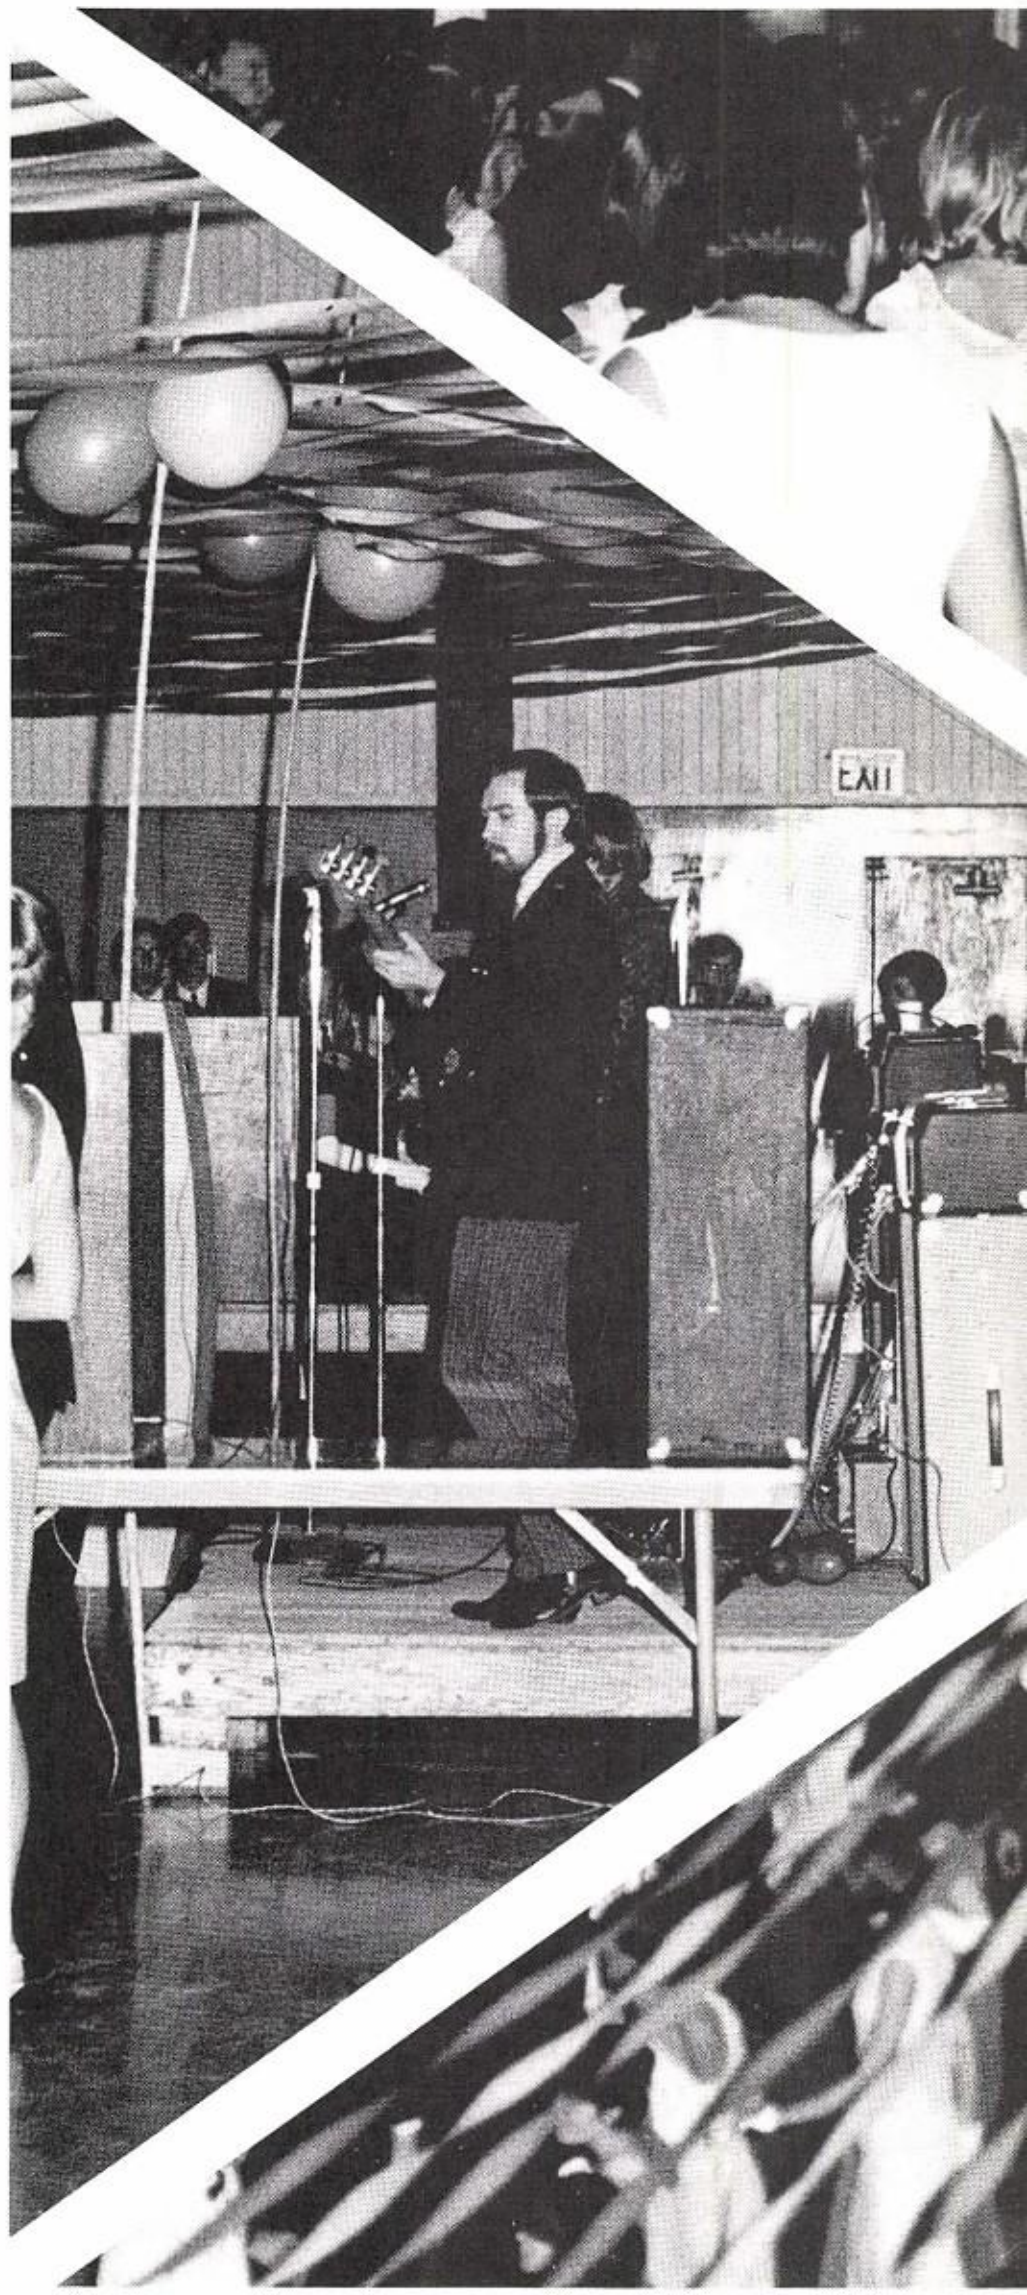
Feliz Navidad

Paly was freshly decorated in holiday regalia for Christmas week. Patterns of paper and paint were arranged on doors in creative fashion. Mr. Parker's ingenious second period math whizzes produced a most original "IBM 601" with its blinking lights and rotating wheels. The most beautiful spot found in Paly's green halls was Frau Cate's corner. The artists of room 201 created a three dimensional Christmas tree trimmed with candy canes. The witty next-door neighbors originated Miss Schmidt's most humorous door. The grisly grinch of room 203 peered through a green wreath, optimistically expressing a holiday cheer.

Holiday cheer in the form of sound was definitely not overlooked within the halls of Paly. Strains of Christmas music drifted through the upstairs hall as language classes sang tunes in the tongue of their studied language. The literal meaning was confusing to some; the Christmas meaning was comprehended by all. Despite the chaos and confusion of Hollywood and Vine, the holiday melodies provided by the Audio-Visual department were heard by all passers-by. The Christmas assembly left music echoing in the boys' gym, as students were entertained by the superb sounds of the Music department. At last the Friday of class Christmas parties was over and the long awaited vacation had arrived.

However, the events of the week were not quite over, for the highlight of the festive week was yet to come. On December 17,1966, the traditional girl-ask-boy Christmas Formal, Feliz Navidad, was held. The Boys' gym, outfitted by Laurie Ackerman (Dance Chairman) and her committee chairmen, Cathy Barber, Jan Castle, Pat Roberts, and Nancy Rogers, was adorned Mexican style with green and orange streamers, a wall-to-wall collage and pinatas. The attendance was excellent and the many couples were dressed elegantly for the occasion, as styles ranged from mod to mid-Victorian. The music was provided by "The Other Side" and enjoyed thoroughly by both the gyrating dancers on the floor and the passive pairs seated upstairs. It was a most satisfying finale to the successful Christmas week of 1966.



Music

Top: the Madrigals
Bottom: the Boys' Octet

Under the direction of Miss Marjorie Klein, Paly's vocal music department consists of the Choir, Boys' Octet, and this year for the first time, the Madrigals. Each has been designed to provide choral and educational experience by singing for assemblies, community affairs, and contests. The fifty-six member Choir, the largest in Paly's history, has sung at Christmas and spring concerts, the state music festival and annual school assemblies. Chuck Sheaffer has served as Choir President and student director while Andy Cone has been Vice-President and social director. This year's debut of the Madrigals has added considerably to the accomplishments of the Choir and Miss Klein. The six girls and six boys were selected from the Choir on the basis of singing ability and part responsibility. Performance director, Mike McOmber, has introduced the group and their selections which includes music specially written for small groups with part divisions for each member to control. Opening the Christmas season at Saks, singing nightly for two weeks, the Madrigals have also gone caroling and sung for civic affairs. Another privilege, above and beyond the realms of the Choir, is the Boys' Octet composed of eight boys selected from the Choir. They concentrate on show tunes, barber shop favorites, and songs with special levity which are carried out in part by their bow ties, vests, straw hats, and canes. They sing along side the others and also at dinners, city clubs and special festivals. While much more interest has been stimulated in vocal music this year, Miss Klein hopes to see still more students take an active part in the music program. She would like to award prizes or scholarships in the future to outstanding individuals and desires to add a Girls' Nonette singing group next year.

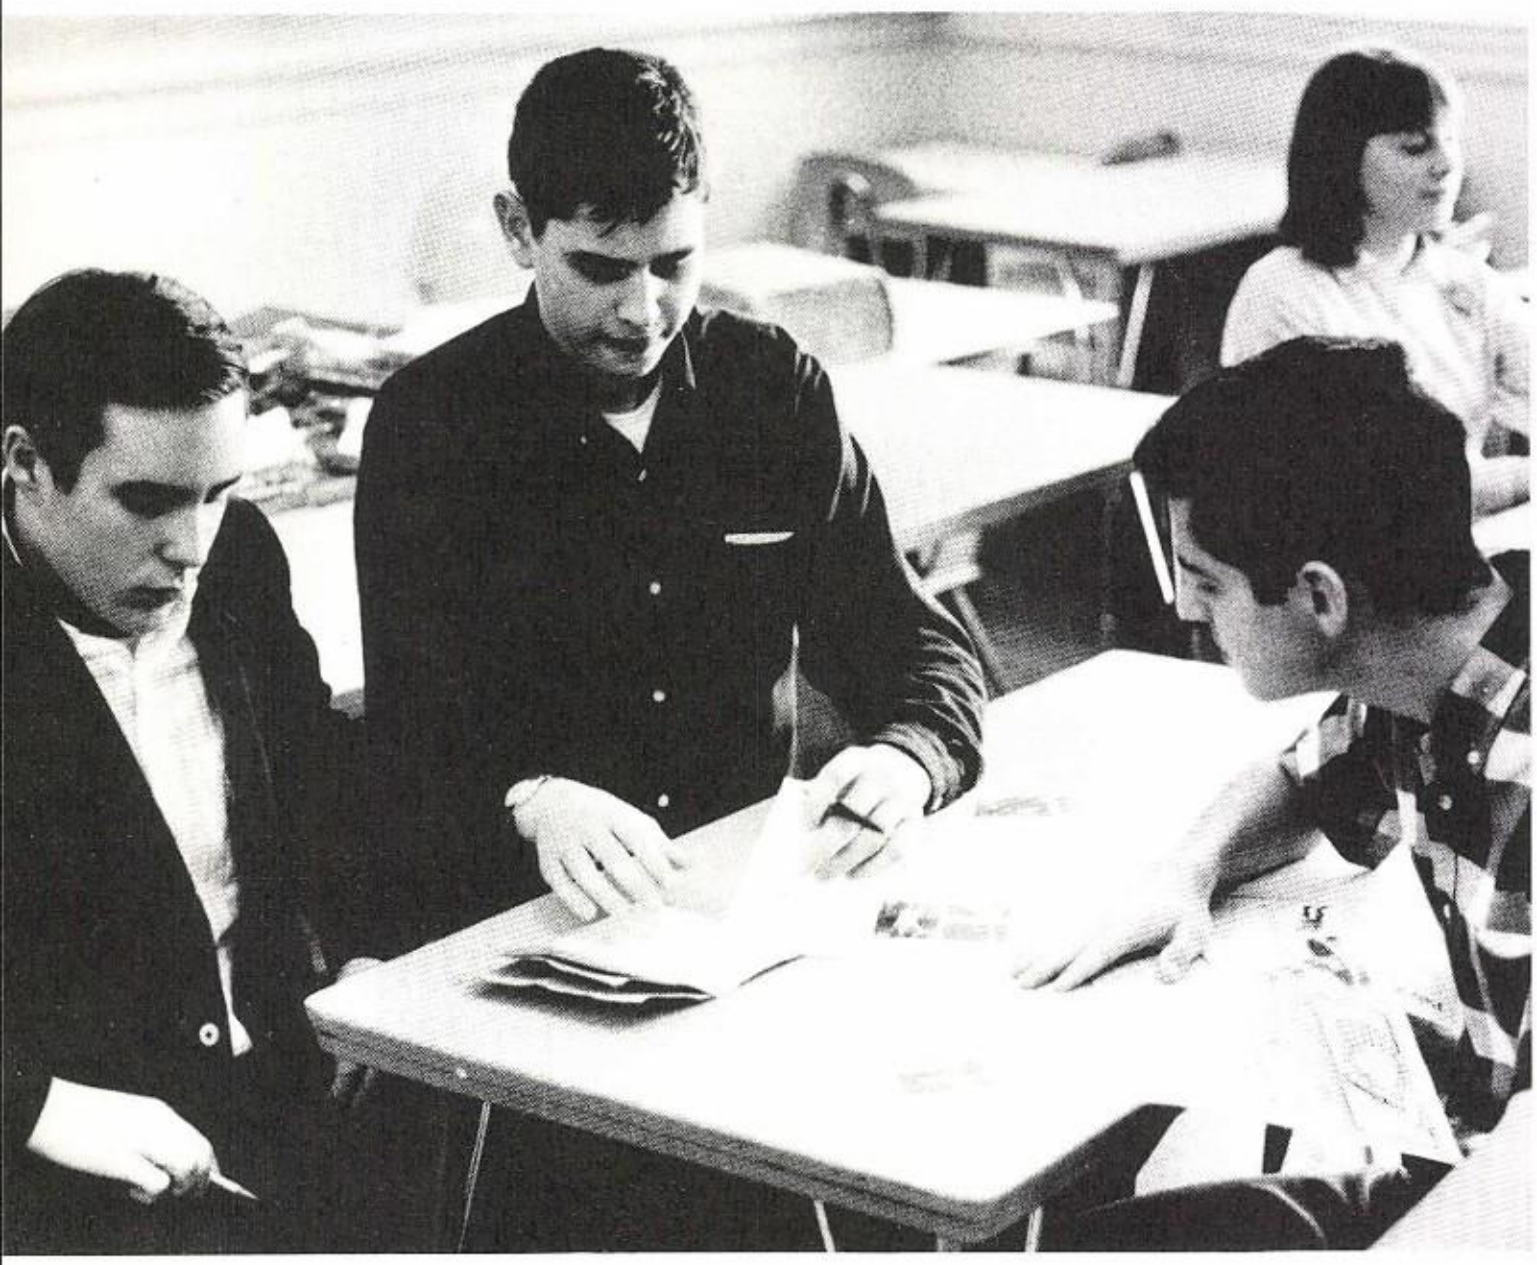
WRESTLING

First place SPAL matmen, Coach Wes Fisher's wrestling squad demonstrated its boundless energy and team unity to capture dual meet honors plus high tournament standings. Although non-league competition with Los Altos resulted in Paly's only season loss (41-13), pins in the victorious San Mateo practice rivalry created optimism for league meets. The triumphant Novice Tournament, for matmen having wrestled less than two varsity matches, set the winning precedent against tough Sequoia competition. At the Homestead Invitational Tourney, Dick Slack and Brodie Hamilton defied SCVAL skill, taking firsts. Following victories over Woodside (33-16) and San Carlos (48-11), the most outstanding wrestlers stole top league rankings in the home-hosted SPAL Invitational Tournament. With Paly finishing second to Westmoor High, Hamilton took again a first, as seconds went to Paul Hochfeld and Dick Slack, and thirds to Ted Nichols, Scott Yeaman and Roger Pigg. Highlighting the close M-A clash were pins by Hochfeld and Nichols, 67's only two to remain undefeated in SPAL competition. Wins by Jeff Brown and Myles Chute, replacement for ailing Roger Pigg, aided in the narrow (28-21) Paly victory. After easy wins over Carlmont (25-16) and Cubberley, (37-11) the grapplers ended the season routing Ravenswood (53-5) and sweeping the league with an 8-0 record. Unfortunately upset in the SPAL Finals, Paly placed a close second to Sequoia with All-SPAL honors going to Jeff Brown, Bob Thorup and Paul Hochfeld. Second place was won by Don Cowan, team captain Ted Nichols and Scott Yeaman who pinned six of his ten opponents, while third went to Dick Slack.

Finishing with the same phenomenal spirit and success, the J.V. matmen also rated an SPAL first, losing only to San Carlos (24-25).



PUBLICATIONS

The **Campanile** was highly controversial as it proved to be a major challenge to Student Government. Editor Jim Rolin and the staff felt the purpose of a school newspaper is to deal with Student Government, but not always to support it. Frequently the staff clashed with the Commissioners over the value of Student Government. Because of the controversial issues, the **Campanile** was well read.

The front page news, along with news editor Keith Raffel, did an outstanding job in keeping students well informed of current problems and activities, including speeding, and Paly reconstruction. The Editorial Page, overseen by Mark Chetkovich, was opinionated and sparked student interest and reaction to the views of the staff and individuals. The lighter side of Paly was displayed through the efforts of feature editor Don Kewman, as his page was highlighted by the "Grab Bag" which informed people of the events they hadn't missed missing. Chuck Benbrook and Brian Miller headed the sports page with excellent overall coverage of individual and team sports.

Consistently highly rated nationally, the **Campanile** continued to maintain its high standard this year.

With the rush to meet early deadlines in order to distribute the **Madrono** in May, this year's staff was in a constant state of frenzy, but fortunately was supplemented by many laughable moments. After the senior pictures and write-ups were finally sent to the publisher, Editor Joanne Grover divided the staff into several groups, each concentrating on a separate aspect of this year's activities.

With the job of coordinating the copy and pictures and uniting the sections into an organized publication, Joanne worked closely with Lay-out Editor Cary Orr who supervised the planning of the pages.

The yearbook staff was a combination of creative writing, photography, reporting, typing, commercial art, journalism, and business managing. To produce a good yearbook, the staff must possess these qualities, and must be willing to spend large amounts of time outside of class.

The **Motif,** Paly's literary magazine, is as traditional to Paly life as the **Madrono** or the **Campanile.**

"It captures a person's individuality in a time when society is accused of focusing on mass production of objects, people, and emotions," according to co-editor Christine Lamb.

Together with Chris, Richard Brinton led the staff which diligently screened countless manuscripts in order to present a reflection of student reaction to life. The poetry, short stories, essays, plays, art work, and photographs form a unique collection that exposes the literary talent of Paly students.

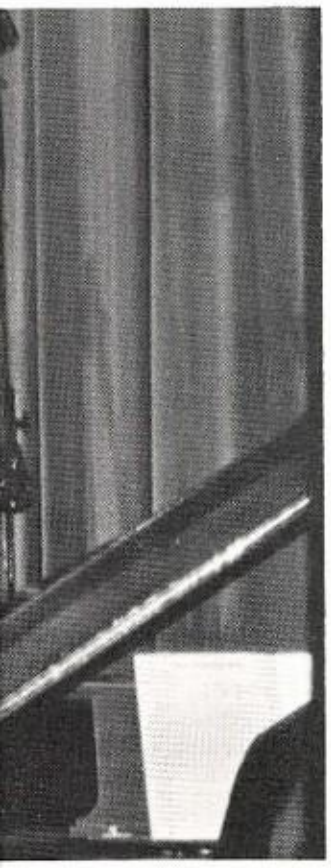
ASSEMBLIES



R.C. Owens, the famed pro-football player, was featured at a fall assembly this year. He appeared just before the crucial Paly-Woodside football game and succeeded in fanning the student body spirit. His "extra effort" motto echoed through the decorated green Paly halls. The auditorium was darkened as movies of his games, highlighted with R.C.'s famous alley-opp catches, were shown. Great inspiration was felt by the football team, and new enthusiasm was developed within the rooters as Mr. Owens gave his farewell and disappeared behind the stage curtain.

The Washington-Lincoln memorial assembly paid tribute to two great presidents. Mr. Keith Clark read the solemn words of a letter written by a civil war soldier. The band followed with a medley of civil war tunes. Folksinging sophomores Bev Bridges and Cathy Schroyer entertained their fellow students before the Paly jazz band took over the show. The assembly was completed with the soul rocking duo of Mr. Clark and Mrs. Mathis. The auditorium was quickly emptied as the mixed emotions of deep sadness and joy drifted through the wide, green double doors.

WONDERFUL TOWN

Transforming all of Paly into a "Wonderful Town", 67's spring musical boasted the largest cast in the school's history. "It was one of the most difficult productions we could have undertaken," said Director Mr. Joseph Fenwick, "and it proved to be an entirely successful show." Spending most of four months planning and organizing musical arrangements, Miss Marjorie Klein joined with Mr. Fenwick to coordinate music and action.

The story revolves around the Sherwood sisters, writer Ruth (Fran Tempel) and actress Eileen (Vicki Pear), who come to New York to "Conquer the City." Apopolous (Dave Celliti) rents them a basement apartment in a location that invites visitors. Wreck (Joel Steinberg) moves in when his wife Helen (Betsy Burnes) announces the visit of her unknowing mother (Cynthia Hutzel). Lovely Eileen meets the local nightclub owner, Valenti (Bob Duncan); the bumbling manager of Walgreen's Drugstore, Frank Lippincott (Chris Mohr); and sophisticated reporter, Chick Clark (Dave Goodman) while Ruth persuades Bob Baker, associate editor at the Manhatter (Chuck Shaeffer) to read some of her work—three hilarious vignettes. Ruth's wild "Conga" with the Brazilian Cadets and "Darlin' Eileen's" stay in the police station are only two of the crazy situations they became involved in. Just about the time they are asking why they ever left "Ohio", Valenti gives Eileen a job at the Village Vortex, and Ruth's Conga story wins her a Press Card. Eileen, knowing Ruth is in love with Bob Baker, proves that "It's Love" for him, too.

John Bett's colorful Greenwich Village sets added life and sparkle to the wild crowd scenes while Mr. Mayne's technical crew kept backstage business running efficiently and smoothly.

The orchestra deserves special thanks as pianists Nanette Dumas and Eleanor Burian attended every rehearsal in addition to outside practice time and separate rehearsals with Miss Klein and the other musicians on the extremely complicated score.

Joyce Martorana, along with Assistant Director Rodger Willson, choreographed such varied numbers as the Irish jig of "Darlin' Eileen," the swinging jazz of "Swing," and the graceful kicks of the Village Vortex ballet.

THE CLASS OF 1967

The Class of '67 emerges victoriously as their three years spent at Paly fade from the future and become implanted in the memory, history, and past of their school. As sophomores their months of September and October were occupied with orientation and growing accustomed to Paly's great green halls. They watched with dismay and chagrin as their girls were stolen by lecherous upperclassmen while their boys entered into the more serious aspects of Paly life. By the spring they could look back and consider themselves a growing part of Paly's traditions. Their football and water polo teams notched second and fourth place finishes, respectively, and their class, headed by President John Bennion, started on its financial path with profitable bottle drives and car washes.

Greeting their junior year with ever-growing confidence, football was upon them, and the big Green triumphed in the Thanksgiving Day game and won the SPAL title. Junior English was now their greatest challenge as they were brainwashed by the little green book filled with antonyms and synonyms. The illustrious class council, guided by Joe Welsh, again triumphed with the super-successful Valentine's Dance and Slave Sale. As a result of their overwhelming leadership, the council proceeded to establish a scholarship fund for the coming year. With Spring came the first annual Junior-Senior Ball, "La Mer". The Syndicate of Sound provided music for the most popular dance in Paly history. Watching the Class of '66 graduate, a sudden awareness of added responsibility and new challenges transferred their thoughts towards their own senior year.

Once again the mighty Vikes placed high in football and basketball league standings, and their mermen captured the SPAL crown. But, as seniors, the many facets of Paly life became more fully understood. As each of them participated in activities in pursuit of their own interests, whether it be student government, drama, art, or sports, a unity evolved as they reached towards their final goals. With graduation upon them, they found themselves anxious, but not willing for it all to end. They looked back on their years at Paly, understanding better their failures and recognizing their accomplishments.

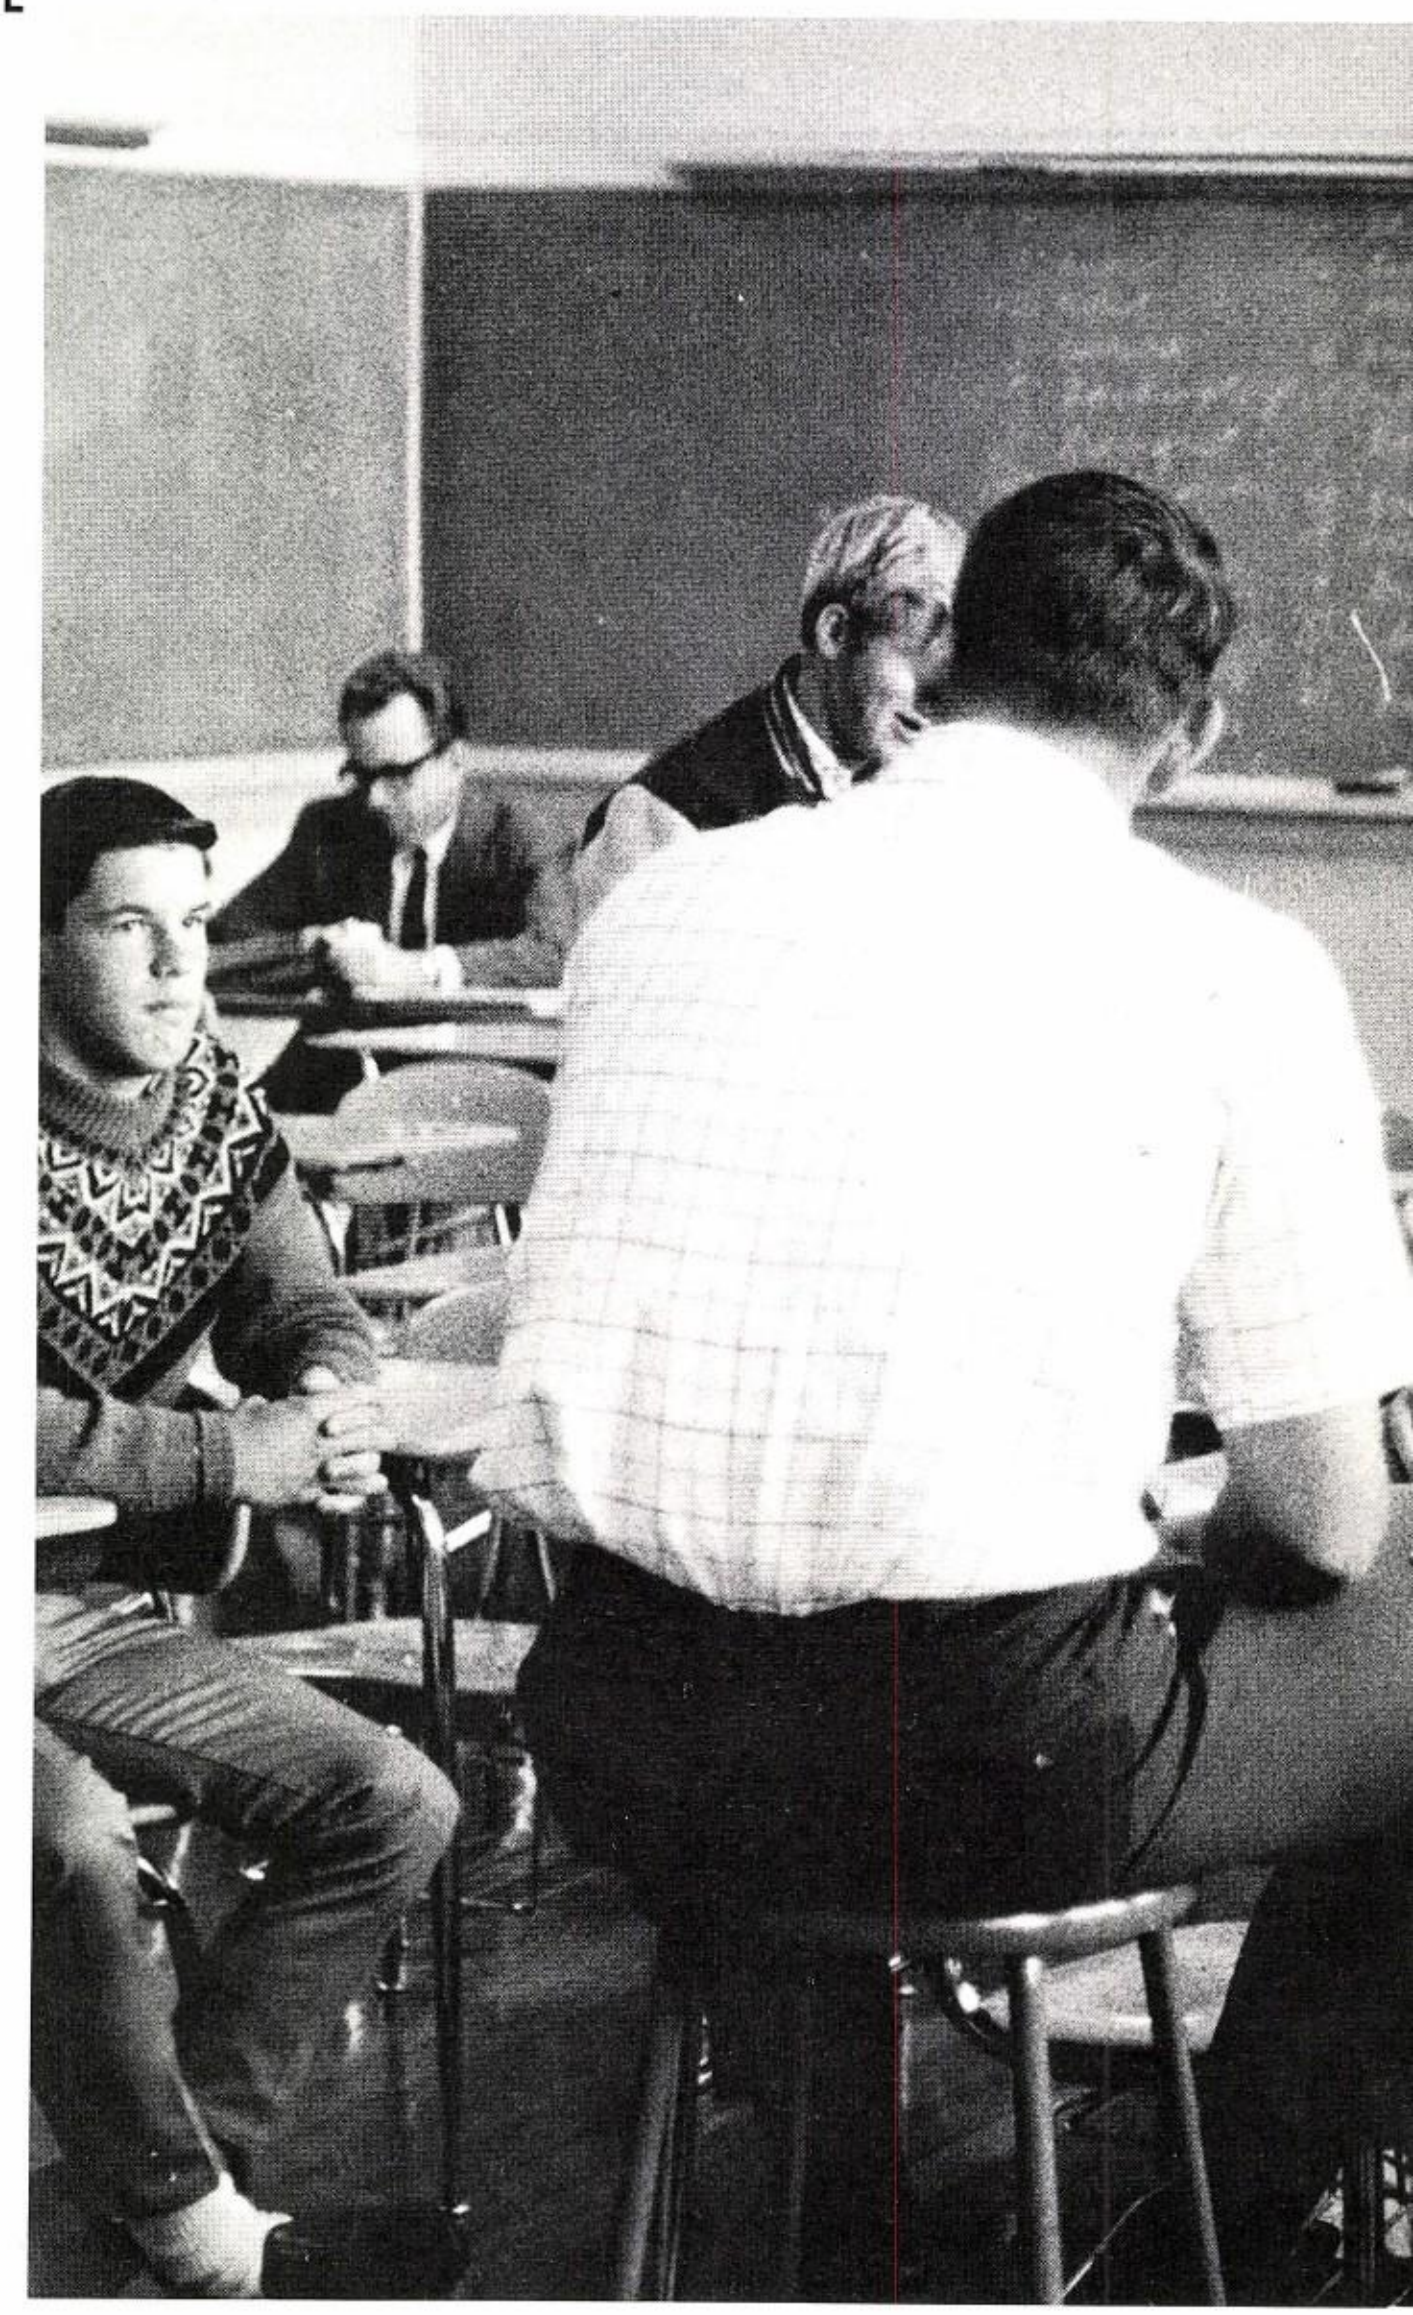
The Seniors of 1967 have prided themselves in creating a year, a spirit, a class to be long remembered.

SENIOR CLASS COUNCIL

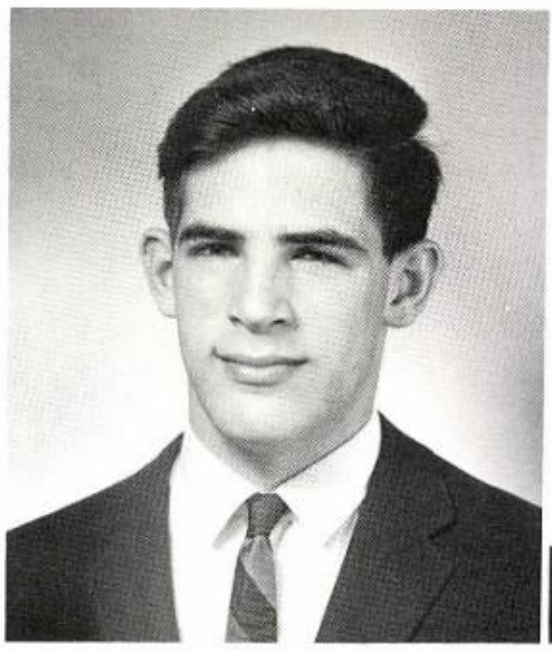
An energetic, exuberant, and enthusiastic class council greeted September with dynamic hopes for a glorious senior year. Gallantly led by President Rick Williams, Vice-President Jon Enscoe, and Secretary Pat Roberts, the traditional carwashes, cupcake sales, and bottle drives were carefully planned and executed.

The ingenious minds of the council members were also responsible for the several unique activities Paly witnessed. With latent spirit, the sleepy-eyed seniors devoured pancakes at the Senior Class Breakfast and proceeded to cheer their mighty Vikes on for the final game on Thanksgiving Day. Students had the first shots at Paly's destruction as divots flew from the girl's hockey field during a wild hole-in-one tournament sponsored by the class council. A flourish of dignity was added by the Class of '67 during the annual Junior-Senior Ball. Another reminder that their last days at Paly were approaching, the dance was a polished success as the seniors combined three years of experience into it. The council's final contribution to Paly was the awarding of a scholarship in June.

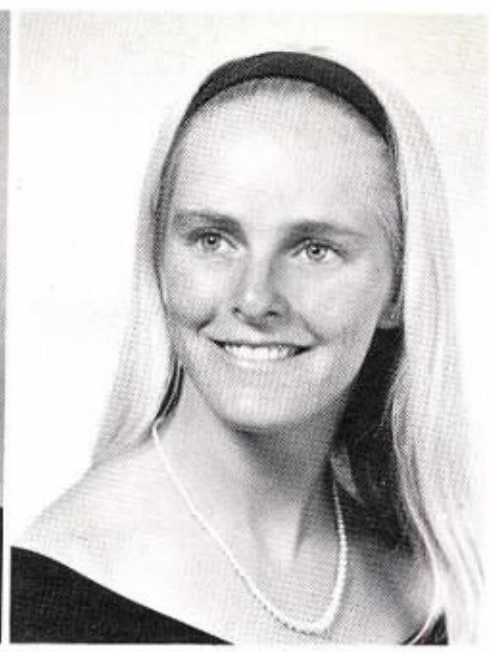
Throughout the year, whether their ideas succeeded or failed, the class council's aspirations were to make '67 their most illustrious year and one that would long be remembered after the "Great Green Halls" had been replaced and renovated by modern "architectural alcoves."



Perched on his stool, President Rick Williams discusses plans with other council members: (left-right) Ted Nichols, Jon Enscoe, Joe Welsh, Ruthee Bloch, Mike Dougherty, John Bennion, Don Nanney, and Mark Bailey. Not pictured are Carol Charlton and Pat Roberts.



JOEL NATHAN ABRAMOVITZ
Soccer
Joel will remember the arcade near the auditorium and room 302 where he studied his best subject, chemistry. Although he grew up in Palo Alto, he spent his eighth grade year in Paris. He has belonged to Explorer Post 55 and worked at the P.A. Library. He plans to attend Harvard to study medicine, but his main desire is "to sail around the world in my own sailboat." This National Merit finalist, who has won a B soccer letter, likes to spend free time sailing and mountaineering. He will remember Mr. Bunton and Mr. Johnson.

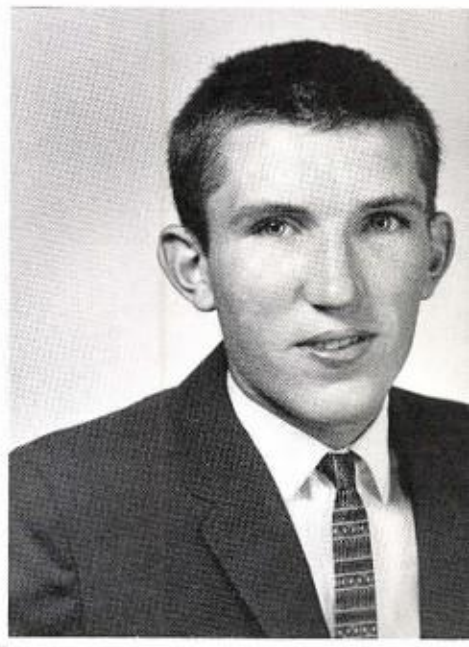


LAURIE KATHERINE ACKERMAN
Comm. of Publications
S Club
Junior Class Council
Girls' Block P
Girls' State
A future grammar school teacher, likeable Laurie with her long, lustrous locks of blond is also interested in swimming, tennis, stamps, coins, old junk and family trees. Monday nights find her at Young Life, Wednesday afternoons candystriping and summers at Rinconada Pool lifeguarding. Having hiking 70 miles on the John Muir Trail rates as Laurie's most exciting experience, but living on a pacific island would top it. Busy and friendly Laurie will always remember the Campanile, Girls' State, her hair and football games while trying to forget the '65 Madrono.

BRYAN JOE ADAMS

Bryan wants to be remembered for his art and someday be a commercial artist. His other interests include choir, crafts, and his church youth group of which he is president. He has worked at Blum's and Photocopy Co. and plans to go into the armed services. His first ride in a four-seater airplane with sky divers was most exciting. When he achieves his number one desire of traveling he will have with him memories of Mr. Alexander, the ceramics lab, and the football games.

DALE GREGORY ADAMSON
Golf
B Basketball
Sophomore Baseball
A golf enthusiast, Dale's most exciting experience was making a hole-in-one. A member of the Palo Alto Junior Golf Club, Dale would like to make a lot of money and be a sub-par golfer. Mr. Thornton, Mr. Martin, and the basketball and football games will stand out in Dale's memory. Dale, who has worked at Palo Alto Blueprint and Supply, will attend San Jose State or Foothill to study business in the fall.



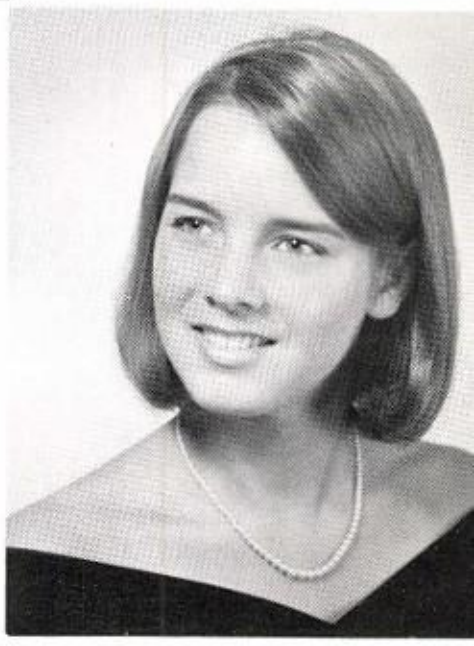
JOAN FEE AGRAMONTE

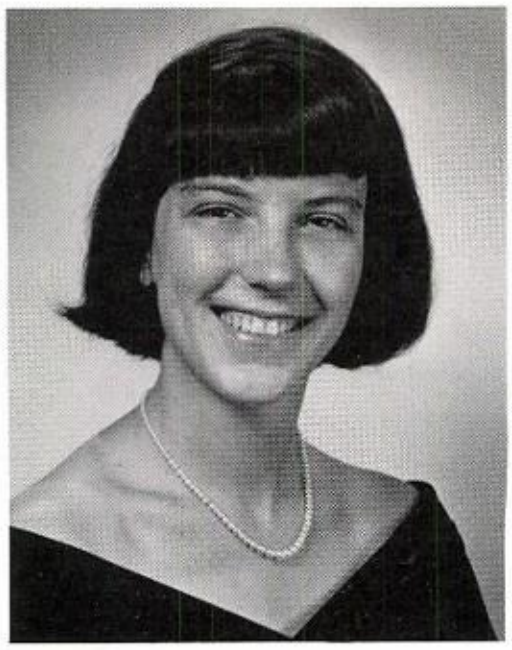
One and a half years spent in Switzerland and traveling throughout Europe led Joan to the October Fest in Munich for her most exciting experience. Interested in skiing and weaving, she likes ceramics and pottery. Hoping to go to craft school, Joan would like to be an arts and crafts teacher. She will miss most the rallies, football games, Mr. Owen, and ceramics, and dreads graduating and leaving. Never disclosing her weekend secrets, Joan will be remembered best for her "supreme effort put forth in P.E."

MARIBETH ALEXANDER
Girls' Block P
GAA
Choir
Home Ec Club
Bridge Club
A future elementary school teacher, Maribeth enjoys playing the piano, playing bridge, waterskiing, and going to Paly games. Outside of school she belongs to Young Life and babysits. Often heard remarking, "you're kidding," she hopes most to do well in college. As she goes to Foothill she will take with her memories of the Campanile Tower, the main hall, and the amphitheater.

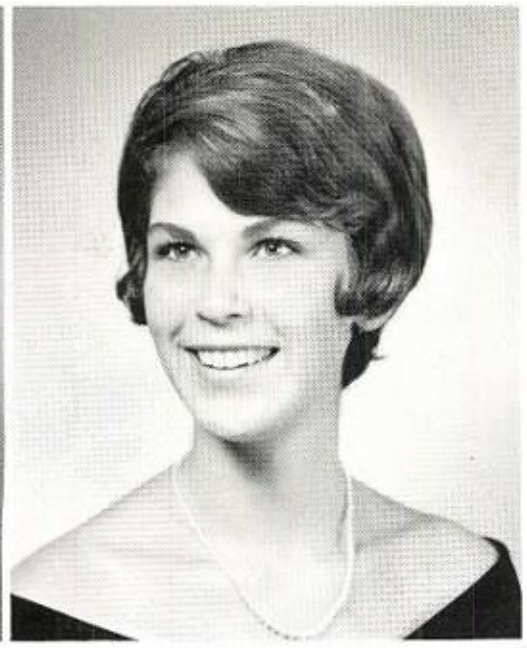
MICHAEL G. ALLEN
Swimming
Water Polo
Executive Block P
Executive Board of Welfare
Mike, the power behind Paly's most distinctive walk, lists his outside interests as swimming and shooting pool. This All-American swimmer will head for the University of Michigan this fall to study liberal arts and eventually become a college professor. With him he will take memories of Mr. Thornton, Mrs. Lowe, and Coach Bataille, while Jo Ellen will always remember my old Rambler" and we will never forget Mike's great swimming.

ROBIN BERYL ANDERSON
Rally Committee
Aquacade
Jinx
Ski Club
SGCC
Robin, who spent her junior year in Europe, says her most exciting experience was riding 90 mph down a French country road on a motorcycle. Sports, especially skiing, swimming, riding a unicycle, modeling, sewing, picnicing and sitting on a windy beach are some of her hobbies. She is also involved in church groups, volunteer work, the Italian Poker Team, and the German wine tasters association. While attending Paly, Robin thought rallies and football games were great, and also enjoyed painting banners. The weekends are spent putting off homework and concocting brews from gourmet cook books. Robin's senior flame is Uraemire Macteriphe.





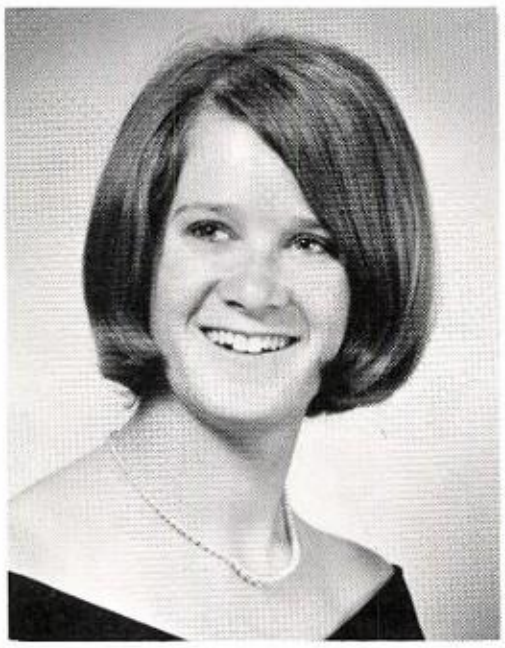
CHERYL EILEEN ARNOLD
Pres. Future Teachers Club
President Latin Club
CSF
Madrono Staff
Upon entering Paly, Cheryl's first impression was "the person who numbered the rooms had a problem." This Latin scholar, who won a Foreign Language Field Day award, thinks people will most remember her for the books she carried around. While at Paly, Cheryl enjoyed football games, the Jinx, and The King and I. Pursuing her number one desire, to be a good teacher, Cheryl will attend Stanford or Santa Barbara, taking along memories of the "hills" in the main hall.



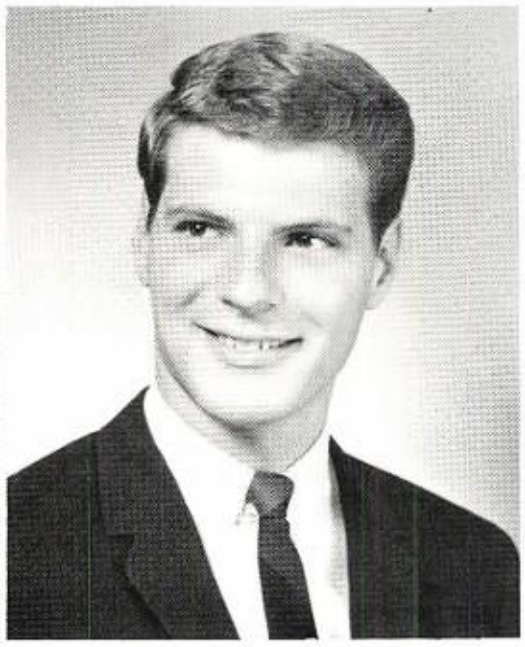
KEVEN J. ARNOLD
Comm. Social Activities
CSF Board
S Club
Ski Club
Board of Welfare
Always smiling, our Most Fun to Be With Social Commissioner will remember Paly's students and their crazy ideas. When Keven isn't busy auditioning bands, finding chaperones, creating decorations, arranging for refreshment, or publicizing for our many dances, she enjoys sewing, playing the guitar, skiing, swimming, and tennis. After a most enjoyable trip in Mexico, Keven will always remember the Mexican boys and a small, hidden village. Desiring to be in love and become an educated wife, Keven will attend either Cornell or Cal at Santa Cruz in the fall.

KIRK ROBERT ARNOLD
Cross-country
Track
Tennis
Ski Club
With becoming a black belt as a number one desire, Kirk is an active member of the Palo Alto Judo Club. First impressed with Paly as "more freedom", His memories will now include history, the boys' gym, and the football and basketball games. Kirk spices his life going to Mexico, dancing in the city, and just "fussing off". This busy senior has worked at Stanford Coaching Camp and contributed enough to Paly sports to win his Block P and Star. After graduation Kirk will transfer his efforts to one of the Cal campuses.

CAROLINE ALICE BAILEY
Aquacade
Carol, who has taken ballet for fifteen years, danced for the President of the Royal Academy of Dancing when she was in the fifth grade. She has done several different jobs in the summer including sewing for people and painting a house. Next year she will go to Foothill hoping to fulfill her number one desire by meeting Mr. Right. Recalling Paly as a great school, Carol will especially remember the "girls' restroom where you get stomped, trampled, and shut behind the door."



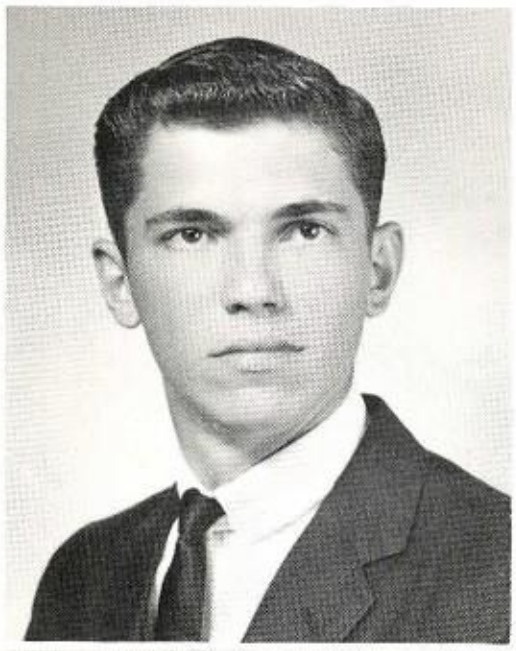
CHRISTINE BAILEY
Aquacade Board
Silver Seal Committee
UN Club
CSF
International Club
Having attended summer school at UC Santa Barbara, Chris says "it was fabulous." While there she earned her senior lifesaving card after she swam a mile. She has also worked on Project Headstart and would like to study something interesting and inspiring at Pomona or a Cal campus. Desiring most to gather rosebuds and become enlightened and unrestrained, her best subject is daydreaming.



MARK D. BAILEY
Varsity Track
Block P
Vice-Pres. Junior Class
Legislative Council
Senior Class Council
Mark's free time is spent studying, working at Stanford, and wondering how everyone else spends their weekends. Interested in natural sciences and engineering, Mark has worked at Materials Science Lab and hopes to be an engineer. Excited by his senior questionnaire and Mrs. Lowe, Mark's greatest desire is to own a wine red '62 Chevy. Reminiscent of games, dances, and Mrs. Thompson and the library, Mark leaves Paly with his friendly, joking manner and memories of the Class of '67.

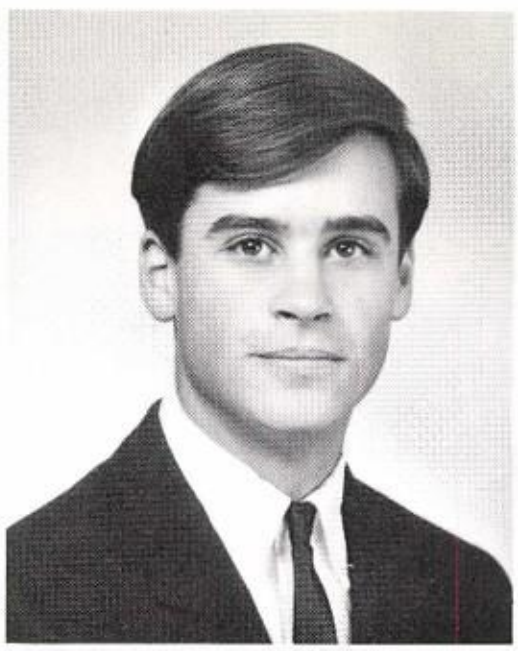
RAYMOND JOSEPH BANQUE
Gymnastics
A user of "Super Dep Hairdressing," Superman Raymond says his strangest experience was eating watermelon at the age of five. Although Raymond enjoys traveling in style, he will probably become a professional bum because "it's cheaper." Raymond enjoyed Paly's atmosphere in general, but he will always remember with disgust "those stupid machines in the amphitheater."

CATHERINE M. BARBER
CSF
Sr. Privilege Card Comm.
Bottle collecting, sailing, and painting occupy much of Cathy's limited free time. New her junior year from Boston, Cathy easily and quickly became an active member of Paly's life and activities of which she says "they were all great, especially the football games." Remembering the interesting teachers she had, Cathy will head for Berkeley to study anthropology where she should have little trouble attaining her number one desire of "meeting as many people as possible."



DAVID ARTHUR BARRY

An avid surfer, David says his biggest thrill was riding a ten-foot wave. David's number one desire is "for people to leave California". Remembered for his sometimes blunderous statements, David wishes he had a more serious outlook on life. With memories of the Boys' Gym, football games, and Mr. Simitian, David heads for Foothill to study electronics.

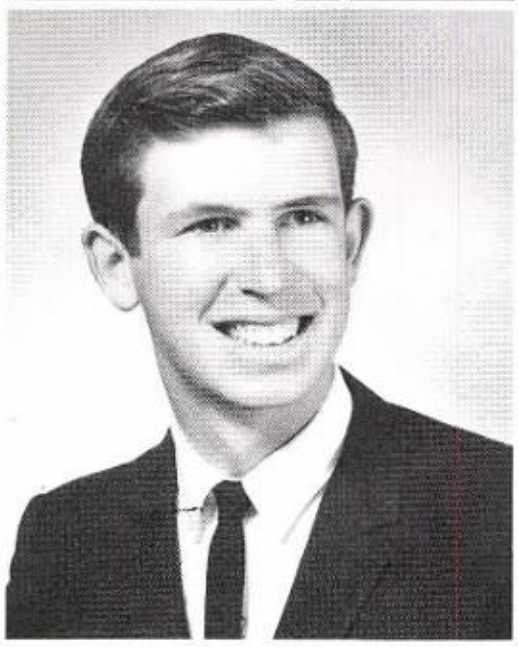


CYRIL E. BASSETT
Gymnastics
Block P
Cheerleader

Cy, who grew up "all over the world", says the most exciting thing he has done is ski in Colorado. He plans on college at Foothill where he would like to pursue the field of criminology. While at Paly Cy enjoyed dances the most, but will still remember Mr. Simitian and the parking lot. His number one desire is simply "happiness." After school Cy practices cheerleading and gymnastics and works at Baskin-Robbins.

DOUGLAS C. BASSLER
Sound Crew
Phonex 3
Research Observer Program

"To retire early and pursue my interests" is Doug's major desire. His interests include working on stage lighting at the Children's Theater, electronics, and riding around on his motorcycle. Doug plans to attend Cal at Davis and study electrical engineering. When he leaves Paly, Doug will take with him the National Merit Letter of Commendation and several School Service awards.



MICHAEL PRIOR BATES

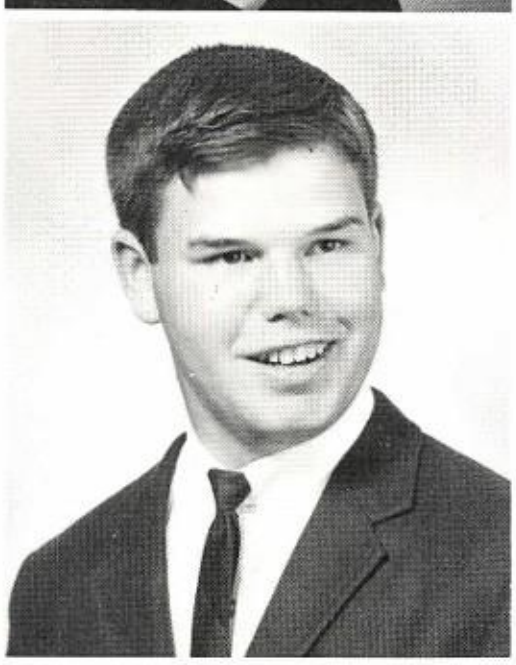
Magician and escape artist, Mike's ambition is to make the Navy his career, in which he is now a reserve. His number one desire is to become a world champion billiard player, which he is furthering by working at Town and Country Billiards where he can be found saying "we all can't be winners." Mike will remember Paly's green halls, Mr. McCann, Mrs. Walsh, and Mr. Clark while we remember his magic.

JO ELLEN ELIZABETH BAUM
Aquacade
Board of Welfare

Having given a party where everyone ended up at a cemetery dancing on the graves is this Palyite's most thrilling memory. New as a junior, Jo enthusiastically enjoyed the Slave Sale and swim meets. She has worked at Bultaco-American Motorcycles, Ltd., and now her free time includes horseback riding, swimming, and mushroom eating. Remembered for her friendly, infectious laugh and for being herself, Jo Ellen will study English at Mills or Cal at Santa Barbara, where we hope she will achieve her number one desire of finishing college.

JUDY MARIE BAXTER
CSF
Athena
Art Club
Election Board
Board of Welfare

Bending a downtown parking meter has been Judy's most exciting and traumatic experience. While at Paly, our future writer for Mad Magazine or elementary school teacher has most enjoyed the Paly-Sequoia spirit week and The King and I. Nuge, as many of her friends call her, shows her lively sense of humor through her "Efferdent" smile, her wild superman parties, and her longing for big feet. Come September, Judy, who designed the Madrona cover, will be at UC at Santa Cruz and later hopes to live in France.

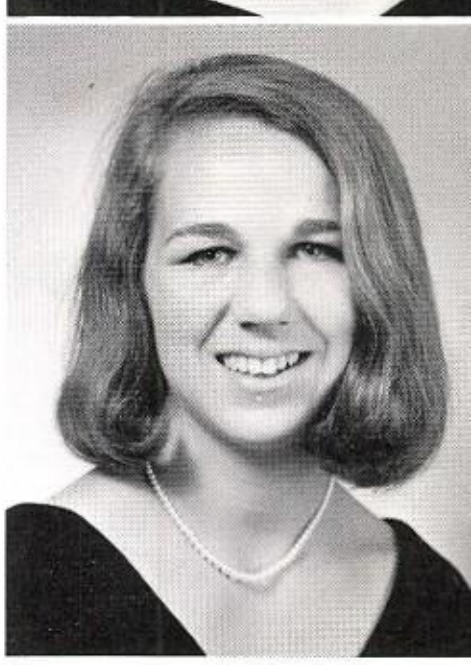


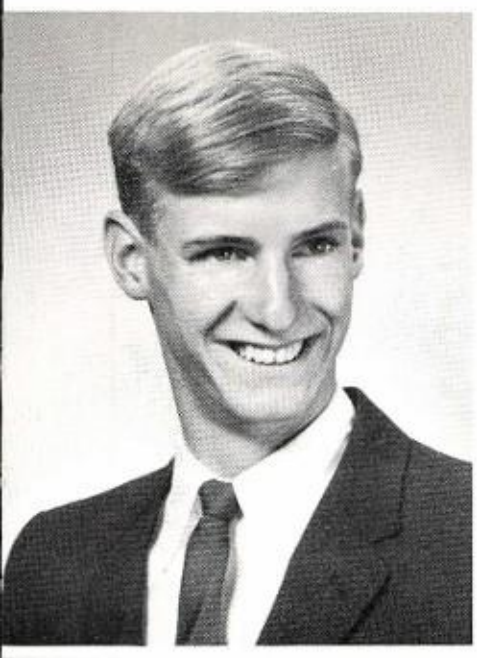
WILLIAM W. BEAHRS
Football Manager
Basketball Manager
Track Manager
Choir

"To be in all things honorable" is this senior boy's number one desire. Everyones favorite and an always efficient sports manager, Bill has most enjoyed Paly's basketball and football games. Having traveled in the U.S. and through Canada, Bill also finds time to enjoy spectator sports, fishing, canoeing, ping-pong and swimming. Uncertain as to which college he would like to attend, he plans to study business and eventually become an investment counsellor. Wherever he goes, Bill will never forget the noisy library, the boys' gym or "Dewey" Johnson, Mr. White and Mr. Trujillo.

DORIS BECKER
German Club

With an interest in primary education, Doris will attend San Jose State next year. She has traveled and lived in Germany and many parts of the U.S. Her hobbies are reading, dancing, and traveling. The Embarcado Entrance, the Jinx, Mrs. Dearing, and Mr. Synder will all be remembered well.



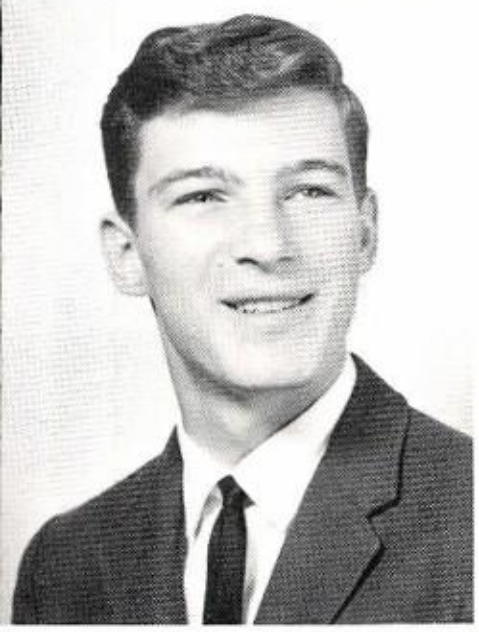


WILLIAM JOHN BECKETT

Will felt lost at Paly from the very beginning. After school he does homework, but on weekends he avoids it. His interests include skiing, swimming, printing, and driving. Next year will find him at Foothill studying business and law so he may eventually achieve his goal of having a money-making job. Although he will never tell who his senior flame is, he does admit he will remember the Campanile Tower and football games.

RICHARD D. BECKWITH
Sound Crew
Phonex 3
Biology Lab Assistant

Rick's special interest is working on the sound crew at the Children's Theater where he spends his time after school and on weekends. His favorite subject is biology and he plans to study it more at Foothill next year so he can become a biology teacher. Rick will remember Paly's auditorium, amphitheater, and Mr. Shugart best.



BILLIE MICHEAL BEDSWORTH

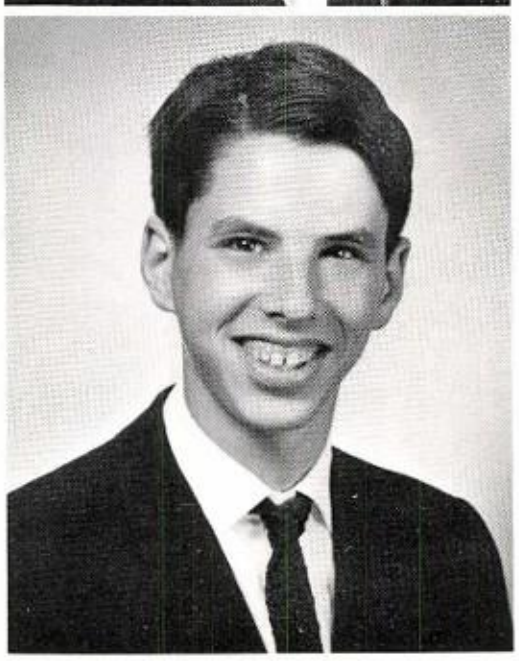
Censoring his most exciting adventure, Mike enjoys backpacking into wilderness areas. He belongs to Junior Achievement and has worked at Woodlands as a busboy and dishwasher. Next year will find him at college learning about law enforcement. As a criminologist who has fun and leads a fruitful life, he will remember Coach Bataille and the railroad tracks.

JEANNETTE ELIZABETH BELLINGER
Art Club
Jinx

"Sighting the White Whale off the coast of Tahoe," was Jan's most exciting experience. A member of the Bill Hayley and his Comets Fan Club, her number one desire is "to have my own Harley 'chopper' bored out to 904 cc." One of our unforgettable seniors, notorious for her wild adventures with Dottie, she has enjoyed the football games, the parking lot, and Mr. Stoezel at Paly best. Jan, voted 67's Most Gregarious, plans on attending Monterey Peninsula College to study commercial art, bringing with her her friendly smile and personality.

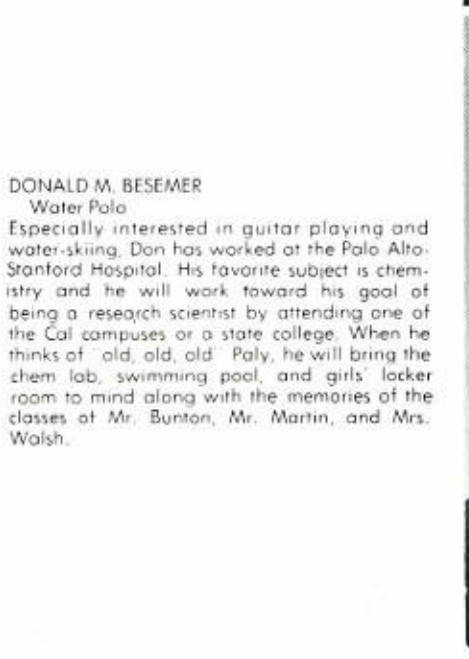
JOHN EDWIN BENNION
Varsity Basketball
Sophomore Class Council
Legislative Council
Senior Class Council
Pres. Privilege Card Comm.

Being National Merit Semifinalist, John accredits to watching Selpaw kill flies and the consecrated influence of the library staff. A CSF'er and nominated for Michigan State's Alumni Distinguished Scholarship, John also claims Paly's 65-66 Basketball Scholar-Athlete award. Planning on a physical science at Harvard or Pomona, he desires only to equal Spider's basketball ability and "kick Mrs. T out of the library". Benny is often seen at Stanford's physics lab or football games and will be remembered for his 3.4 strides and stretching ability.



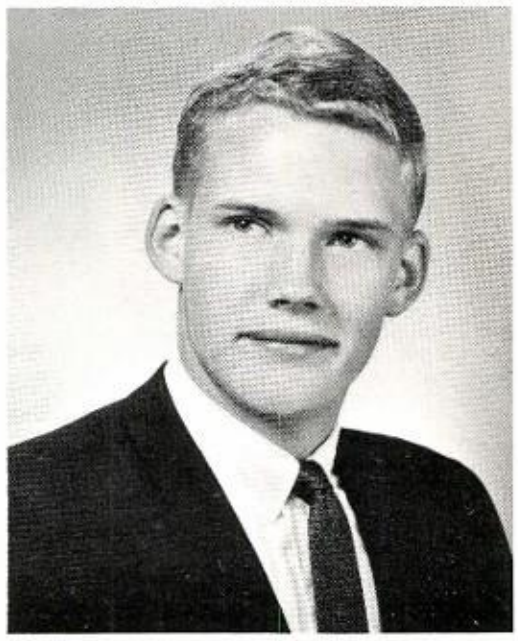
DAVID HENRY BERGER

David, whose number one desire is to not look so much like his brother, enjoys playing golf and basketball in his spare time. Hoping to become wealthy and own three cars, David will best remember his worst subject, math, and his three years with Mr. Hepworth as he heads for San Jose State in September.



DONALD M. BESEMER
Water Polo

Especially interested in guitar playing and water-skiing, Don has worked at the Palo Alto-Stanford Hospital. His favorite subject is chemistry and he will work toward his goal of being a research scientist by attending one of the Cal campuses or a state college. When he thinks of "old, old, old" Paly, he will bring the chem lab, swimming pool, and girls' locker room to mind along with the memories of the classes of Mr. Bunton, Mr. Martin, and Mrs. Walsh.

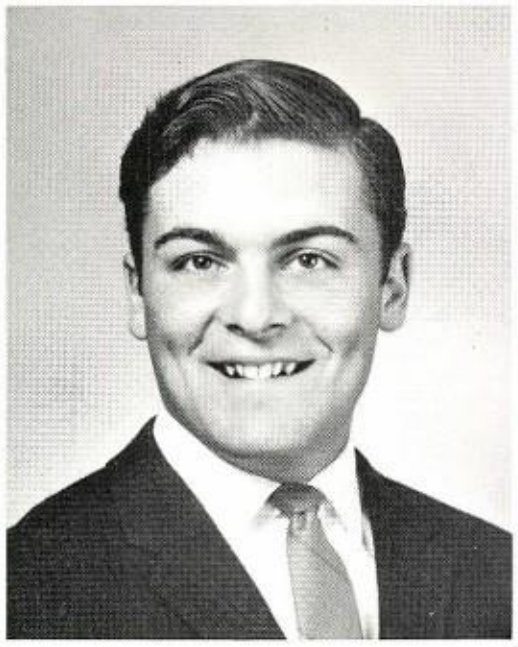


RICHARD S. BENNION
Varsity Basketball
Varsity Water Polo
Varsity Swimming
Associate Justice
CSF

Rich, having triumphed over Spider, one on one, now desires to operate a helicopter service between Town and Country and the Boys' Gym with a stopover to visit Mr. Martin. An active BOWer and an inactive alumnus of Allen's Tee Tollers Inc. Ltd., this spirited senior heads for Kentucky University in pursuit of nuclear chemistry. Always friendly with an "Oh-h that was nice!" and a beaming smile, Rich will be best remembered for his performance on the basketball courts, in the swimming pool, and in "ye olde Chem shoppe."

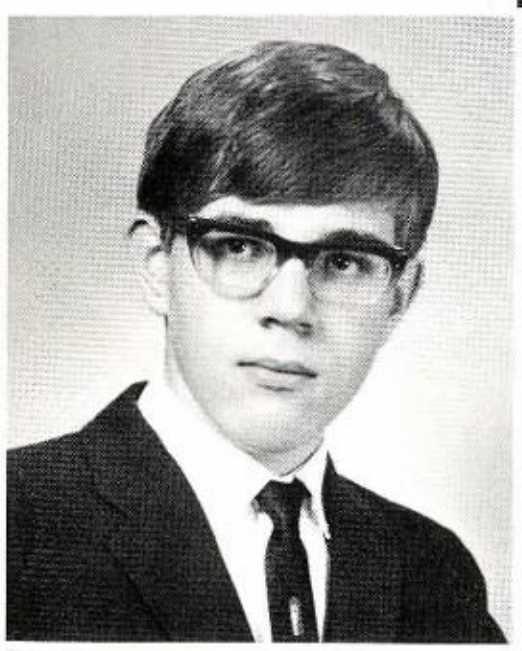
EDWARD L. BESSE
Varsity Football
Varsity Wrestling
Varsity Baseball
Key Club
Block P

Ed, who spent his summer vacation constructing roads in San Francisco, plans "to make something of myself and become a good lawyer." The Friday football bames and the dances rank highest on Ed's list of enjoyable activities, while he could have done without math and chemistry. A member of the Board of Welfare and a court attorney, he will remember the noisy library and the amphitheater as he heads for college next fall.



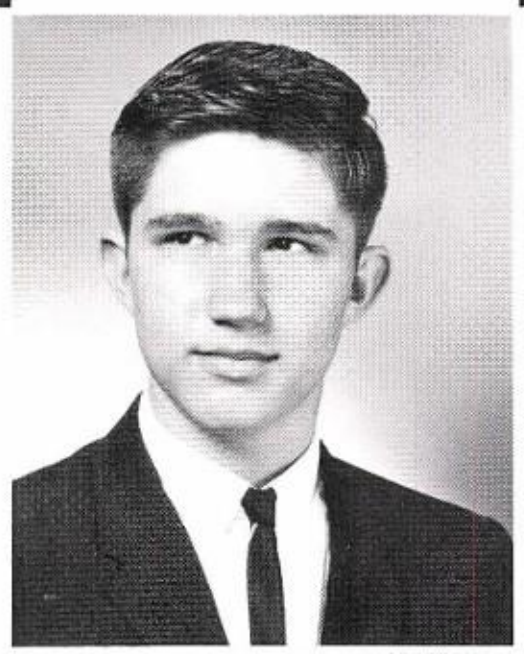
NORRINE SUE BESSER
Pom Pon Girl
Jinx
Rally Committee

Going to Rory's candelight parties was Norrine's most exciting experience. Her weekends are spent gigging with friends. While Norrine will remember the football and basketball games and the Jinx, we will remember her for her giant casaba melons. Her first impression of Paly was "Ouch," but she still won't forget the Senior Parking Lot, lunch, and her sophomore year. Our Most Poised senior girl of '67, Norrine plans to attend Cal at Santa Barbara in the fall.



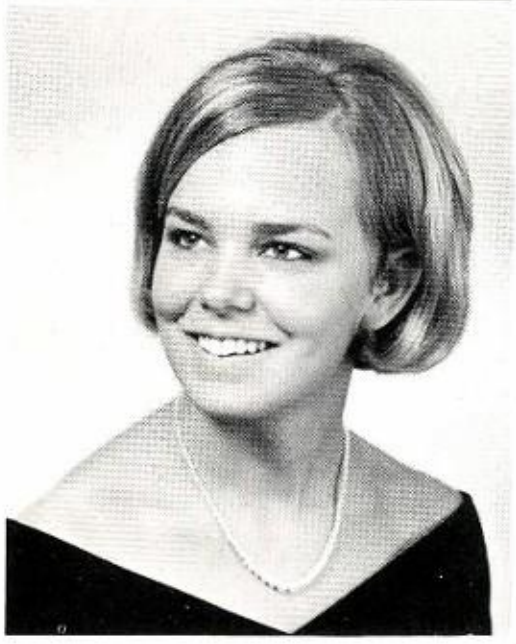
JOHN NATHAN BETTS

Fooling around making movies with his exclusive art club, or being involved in one of his "various creative money-making projects" fills John's spare time. "This phantom of the opera" enjoys painting, drawing, reading, and listening to records. He plans on college in pursuit of various art projects. John is the unstarring kind of artist who is not swallowed up by the establishment guys and war mongers. John has liked plays, the art rooms, and the library at Paly, along with Mr. Stoezel.



ROBERT B. BICOFF

While "making life one big psychedelic experience," Bob has romped around a nudist beach and worked at Monette's Pet Shop. He believes firmly that Paly "should be preserved as a city monument for all to see" and will always remember Russian, art, and the Spring musical. Noted for his "changeable personality," "cool it," and his nose, Bob hopes to move on to Foothill for a career in broadcasting although he would secretly like to be a dentist.



BARBARA B. BIORN
Pom Pon Girl Alternate
Rally Committee
Ski Club
Jinx

To be an organ player for Narco and the Needles, a professional skydiver, and to own a huge English sheepdog and an XKE are Barb's desires. Gigging and playing "leap frog" take up most of her time along with water skiing and candystriping. We will remember Barb, 67's Prettiest, for her M.A. "friend" but she will hope we don't forget her "outstanding ability to tell jokes without forgetting the punch line."

ROBERT D. BLATT
Gymnastics

Interested in skiing, golf, and gymnastics, Bob plans to attend Stanford or UCLA to study engineering. Ski racing at 60 miles per hour has been his most exciting adventure. Hoping to make enough money to spend more time golfing and skiing, Bob leaves Paly with the impression: "Tck! Home work!"

CHARLES K. BLISS
Aero Club
Flying Club
Gymnastics

Known for his car, Charlie's main interest is taking apart and reassembling autos. To build the world's most fantastic car and fly his own plane head Charlie's list of desires. Spending much of his time dating or in the aeroshop, he heads to Foothill to pursue aerospace mechanics so that he can fix his future crop dusters. Paly's dances, the parking lot and his church youth group occupy the rest of chuckling Charlie's free time.

RUTH HEDI BLOCH

CSF

Ruthee didn't look much like our Most Likely to Succeed when she achieved her most exciting experience— "breaking my nose in three places while rolling down the face of the chair number one run at Alpine Meadows." Very active in the Social Planning Committee, Ski Club, and as a swim meet official, Ruthee also enjoyed Paly's water polo games, The King and I, and Math G3-A with Mr. Jenkins. Spending last summer locked up in a Victorian girls' school in Switzerland with Carol was her best experience. Brandeis or Radcliffe await Ruthee in the future with a career as a cultural anthropologist or a research biologist.

PATRICIA ANN BLOMENKAMP
Thespian Secretary
Madrigals and Choir
GAA

Future Teachers' Club

An observer at SRI and member of the Spanish Club, Pat has assisted in teaching swimming at Rinconada. Around Paly she has enjoyed the football and basketball games, musicals, and dramatic productions. Her interests vary from dancing to collecting comics. She likes to spend her free time doing "impulsive fun things." As she goes on to be a teacher she will take with her memories of the Campanile Tower, Young Life, EYC, church choir, and the Junior Artist Guild.

BARBARA LYNN BLY
Girls' League Cabinet
Exec. Board of Welfare

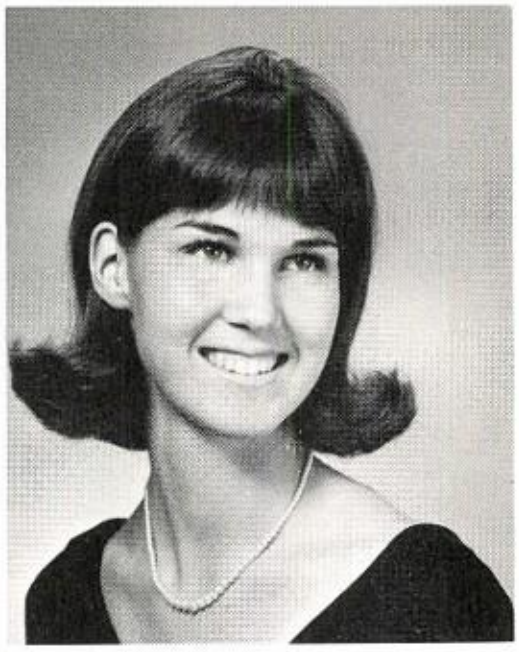
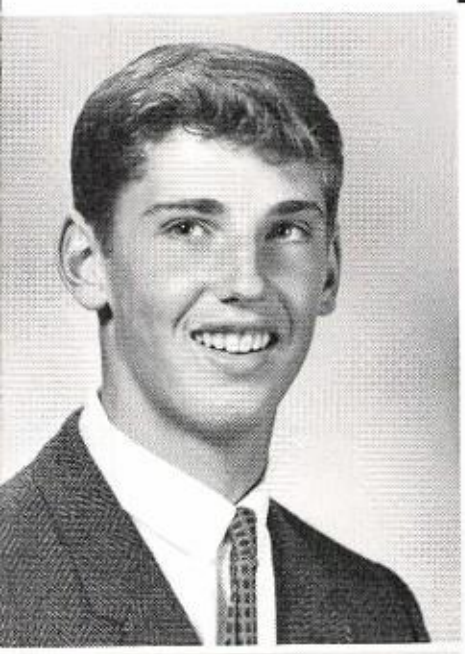
S Club

With an ambition to be a high school teacher, Barbara will study biology at the University of Cal at Davis. She has worked at Stanford and will always remember "getting lost in Huddart Park" as well as Dress-up Day and being in the Jinx. Barbara is active in Young Life and Athena and is interested in dancing, swimming, and sewing. Her questionable Spanish was put to the test in Tijuana, but by the time she got to Canada, Mexico had recovered. Native to Palo Alto, Barbara will miss "pretty neat Jordan" and even more "Paly and the amphitheater."





RICHARD D'HALLVIN BONTE
Varsity Tennis
Key Club
Forensics Club

Usually seen with a tennis racket, Richard has given professional tennis lessons. Connected with the Recreation Department, his church's youth group, and always on the go, he hopes on Berkeley in the fall to study medicine. To someday be a successful physician and return to Canada and the Barbados Islands, Richard also desires to revisit Paly in the years to come, to compare the games, dances, people, and tennis courts with the ones he has so much enjoyed.

KATHLEEN MARIE BOOMER
Home Ec Club

Kitty's most exciting adventure was flying an airplane. She would like to attend the college of Marin and then work as a nurse or secretary. The rallies impressed her most, but she likes Paly as a whole, too. Desiring to get married and have a family, she will remember Mrs. Neal and the home economics room where she had her best subject.

SANDRA SUSIE BOSTON
Emporium Hi Board
Board of Welfare
Jinx
Aquacade

Sandi's interests include fashion modeling and interior decorating, but she will hopefully attend the University of Utah to become a kindergarten teacher. Her most exciting experience happened when she "went swimming in the Paly pool at 12:00 midnight during the past summer." Many of her Paly memories will be third period chemistry, 67's dress-up day, football games and rallies, and, last but not least, Mr. Norton Thornton.

SUSAN PATRICIA BOYETT
Rally Committee

Sophomore Class Council
Powderpuff Football

Vivacious Sue, whose hobbies include scheming, swimming, and football, says the most exciting thing she has done so far is to fall in a horse hole, but she has yet to achieve her main desire—to own a football team. She plans on college at UCLA where she will study to be a route '66er. Sue would like to be remembered for her "sexy dimples," but knows that people will never forget that "I love to talk."

KATRINNA A. BOYLE

Katie, wanting to be a stone, will attend San Jose State next year to study teaching. Her memories of Paly include the parking lot, the football games, and Mr. Ochoa. She says Paly is "green all over the place," and adds, "When the new school is built please paint it another color, pink or something like that."

BRONWEN BRACKNEY

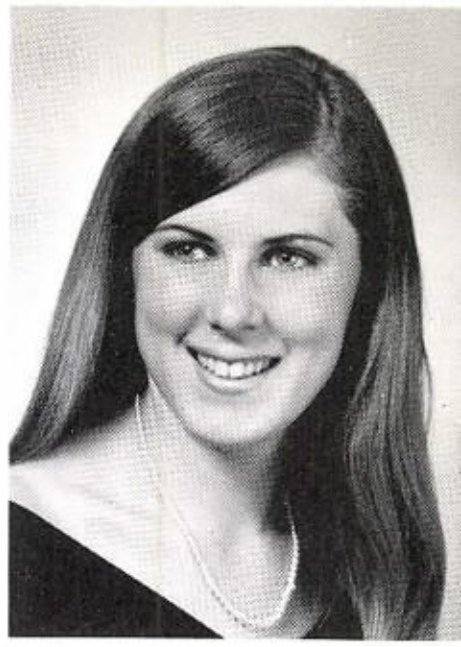
Disgusted with Paly boys, Bronwen boldly ventured on to private property to explore a haunted house and nearly jumped out of her freckles in fright, narrowly escaping by a strand of her hairpiece. Now active in church groups, Bron travels only as far as the slopes, rallies, and maybe the University of the Pacific. She likes business and will pursue a secretarial career. Bronwen liked the Little-Big Games, Mr. Ochoa, and open campus. Disliking cliques, crowded halls, math, and the ever, ever greenness, Bronwen wants out.

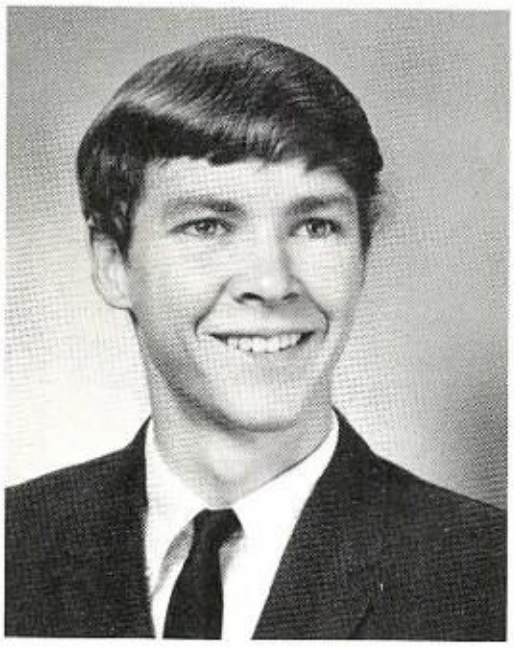
CAROLINE E. BRICHTA

"Going to a Moffett Field football game, only seeing one quarter, and ending up helping get an emergency leave" rates as Caroline's most exciting experience. Belonging to the Rainbow Girls and the Menlo Park Jr. Rifle Club, her number one desire is to move to Tahoe and be able to stand the snow. The Little-Big Game and the Churchill entrance will be Caroline's memories of Paly along with Mrs. Stilwell. The last of three generations to attend Paly, "Charlie" would like to be a bookkeeper or an IBM key puncher.

JOYCE A. BRIGGS

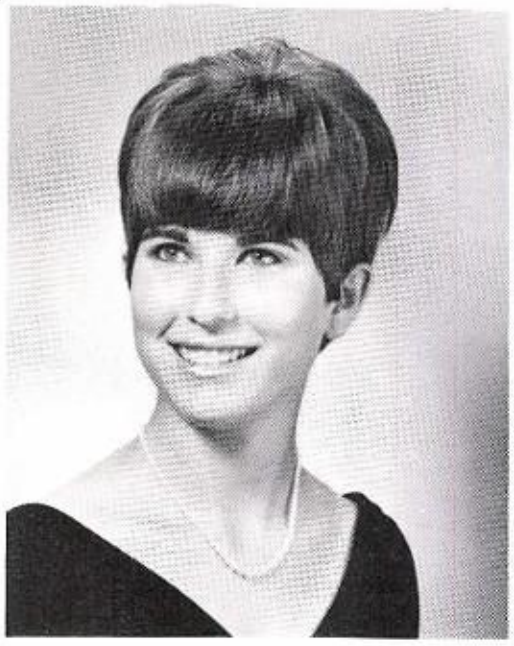
Winner of a bowling trophy, Joyce also likes to watch TV and shoot pool. She shopes to achieve her number one desire to be a model by attending a modeling school next year. Having enjoyed the rallies most, at Paly, Joyce will best remember the amphitheater and Mr. Leahy.





RICHARD W. BRINTON
Co-Editor Motif

Dick, a winner of a Certificate of Merit for Writing and other poetry and essay awards, plans to be a writer or psychologist. First impressed by Paly's overcrowdedness, he will remember room 13. Dick likes to "unwind" after school and spends weekends working and relaxing. Desiring to be happy and satisfied, he will go on to college with memories of the dances and plays, and his two favorite subjects, English and creative writing.



SUSAN RUTH BRITTAIN
Commissioner's Secretary
Social Planning Comm.
S Club

Accomplishing "nothing useful" after school and "having fun and trying to forget school" on weekends, Sue, this year's always-efficient Commish Secretary thinks "aside from the work, Paly's a great school." Sue found football games, basketball games, and track meets most enjoyable, but she would like to forget chemistry. With lasting memories of chaotic commissioners office and Mrs. Walsh, Sue will attend UCLA this fall to become a nurse.

MILLIE LAURA BROTHER

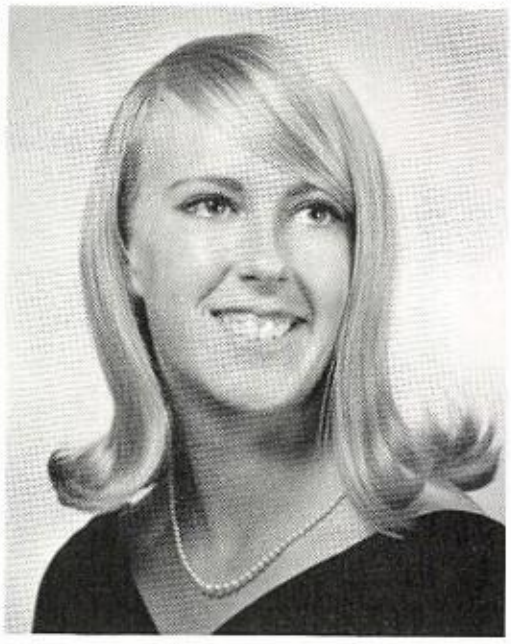
Neither Mildred, nor Millicent, but just plain Millie, our perkiest pom-pon girl, is one of the few intrigued by the "spindley deal" on the auditorium roof. She passes time after school polishing keys with Keyman, and during the summer, at the beach with Sioux and Linda. Millie desires above all to find universal peace, love, and understanding. An active participant in the Aquacade, Jinx, and BOW, "Flash" has miraculously still found time to win the highly selective Corinthian Award. With a Big Brother smile, our "Outstanding Citizen of the third grade" looks forward to a teaching career after Stanford or UCSB.



PEGGY R. BROTHERS
Ski Club

Remembering Paly for the music at noon in the amphitheater and the football games, Peggy would like to be nicer to people she can't stand. Often heard saying "you're kidding" or "too bad" she enjoyed her best subject, brunch, and Mr. Stoelzel's class. Her outside interests include sewing, cooking, eating and goofing around. After graduation, Peggy plans to travel to Europe and become a home economics teacher.

"Beautiful Brown", boy biologist, has been almost everywhere. Terry wants to be successful in what he becomes with sufficient wealth, and, if he keeps sketching, studying, and designing models, he'll make it yet. A nice, likeable person, Terry will be remembered most for his height, his smile, and his name. Along with football games and elections, he won't forget the amphitheater or the impressive spirit.

CLIFFORD ARTHUR BRYANT

Remembering Paly best for the riots in the Senior Court and "the glittering green floor," Cliff also enjoyed the Awards Assembly, where he just melted with envy. His outside interests include Goya, Dickens, listening to Mozart, and reading. On his way to Oberlin, Cliff will pursue art history and will fulfill his number one desire to be an art historian.

Planning to attend a Cal campus, hopefully Santa Cruz, Cary's first desire is to get a good scholarship. As a future social worker or stewardess, she will remember being stage manager for The King and I and Jinx. With no best or worst subjects, Cary will remember Mrs. Mueller, Mr. Ochoa, and Mr. Bross best.

PETER BABCOCK BURKE
Gymnastics
Constantly borrowing paper, Peter would like to be remembered for his honesty and integrity. Peter's most exciting experiences include getting his little finger caught in a door and travelling in Canada, Mexico, and the East. Memories of the amphitheater, the boys' gym, the football games, Mr. Martin, and Mr. Mayne stand out in this future electrical engineer's mind. Heading for Cal Poly next fall, Peter hopes to be successful in all that he does.

Len, one of 67's star athletes, wants to be remembered for "every Friday, practically committing suicide for Paly on the football field." The most exciting thing he has ever done was "playing in the 1965 Paly-Woodside game." Len will never forget Mr. Kendall, Mr. Fairchild, and Mr. Ochoa or lunch time in the amphitheater and great spirit at football games. "Gomer Pyle" would like to gain more weight and to be successful. He never did understand Paly and never will, but he does know that "Paly has the best coaching staff in the SPAL."

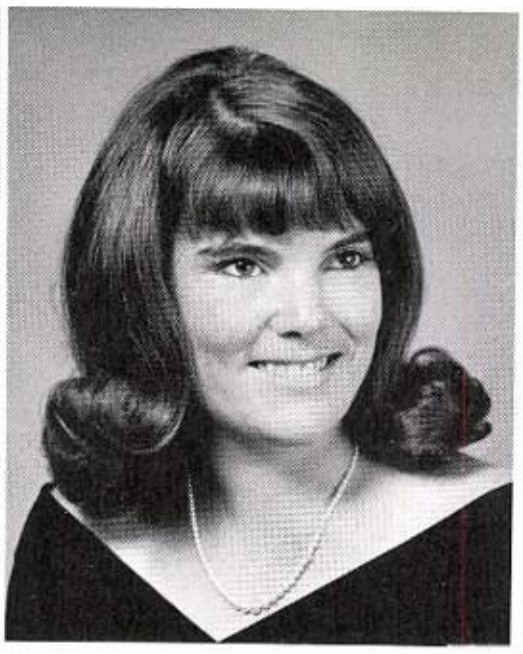
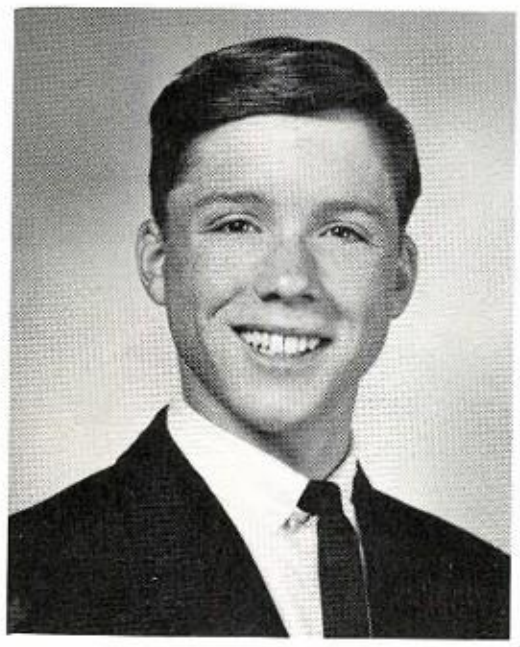
A common sight around Paly is Sioux beebop-pin' down the halls with her long blonde hair and chartreuse baggy shorts. Paly's spirited Little Vike best remembers her beach trips with Mil and Lin, the Paly parking lot, Mrs. Stilwell, and the rallies. After working at Rhodes as Hi-Board co-chairman and recovering from Friday football games, Sioux finds time for cleaning her teepee and dating M.F.E. rabbits. After graduation, Sioux hopes to attend San Francisco State, major in psychology, and look to a future of happiness.



LINDA JEANNE CASEY

After Linda fulfills half of her number one desire "to graduate in '67," she plans on Foothill College where she will take secretarial courses. "Mainly to be happy" is the other half of her desire, which she is when enjoying her hobbies—swimming and horseback riding. She will remember the main hall and the picnic tables, while she enjoyed football games, dances, and the plays. We will remember her for her freckles which she would like to get rid of. Her favorite expression, "Catch ya later" came in handy in her sophomore year at Paly, "a big school." Now she knows better, saying, "It's just like any other school once you get to know your way around."



PAUL LEO CASMEY

Paul, who spends his weekends fishing for large mouth bass or trout, says his biggest thrill was catching a four pound large mouth bass. Remembering most the Boys' Gym, Mr. Owens, the dances, and the football games at Paly, Paul would like to be remembered "as a good young man who never would hurt anybody." He plans to pursue his best subject, art, at Foothill where he will study to become an art teacher.

PAULINE L. CASMEY

Pauline will remember Paly's teachers best, especially Mrs. Walsh, Mr. Leahy, and Mr. Shugart. Roller-skating, swimming, sewing, and working at Maximart occupy much of Pauline's time. Carrying fond memories of her alma mater, Pauline will go to work after graduation.

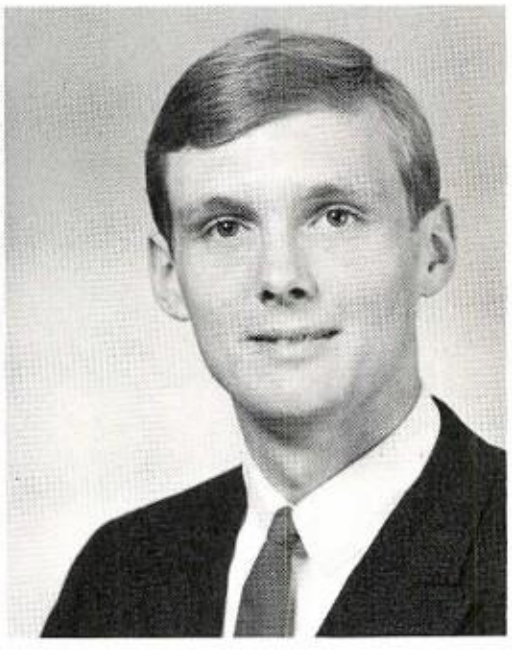
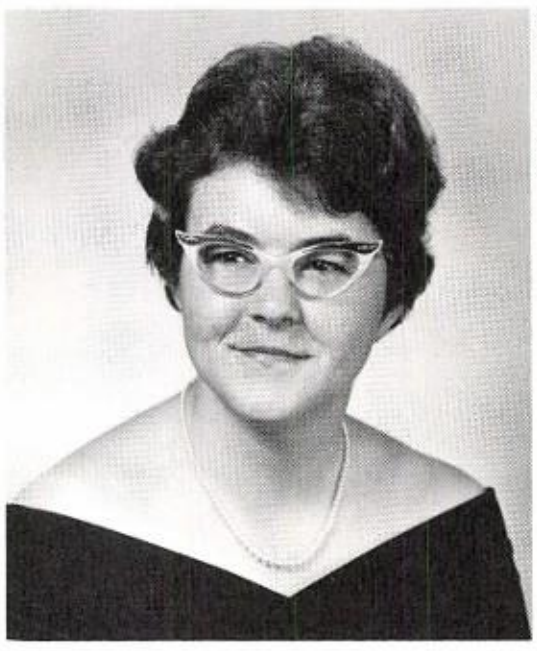
He lists his outside interests as sports, cars, and relaxing in Carmel, where he would like to "own a small house, be a private architect, and operate a jewelry store on the side." He can be found working on his car and playing on weekends, while after school he works, does homework, and sleeps. Myles, who will be remembered for Jacqui Davis, would like to be wealthy, but not pervile. His various artistic interests—clothes design, interior design, and architecture—will take him to Talsman West after graduation.





CATHERINE ELIZABETH CIOFALO

Gardening, sewing, playing the guitar, collecting rocks, and folk songs keep Cathy busy in her free time. A 4-H club member whose best subject is German, she desires most to be able to travel and live in other countries. Planning to attend Foothill to pursue liberal arts, Cathy will remember Paly Dress-up Days.

Daring to sit in a car with Mike Allen driving is the most exciting endeavor this year's Election Board Chairman has undertaken. George would like to be best remembered for "the mess I made in the stupid commissioners' office," and we will always remember this mighty "C" swimmer for how muscular he is. Elections and Friday night basketball games, particularly at Ravenswood, rate highest as George's most enjoyed activities at Paly. Planning on going to a Big Ten school and to major in a science, George will take with him memories of Mr. Ochoa and Mr. Presley.

CHRISTOPHER DAVID COFFMAN

"To have my own radio show" is the future disc jockey's major desire. The amphitheater and "the people I saw at school every day for three years" will be remembered best by Chris. Working at the Palo Alto Times after school, Chris was also active in his church's Sr. High Dept. Dreaming, traveling, working, and studying occupy most of his free time and weekends. Remembered for "my wanting to counsel people," Chris will move on to the University of Denver in the fall.

Interested in singing and scouting, Andy spends his summers working at Huntington Lake. Next year he plans to attend Cal Poly or Foothill so he can become "a big wheel in business." As he goes on trying to achieve his number one desire of winning a contest, he will take with him memories of football and basketball games, dances, plays, and room 207 where he had his worst subject, French.

ANN G. COOLEY

Always impressed by how big Paly is, Ann remembers the main hall and the amphitheater best. Ann has worked on a ranch in Canada, at a children's camp, and belongs to the Menlo Players Guild. She plans to attend Ohio Wesleyan to study drama and become a junior high teacher. As she goes on seeking to be happy she will remember the football games and Mr. Ochoa.

STEVEN D. COOPER

A future forester or conservation officer, Steven plans to study forestry at Foothill or the University of California at Berkeley. Steve, who works at a pet store after school, spends any other time he has hunting and fishing. The King and I and the football games will stand out most in Steve's memory as he pursues his chief ambition in life—to marry a special girl and live on a small farm.

One of 67's nicest people and our Most Studious, Linda best enjoyed Paly's football games, basketball games, and The King and I. Although catching the early 7 a.m. bus for her first period science labs was often a struggle, her efforts earned her an award in physics. Whether counting ballots, designing dance decorations, or working endlessly at car washes, Linda always contributed her best to make all of Paly's activities a success. Somehow she finds time for studying, sewing, knitting, art, and playing the piano. College-bound, Linda plans to become a doctor and "live happily ever after."

DAWN DAVIS

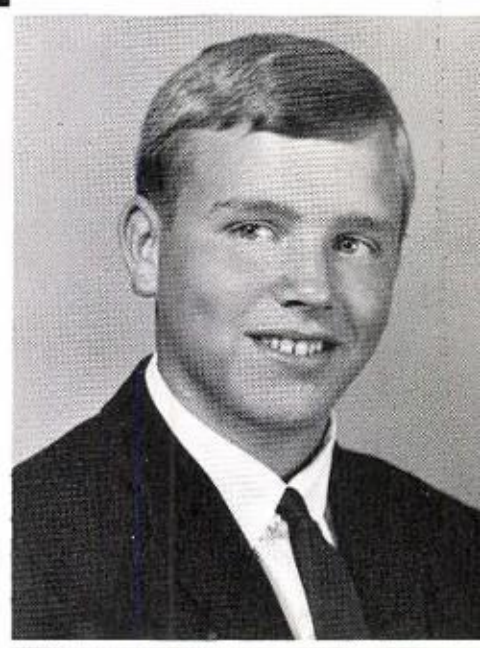
Being remembered as one half of '67's Cutest Couple, Dawn grew up in Dallas, Texas. She says the most exciting thing she has ever done was "to go on a fantastic motorcycle ride with Mike," and her number one desire is to own a Suzuki 250. The parking lot and the amphitheater, along with dances, rallies, and the jinx, will be what Down remembers most about Paly. As a sophomore Dawn's first impression of Paly was that it was big and confusing, but now "I like it just fine."



GLENN W. DAVIS
Golf
Band
Playing golf, wasting time, and outdoing the chemistry lab breakage record, Glenn finds moments for homework, sleeping in English, and the Santa Clara Youth Band. Cal Poly, being rich, engineering, and "out of school" are among Glenn's interests. He also hopes to have his band, the Basin Street Dukes, in the Monterey Jazz Festival. Glenn would like to be 6'9", 270 pounds, and be remembered for his autographed gym suit. Glenn will think of the "large foreboding institution" in terms of Dr. Gray, the library, and room 14.

JACQUI DAVIS

Jacqui is interested mostly in being hap-hap-happy. She is partial to Mr. Thornton and will never forget the rallies, games, dances, and the Jinx. While working on weekends and studying, Jacqui is often heard saying "Oh, Chute!" Headed for Foothill in the fall, this senior will long remember lunch, the activities, and the Class of '67 and everything that went with it.

Always saying "You've got nothing to lose," Geoffrey will be remembered as a good sport. Flying a "Lazy Eight" at 4000 feet rates exciting with him as does being President of the United States or a large corporation. Geof will attend the University of California, studying political science and psychology for a future as a government diplomat. His interests—skiing, swimming, stamp collecting, and electronics—keep him busy when he is not doing homework or working as a computer operator. Memories of Paly's student government, the Campanile Tower, the Jinx, and Hollywood and Vine will often be recalled by Geof when he heads for college this fall.

She will continue on to bigger and better things such as Lewis and Clark for college, but will never forget Paly's football games, rallies, and Dress-up Day.

PAMELA FAYE ERWIN

Gigging heads the list of Pam's outside interests, while she also enjoys waterskiing, "catching rays," and swimming. A native of Idaho, Pam won't forget the senior parking lot, the football games and after, and her sophomore year. Her most exciting experience was having a telephone pole hit her on El Camino in Redwood City. Desiring most "to get what I want out of life," Pam would like to be a gas station attendant, a job she is highly qualified for, being the only girl we know who can take a car apart and put it back together.

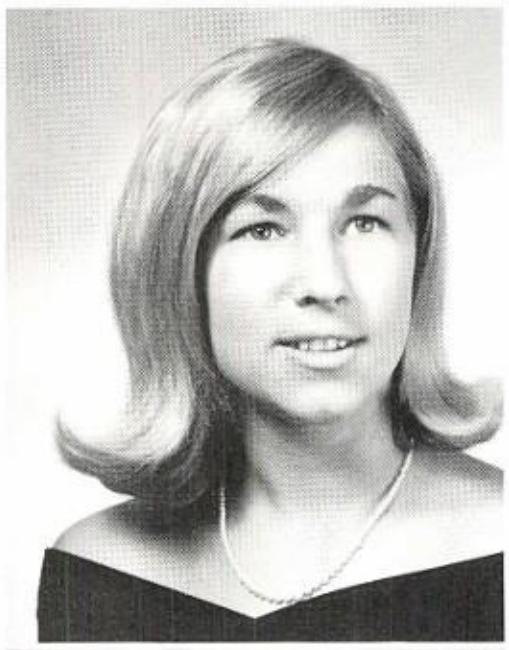
Bob's number one desire is to have "true gentilesse," and wants to be remembered for "at least trying to be friendly and fair to everyone." Bob wants to go to Williams College to study History and pursue his wish to be a lawyer, political science professor politician.



CHRISTINE UREKA FAULCONER

Poly's future astronaut says the most exciting thing she has ever done is go to jail. She has traveled in the northwestern states and Canada besides growing up in San Francisco and Pennsylvania. Her outside interests are motorcycling, water-skiing, and judo, and her number one desire is to sky dive. At Poly Chris enjoyed going to school because "it's a great social meeting." Chris' best subject is woodshop and her worst is math. If she could change something about herself it would be her personality. Her senior flame? An elephant.

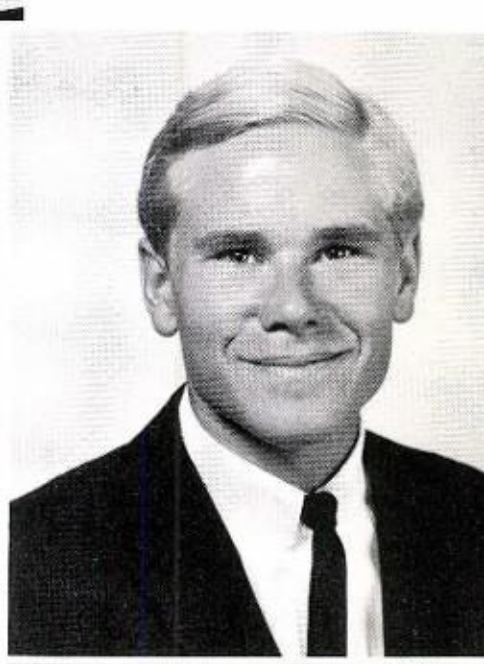
Saying "Forget you," while back packing in the Sierras or at meetings of Explorer Post 63, Jan desires most to hitch-hike around Europe to "really live with the people." Weekends are spent doing homework, playing the guitar, singing, and being with her many friends. A member of Athena and "Wild Bill Bunton's Blues band," Jan has liked Paly's football games and plays the most, and she won't forget the Science Wing before going to college at the University of Oregon to study to become a doctor.



KEITH ROBERT JACQUES
Sophomore Football
Having traveled to T.J. and all points south, Keith plans to travel to "a small junior college located in the Los Altos foothills" after graduation to study business. Usually found on weekends "making like bread and loafing around" with fellow J. & J. Boy's club members, "Toad's" most exciting experience (Pam's Dress-Up Day) happened in his soph year with Tom during which they did very creditable imitations of little ole ladies. Keith'll remember Mr. Leslie and the parking lot best at Paly while he hopes we'll remember him "as being a nice guy."

Tim, '67's Most Sophisticated fellow, says he enjoys all sports. After school he practices his sport and on weekends he plays golf at Palo Alto Hills Golf and Country Club. Tim plans on attending Hope College in Michigan where he would like to study business administration and "be a success in any vocation I go into". While at Paly, Tim enjoyed the football and basketball games but remembers the parking lot as well.

TROY LEWIS JAMES

Troy's impression of Paly has changed through the years from "Rough School" to "Easy". His weekends are spent camping. Troy will carry memories of everything from the football games to the Campanile Tower, including all the teachers he had. He has lived in Belmont, San Mateo, and San Bruno, and he has worked at Stickney's and Garden Gate. Troy intends to go to Foothill or Brooks to pursue the field of photography.

GEORGIA ANNE ELIZABETH JENNINGS

Born in England, raised in the Domincan Republic and in several parts of the U.S., Georgia desires to visit the land of her birth. Her interests include swimming, singing, and ceramics. Also interested in drama, Georgia plans to become an actress or a drama teacher.

MARTHA ANN JERNBERG

Flying in an amphibian airplane is the most thrilling thing Martha has ever done. Candystriping, working at the Children's Health Council, and reading "Peanuts" are among her after-school activities. The school bus, the textbook room, and Mrs. Gautschi's swim class will hold starred positions in Martha's memory as she heads for Gulf Park or Foothill to study physio therapy.

Being a member of the Rat Patrol is the most exciting thing Sherry has ever done. After school she can be found checking the mailbox for letters from her "hero and protector." Sherry, who will be remembered for her inattendance record, will not forget the parking lot, the men at Poly, or Mr. Stoelzel. If she could change something about herself it would be "the whole thing," which explains her desire to be a boy and ride cycles.

Remembering Poly for "the bushes", Jon will be remembered for being a "wise guy". His most exciting adventure was going to Mexico with friends, and he has traveled twice to Australia. After school time is spent with golf and work, but on weekends Jon has "fun". His outside interests are "golf, curling, and skin diving," and he has been named the Most Valuable Player in SPAL for golf. Next fall Jon will attend college at UCSB or USF.

DAVID M. JOHNSON

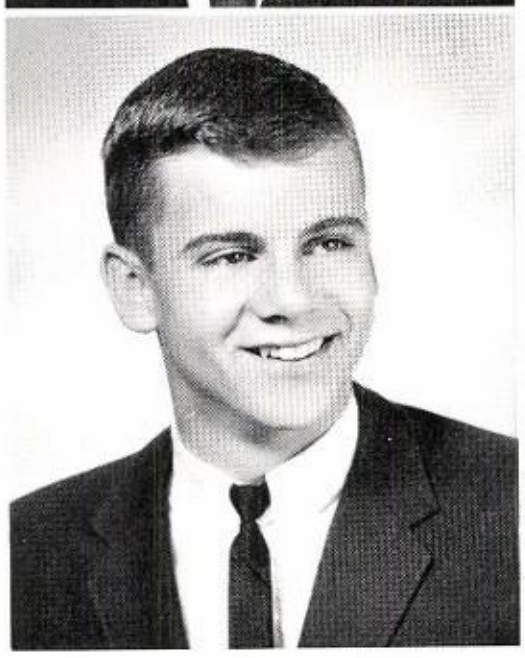
Dave, who would like to pursue the field of business or law, is undecided about what college to attend. His outside interests include archery and riflery and he has won awards in both sports. The most exciting thing he has ever done was "being ejected from the Sahara/Tahoe at 3:30 Sunday morning." The thing enjoyed most at Poly by David was "post 2:45 pm" and he will never forget Mr. Jenkins. He would like to make one last comment: "Notify D. Murdock that Barney Nard is still alive."



BILL RUSSELL JOHNSON

Bill, who plans on college at Cal at Irvine, says the most exciting thing he has ever done is ride shotgun in N.H.'s Demolition Derby. The two things Bill will remember most about Payl are the Churchill exit and Mr. Simitian, He says if he could change something about himself he would be 6" taller and 80 lbs. heavier. If asked if "no one" is his senior flame, Bill will surely say "this is true."

Painting under fluorescent lights, skiing, motorcycling and candystriping fill Margi's after school hours, while she struggles with English during school. This senior will always remember the Senior Ball, Mr. Ochoa, graduation ceremonies, Mr. Stoelzel, the parking lot, and Mrs. Dearing, but she would just as soon forget Poly's "grapevine gossip" and "put on attitudes." Margi most desires to be understood and to understand others, and to have a fun and exciting life.

"In a place a little farther west of reality" Sue spends her free time. Last summer she traveled in Europe. A worker in SNCC since November 1964, she would now like to attend Cal at Santa Cruz to study languages and become a teacher. She describes Poly's change since her sophomore year as from "a long, empty hall filled with too many people" to "a long, crowded hall with too many empty people" and her main desire is to "live."

GARY J. KAUFMANN

Hunting and camping all over the U.S., Gary now desires to study forestry and become a forest ranger. This outdoorsy senior who hopes Poly and its trees are not demolished, plans on Foothill in the fall and taking with him his long remembered wardrobe he hopes the Class of '67 will think of him for what he is. While drafting has been his best subject and English his worse, Gary ventures into the outside world and hopes to see the forest through the trees.

Becky, whose first impression of Poly was the putrid shade of green in the halls, has been dreaming ever since of painting the walls "pink with madrone polka-dots." Becky's number one desire is to drive to her classes at Stanford in her own XKE. As she prepares for a career in social work, Becky will always remember Luke Snagg, Poly's phones, and the football games.

MARYLOU A. KINGHORN

Marylou, a future dental hygienist, now works at Cornish & Carey Pharmacy. She spends her weekends "working and goofing around" and desires just to be happy. At Poly, Marylou enjoyed the games and rallies and will remember the Embarcadero entrance, but hated the homework she had to do after school.

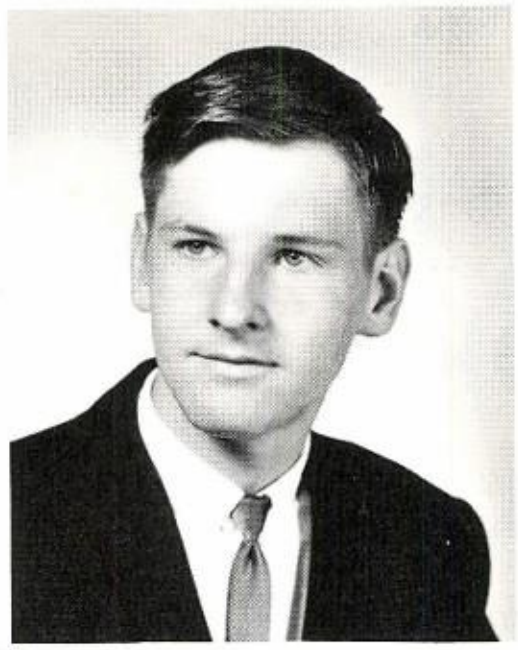
Along with his other activities, Raleigh was a member of JSA, Election Board, and worked in the Co-op. On his way to Stanford or UCLA, Raleigh will pursue his ambition to pilot commercial airplanes.

DALE CHARLES KNEEBONE

Washing and driving his car and motorcycle is Dale's outside interests which keeps him busy on weekends. Science and botany will be the field of study taken up when he attends either San Jose State or Foothill. Having traveled "to school and occasionally, to the city's limit", Dale's number one desire is "to forever be a bachelor." With his first look at Paly, Dale exclaimed "Hurry up Senior year!"; now his impression is "Hurry up graduation 1967!"



NANCY ANNE KOKALIS

Nancy's interests are waterskiing and motorcycle racing. Hoping to be a success at something, she plans to attend Foothill so that she can decide what it will be. Struggling through her English classes, she will remember waiting for the 2:45 bell on Fridays, and the football games.

SUSAN MARGARET KONRADY

Having traveled in Hawaii and Guam, this senior would like most "to be healthy, wealthy, happy and wise." When Susan first came to Paly, she found the school big and she looked up at all the seniors; now, after three years, she thinks just the opposite: "It's small and I look down at all the sophomores." Sue will most remember Paly's football games and Mr. Mayne as she goes on to college at San Jose State or Foothill, where she will study Languages to become an airline hostess.

Adding esteem to Stanford's Union, ski trips, and his pool table, Kremen will be eternally remembered by George, the football field, and the Class of '67.

MARK KRILANOVICH

A rare student, Mark astonishes many when he tells of his taking seven solids in his senior year to graduate after only two years of high school. Even though Mark deliberately cut his time at Paly by one third, he looks on graduation as "a terrible thing." Mark's interests range from electronics, chemistry, math, and photography to playing the piano, trumpet, guitar, and banjo. Headed for UC at San Diego or Santa Barbara, Mark hopes one day to become a composer and a linguist.

After college at Cal at Riverside where she would like to study Russian culture, Roberta is probably our only senior who desires to travel and live in Russia. Because of a pre-season powderpuff football injury, Roberta moved her spirit from the field to the stands and was always seen at Paly's football games, basketball games, and swim meets enthusiastically cheering on our teams. Roberta spends her weekends working for the Children's Health Council, doing homework, or pursuing one of her many hobbies which include tennis, knitting, swimming, piano, and guitar.

DEIDRE ANNE LEARY

Dee Dee, a well traveled girl, says her hobbies are skiing (water and snow), tennis, swimming, dating, and bridge. After school she either "goofs off" or candy-stripes. After high school Deidre plans on going to U.S.F. where she will study nursing to become a specialized pediatrics nurse. While at Paly Dee Dee enjoyed the football games and will remember the green floors and Mr. Trujillo most. If she could change something about herself it would be her crazy laugh. She would most like to be remembered for her happiness.

JOHN THEODORE LERCH

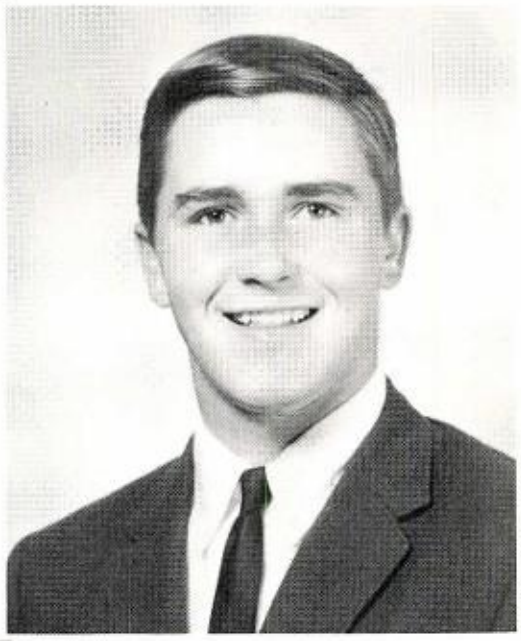
With athletics as his main interest it is understandable that John is one of Paly's star football players. After leaving Paly, "an extremely well qualified and serviceable institution," John plans to attend Cal at Berkeley. Remembering Mr. Presto and Mr. Bunton, John thinks it would be "great" to be remembered for his "great desire to see advancement of the human mind and the democratic society."



ROGER DANFORD LION

Snow skiing, hiking, and "sitting around and watching people" are Roger's outside interests. The cafeteria and the "traffic jams at lunch" are his prime observation areas. His childhood spent in Palo Alto, Roger has been long active in his church's youth group. Seeing Europe and the U.S. and "doing all kinds of things," including working outside of school, Roger remains busy. Although college plans are undecided, where ever he goes Roger will keep in mind the amphitheater and the "great music played there."

Barbara, our Most Radical Girl, uses her free time to pull away the bars and participate in SNCC and the Free University of Palo Alto. Having tear gas thrown at her in an anti-war demonstration ranks as her most exciting experience. Hoping never to see such "empty, narrow-minded, self-satisfied, unappreciative" people as Paly has, she travels to college in the East. Planning on psychology, Barbara's life desire is to be continuously happy and to live where people are at peace with one another.

DUNCAN R. MACAULAY
Basketball

Duncan, leader of the Images, lists his outside hobbies as "Wine, Women, and Song". Relating to his interest in sounds, he has worked at Swain's House of Music. Remembering the parking lot and the weird kids at Paly, he will never forget "the Art Man". Going to practice and parties occupies most of his spare time; the rest is spent trying to fulfill his number one desire, to be "big enough to hit Bruce Gleim in the mug." Duncan plans to attend San Jose State after graduation.

CATHY A. MAHRHOLZ

"Driving around Palo Alto with a life-size reindeer" rates with Cathy as her most exciting experience, but she cannot decide which of her number one desires is most important: remembering Frau Cate or the rules about smoking. "Skull" will be remembered for her nickname. Hoping to attend the University of Hawaii to study geophysics, Cathy would like to weigh 200 lbs. for a day.

LARRY V. MAKJAVICH

Larry's job at Blum's provides a sharp contrast to his interest in auto mechanics and drag racing. Larry will always remember the parking lot and the football games best. After serving in the armed forces Larry plans to become an auto mechanic.

"Seeing Marianne swallow a live goldfish," Ann's most exciting experience, gave her a lot of practice for her main outside interest—laughing hard. Ann's desire is to "climb Mt. Rushmore and sit on one of those dude's noses." The Jinx, football, and basketball games are the activities she enjoyed most at Paly while she will always remember the Parking Lot and the fights. Planning to attend San Jose State to become a teacher, she will always remember '67 Spirit as the best.

ED G. MARTIN

This J & J Boys' Club member spends his weekends at parties, dances, and doing this and that. The most exciting thing Ed has ever done is scored five times in one night which may explain his number one desire to be a success at whatever he tries. A native of St. Louis, Missouri, Ed is not sure what he would change about himself if he could, but he thinks his yearbook picture "doesn't justify me." After graduation Ed will attend trade school sooner or later remembering the parking lot at Paly.

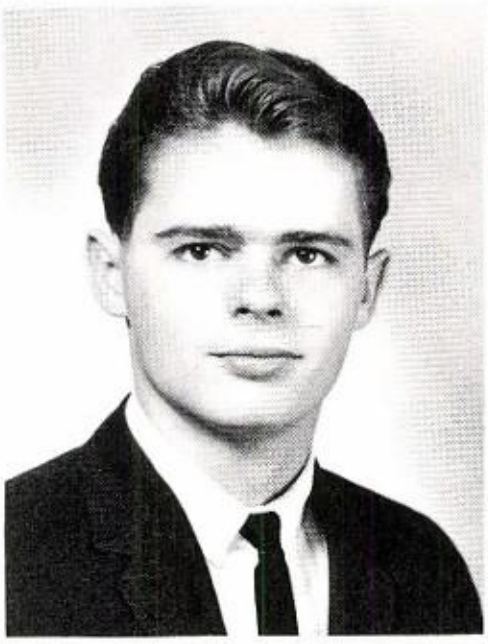
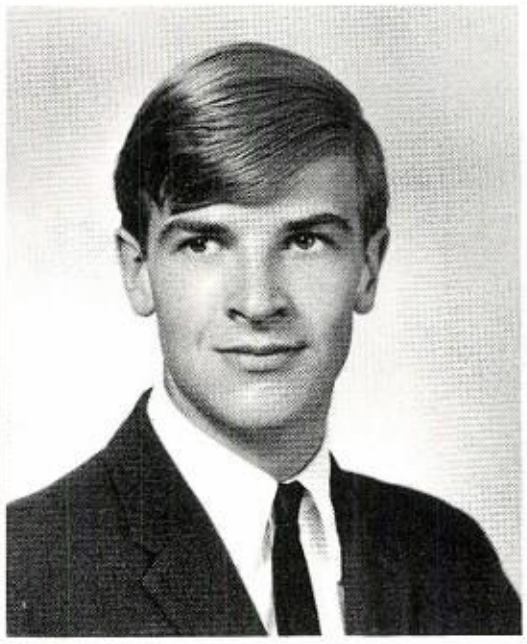
While at Paly, she has activated rallies, the Jinx, games, and dress-up day, and as our Junior Football Queen, Little One again was doing what she most enjoys, promoting school spirit.

DAVE H. MAXWELL

Dave will best remember Paly's parking lot, where he left his favorite outside interest, his car, as he began each day at Paly. Although he cannot have his wish to change his height, Dave has made a beginning towards his number one desire "to be rich" by working at the Palo Alto Drive-In (that is, if he finds time to work in between parties!. His best subject is bookkeeping which should help him as he studies engineering at Foothill.





WILLIAM JOSEPH McALLISTER

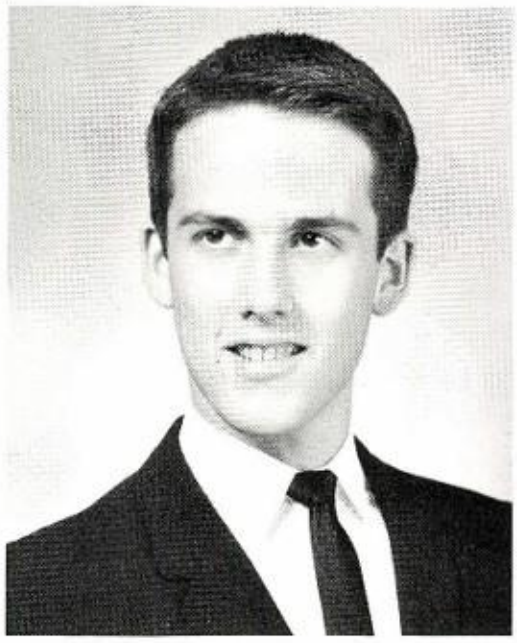
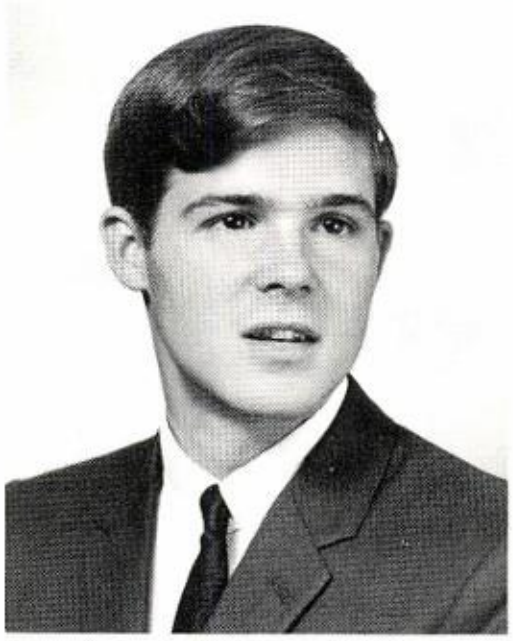
With sixteen tongues, Mike is never lost for words. Vitality and stamina best describe this active senior, busied with church activities, Octet, CSF, musicals, and shoulder lifts in Frau Cate's troupe. While attending college at BYU and happily serving others, Mike hopes to continue singing, dancing in state ballroom competition, and piano playing. An industrious "omons linguorium", Mike insists Paly is number one, gets the best AFS'ers, and has people and spirit plus. Paly will certainly be tongue tied without this wonder whirl wind.



LINDA MEADOWS

Paly's most colorful senior can always be found with Donald or behind the wheel of her vicious VW. Lin will never forget her summer camping at the beach with Sioux and Millie, or the big thrill of driving Don's car. Topping her list of favorite teachers is Mr. Martin Stoelzel because of his brilliant bets and match making techniques. This senior will always be remembered for her "extreme sophistication" as she travels onward to Vassar to become a garbage man.



WILLIAM H. MEHLBERG

When Bill comes down from the sky and up from the sea, he finds time to work at Macy's. He likes deep sea fishing and describes skydiving as thrilling. Bill, having traveled in both North and South America, only has five more continents to visit. In the fall he will be at Stanford studying medicine, later to specialize in neurosurgery.

ERIC WAYNE MEIGS

Remembered for being himself, Eric has enjoyed the football games. He grew up in Palo Alto, but has seen many states. He belongs to his church youth group, does yard jobs, and plans to go to Foothill. His best subject is electronics and Eric will always remember Coach Leslie.

CHARLES E. MEILI

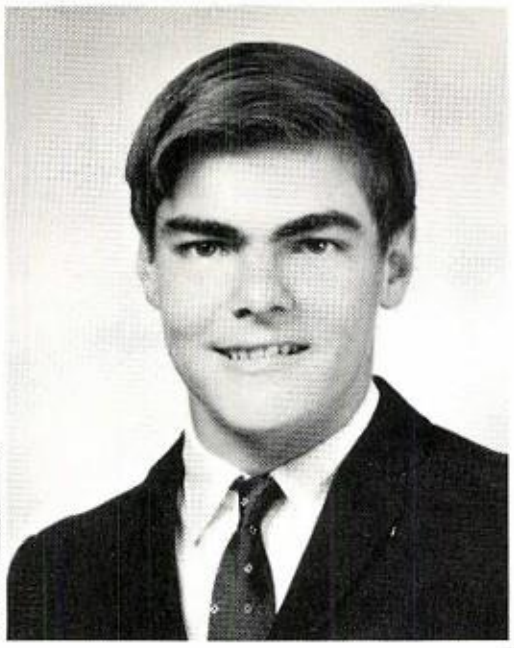
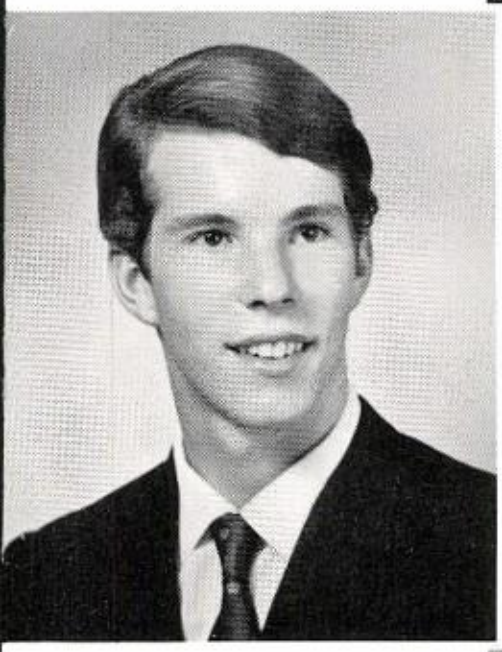
Flying Club
World traveler Charlie hopes to work his appetite for far away places into a profession. He wants to become an airline pilot. Here at Poly Charlie has certainly started off on the right foot. He has spent most of his school time in aero shop, aero club, or flying club. With this background Charlie hopes to go on to college at "who knows where." A thorough course in aeronautics seems the obvious choice for his continued schooling. When Charlie comes down to earth, he enjoys Poly's cheerleaders, football, and basketball games.



RODGER B. MERCER

A native Palo Alton, Rodger has traveled the Western United States and Canada. Golfing and sports cars are his outside hobbies, that are followed by his desire to own a Ferrari. His best subject is English and his worst is math. Rodger says he will never forget Mr. Mayne and Miss Sakoda. If he had something to change about himself, Rodger would make it his yearbook picture.



JOHN G. MERNER

John, who considers his trip to Europe as his most exciting adventure, is interested in stamps, guns, and the piano. He has worked at his father's store and at other odd jobs. Next year John will be at college studying engineering and hoping to be a stock broker. As he continues to desire to be useful in life he will have memories of the main hall, football games, Mr. Parker, and Mr. Thompson to remind him of Poly.

Larry is interested in reading, violin, and swimming. Hoping to become a wealthy college professor, he plans to attend college next year to study something in the humanities or social sciences. His number one desire is happiness, which he certainly did not find in Mr. Presley's class. The parts of Poly he will remember best include the auditorium, library, amphitheater, football games, and dances.

TIMOTHY W. MEYER

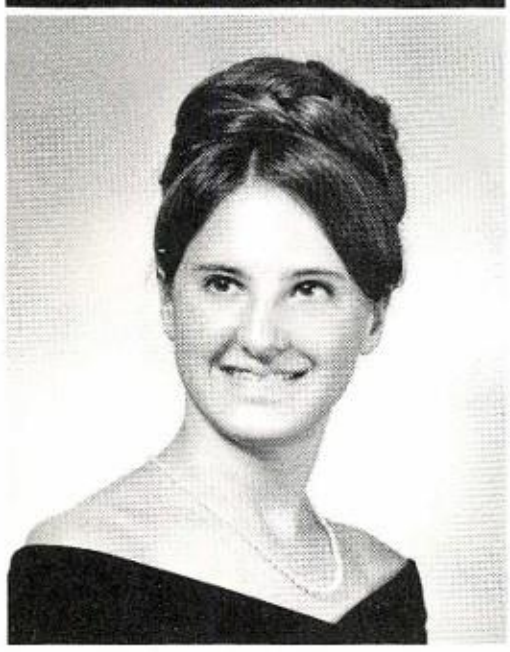
Sr. Privilege Card Committee
Executive Board of CSF
Winner of the Harvard Book Award, Tim plans to attend Stanford or Harvard. He grew up in Palo Alto, but has been to Europe and around the world, his most exciting adventure. This National Merit Semi finalist is also one of Poly's Most Diligent students and outstanding seniors. Tim cites his hobby as a 1935 Pontiac—the one he drives to school.

JULIETTE ELOISE MICHAELSEN

This August graduate is interested in studyir Marine Biology. Last summer she worked at S drawing seals. Julie has lived and traveled c over North America and has been at the Ur versity of Washington in Seattle this yec Working on plays was what she enjoyed mo but she can never forget the ech green histo rooms. Often heard to say Oops, she nc declares her number one desire is to Ma Love, Not War.

MICHAEL JON MIDGLEY
C Basketball
Gold Star Scholarship Cm.
Mike "the Mise's" future includes college and "searching for the good life." While we remember red-haired Mike for his "thriftiness," he will remember Poly's parking lot and the attendance office. To become a "Huckster" for a Metropolis Advertising Agency is his ambition. Mike's number one desire is to run a number's racket. As a sophomore Mike thought of Poly as "a school where I could get away with anything," and now as a senior he thinks "I got away with everything."



SHIRLEY JEAN MISENHIMER
GAA
Impressed by Poly's crowds and the main hall, Shirley will also remember the rallies, football games, and plays. She is interested in cooking and swimming and likes to spend free time shopping and going to friends' houses. Next year will find her at Foothill studying to be a dental assistant or physical therapist.

After departing the hallowed and "much too old" halls of Poly, Brian heads east for college in the Ivy League. There he hopes to pursue his interests in history and international relations, perhaps at Penn State. Going with him are memories of Poly's "motley crew of profs"—especially "wild man" Dewey Johnson. Brian enjoys basketball games, but counts his outside interests of swimming and stamp collecting as heavy favorites. Trips to the mountains also rate high on his list. Along with other subjects, French proved to be "all in a day's work" as Brian copped a first prize in the French Field Day.

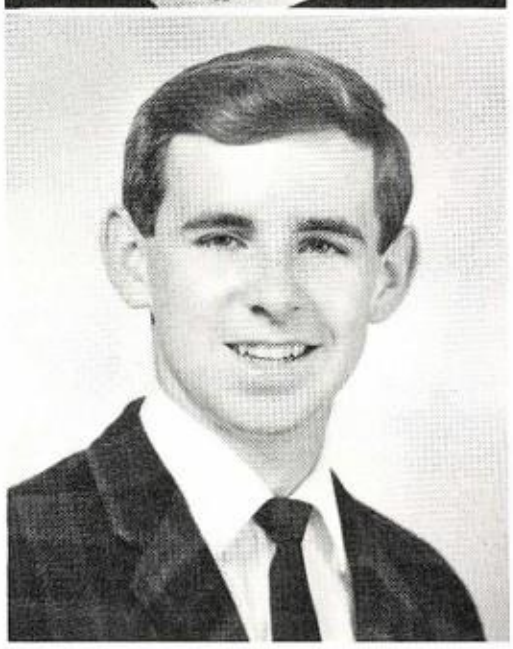
His memories of Poly center around Mr. Johnson and the room 14 "echo chamber." Greg plans to attend an Ivy League college and study law or political science. He would like to be a political commentor or columnist.



RORY DOGGIE MOORE

Rory will never be forgotten for many reasons, one being her "obnoxious" participation in the bleachers at football games. Her many interests include pulling out stop signs with Marianne and gigging before, after, and during football games. Her best subject, trigonometry, will be forsaken in the fall when she attends Foothill to study wrestling, which she practices on weekends. Remembering Mr. Stoelzel, the parking lot, lunch, and her sophomore year, Rory only has one that sets her afire—Grand fa-ta.

Beverly feels people will remember her most for the great misery and torture she had marching with her French Horn. During her years at Poly, she could be seen admiring the Campanile Tower and Poly's "beautiful, old Spanish architecture." Her favorite expression is "Sorry about that!" Bev's most exciting experience is learning how to slalom water ski in Acapulco. To marry a rich, handsome young man is her number one desire, and she wishes she could "not be so terribly thin." Bev is headed for San Jose State to study business, hoping to become an accountant.

WILLIAM GEORGE MULDOON

One of our more colorful seniors, Pat plans on college at Harvard, Yale, or Foothill after which he would like to be a police officer. About Poly, he will remember the parking lot plays and Mr. Kendall. On weekends and after school Pat can be found working at C&B Chevron. His number one desire is to be 5'6" tall and he thinks he will be remembered for "my big mouth" but would also like to be remembered for his car.

YVONNE LISA MUNKS

Mr. Stoelzel and art are Yvonne's prime Poly interests. Aside from traveling to Carmel, this senior finds time to struggle with dreaded chemistry homework and pursue her art interests. Upon graduation Yvonne would like to attend San Jose State or Foothill and, of course, "become something in the field of art." Poly tradition is too strong in Yvonne's opinion; however, she has no complaints regarding the art department.

As a sophomore Dave's impression of Poly was that it looked like work. As a senior his impression is that it was work. When asked if he belonged to any outside groups, Dave answered, "No, they're all inside groups." His outside interests include hi-fi, basketball, and astronomy. Dave wishes he were more ambitious, and he'd most like to be "in." He spends his weekends "cleansing his mind" which he apparently does very well, as he placed highly on the National Merit tests. To be responsible to no one is his desire. Dave will carry memories of apple wars, Frau Cate, the senior court, and the football games at Poly when he goes on to college at Pomona or Cal.

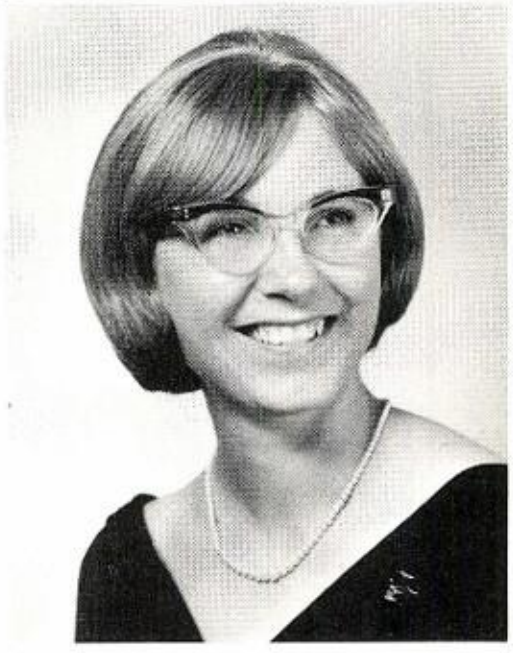
Don, who has lived all over the world, says his most exciting experience was exploring ancient ruins in the Middle East. Very active in student government and forensics, Don is working towards his number one desire of a "first place in the nation in Original Oratory." At Poly, he most enjoyed the Jinx and the speech tournaments. Hoping for a career in law, Don plans to attend Stanford, where he now works as assistant professor of Turkish.

SHIRLENE T. NAKATSU

Wishing for better study habits and wanting most to buy her own sports car, Shirlene once "had a wild time in LA." She plans to further her education at Foothill and become a secretary or a nurse. At Poly she liked the rallies and football games and will remember the main hall. She spends her free time going to movies and parties with friends.



NANCY LYNN NELSON

"Herding and cutting out bulls on horseback in Wyoming" is the most exciting thing Nancy has done. She worked in a motel in Cody, Wyoming, and would like to go to college, probably Foothill, to become an elementary school teacher. In Junior Achievement she earned junior executive and achiever awards. Here at Poly she enjoyed the football games, Jinx, plays, and rallies most. This school, that Nancy recalls as once being big and full of strangers, "still seems big, but is now filled with many friends."

PAUL ALAN NELSON

Always friendly and dependable, Cary crosses her fingers, goes on capers, and plans on college. Room 113, "the magnificent trees", and the King and I will go forever onward with her to Never-Never Land.

NICHOLAS C. PAPPAS

Nick, who takes the fifth amendment when asked about the most exciting thing he's ever done, has traveled all through Europe concentrating on the "Old Country", Greece. He spends his time reading, collecting anything and everything, working at the Stanford Union, and critically watching and evaluating movies and television. Nick's memories of Paly center around studying in the library. With a number one desire to retire young, Nick plans to attend Stanford or Cal and study history, military science, or criminology. Remembering Mr. Johnson fondly, Jon heads for maritime law at Sacramento State where he hopes to "grow up, become filthy rich, and retire at 30."

JEFFREY C. PETERS

Headed for UC Berkeley to study physical sciences, Jeff would like to be a research chemist or physicist. His hobby is working on electronic projects. He came to Paly from Bellingham, Washington, and has also been to Hawaii. As he goes on to pursue his favorite subject, chemistry, he will carry with him memories of the Campanile Tower, Mr. Martin, and Mr. Hepworth.

LYNETTE CORINNE PETTY

Riding in a drill team was this past Rodeo Queen's most exciting experience. Along with earning awards for her horsemanship, Lynette spends time coin collecting, strumming the banjo, and traveling through Canada, Mexico, and the western states. Thinking she will be remembered by schoolmates for her "big mouth", she enjoyed Paly basketball games and Mr. Ochoa's French class. Her number one desire is to be happy. Lynette heads for Cal Poly to be a horticulturist.

DENISE R. SALABERT

Denise, whose senior flame is 007, fears people will remember her most for her freckles. Making it to Santa Cruz in her '53 Olds was the most exciting thing she has ever done. Her special interests are boys, especially the juniors. She has enjoyed the football and basketball games and will remember Mrs. Wolfsohn best. Next year she plans to work and wants to be remembered for herself.

Having killed two rattlesnakes last summer at Foothill Park, Roger's interest in taxidermy comes in handy. He also raises all sorts of animals and builds powered models. Surfing is one of Roger's favorite pastimes; homework isn't. He heads to San Jose State to study engineering so he can change his "body from a beanpole". Roger will not forget the calorie consuming hike upstairs to his locker, math with Mr. Parker, Mr. Ochoa or the lunch lines.

Squeezing Blueseal Bread excites Alison beyond receiving girl scout badges. An active member in the California Youth Symphony, she likes sewing, swimming, and bike riding. Decorating her bathroom and Poly's basement are among Alison's pastimes. She would like to change her nose and Monday classes and likes rallies, lunches and dances. "Are you kidding" replies Alison, hoping for everyone to be happy and heading for Foothill or a Cal campus this fall.

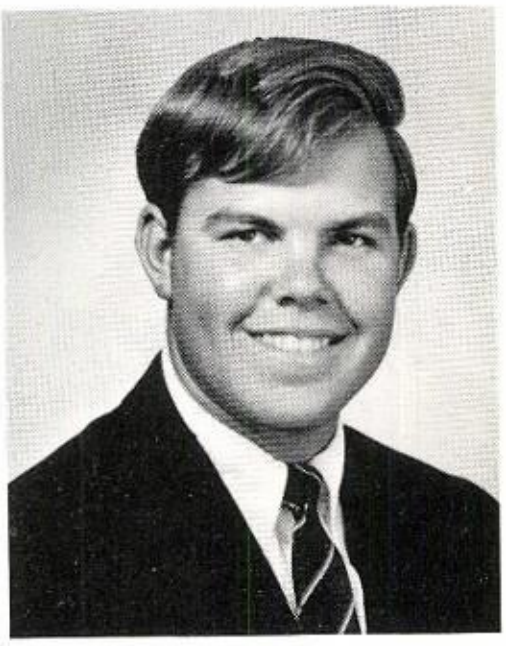
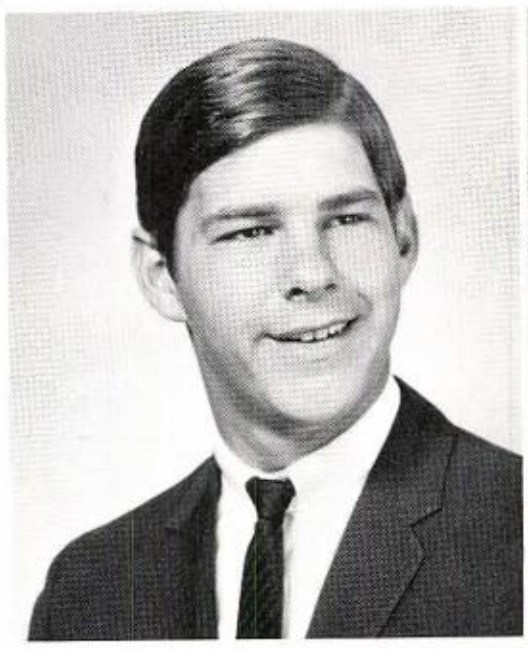
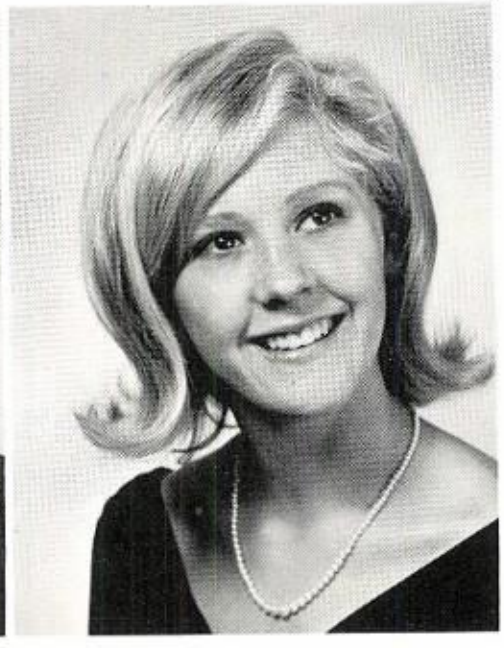
Interested in billiards and athletics, Jim will always remember the time he pushed a stalled car through the Oregon Avenue underpass during the rush hour traffic. Next year he will study criminology at UC Davis. Maybe when Jim is a lawyer he will figure out why there are stairs in the closet in room 119 that don't go anywhere. Wondering why Poly doesn't fall down, he will remember the football games.





DONALD ERNEST SCHOENNAUER

Extra-curricular activities such as Wilmer's first gig and painting names in the parking lot are what Don enjoyed most at Poly. Don's outside interests, sleeping, playing records, and going to Henry's, conflict with his number one desire to make lots of money—but money isn't everything. Squirting an officer of the law with a fire extinguisher with fellow partners in crime, Soave and Isanio, was his most exciting experience, but since then he has learned crime doesn't pay. Remembering the parking lot and the fights, Don has this to say: "It's been a good year; I will remember Poly always."



NANCY S. SCHROYER

The most hysterical thing this future commercial artist has ever done was riding on a Honda past a policeman with no less than four people on board. More than anything else Nancy would like to own a blue Jaguar XKE and have her long hair back again. Carrying memories of the football games and the parking lot, Nancy is bound for the College of Los Altos next fall.

"The crowded stairs and the green everything" will always be remembered by Poly's most talented ice skater. Vicki will never forget the traumatic experience of "seeing headlights coming straight at us down the wrong side of a freeway on a foggy night." Most of Vicki's free time is spent on the ice. With memories of the open campus and the Thanksgiving Day football game, Vicki will attend Foothill to become a dental hygienist.

STEPHANIE C. SEARS

Having gone to Cubberly in her sophomore year, Stephanie, as a junior, found Poly "green and snobby." She still thinks it's green, but no longer snobby. If asked if she enjoys shooting enough to be a member of the Menlo Park Junior Rifle Club, she would probably reply, "This is true." Stephanie has won rewards in shooting and swimming, and she has a hidden desire to be a nine star general. In the fall Stephanie will attend college at Cal Western or Whittier in hopes of becoming an artist.

SETSU SHIMAZU

Flying in from Kyoto, Japan, for a year at Paly, Setsu brought with her her musical talent and her desire to further her music education and eventually compose music for us all to enjoy. "This year, as a student in Paly, gave me a wonderful and precious experience. I could understand what American high school students think and do during high school life and that was so interesting for me. And I found out that we live in different countries but we can become very good friends and can understand each other. This senior's biggest moment in life was flying an airplane, though we all wonder how his tall body was able to fit into the plane in the first place. After graduation, Charlie's plans include attending Oregon or UCSB and becoming a lawyer.

PATRICIA MAE SHOBE

Planning to work next year, then get married, Pat desires most to get out of Paly. She came as a junior and loves the music in the amphitheater at noon. Her favorite subject is bookkeeping and she remembers the main hall and amphitheater best. After becoming a housewife and mother, she will still recall Paly's rallies, football games, dances, and, most of all, the baseball games.

DIANE ELIZABETH SHRADER

Diane plans to attend Asbury College in Kentucky next year and then would like to be a model. Desiring to be 5'2" tall and own her own island, she says people will remember her as being accident-prone. Glad to be in the last graduating class of the "old" Paly, she will remember the parking lot after school and Hollywood and Vine. She disliked the cliques, but really enjoyed the football games.

Fan and participant in many sports from swimming to skiing, it is no wonder that Elaine so greatly desires to stay on her skis long enough to conquer KT-22. Often seen with Veronique, our ICYE exchange student who is staying with the Sibley's, Elaine likes to relax at noon in the amphitheater and recall that historic moment when she got an "A" on one of her dreaded chemistry tests. Her future will include the University of Puget Sound or the University of Pacific but not math or chemistry.

ADENA SIEGEL

Dena grew up in Chicago but says "there's nowhere more exciting than San Francisco." Her outside interests include everything outside and tiptoeing through the tulips. After graduation Dena plans on college at S.F. State where she will study English, but while at Paly she enjoyed the plays and room 14 most. Her number one desire is to be a paisley and her favorite expression is "Mazal Tov." Dena thinks Paly is still too small, too snooty, and too restricted.

This avid skier spends most of his time traveling between Palo Alto and Lake Tahoe. In between snow skiing, water skiing, and swimming, Marty finds time to work for a construction company so he can earn money for his greatly desired nose job. Aside from attending Foothill and becoming a teacher, Marty most desires to be a spy like James Bond. Among his fondest memories of Poly are the main hall, rallies, and Mr. Ochoa.

To be an Ambassador to Luxembourg and to have a dolphin, chimpanzee and an ocelot are Nancy's desires. Having lived in Germany, Brazil, and the Virgin Islands, her specialty is languages. She hopes to pursue this field at Mills College. According to Nancy, the most memorable features at Poly are Frau Cate, Mr. Bross, fall and spring plays, and the policy of "no eating" in the library. Nancy feels she will be remembered most for her "firm ideas on dictatorships."

Joaquin, a native of Colombia, has traveled to Jamaica and Mexico which he rates as his most exciting experience. Football games and dances are the activities he enjoyed most at Poly and he will remember the Little Theater the best. People will remember Joaquin most for his "small size" which is what he would like to change about himself. Attending UCLA in the fall, his number one desire is to have fun in life.

Among the many things Marsh will be remembered for is the invention of the "Oro" dance with Clark, his orange truck and his Clean Parking Lot Committee. One of the organizers of Poly's Fall Rummage Sale, this senior Don Juan spends his weekends pushing his truck. Marsh has traveled to Mexico and Hawaii; a trip to Paris is planned for this summer. His first impression of Poly was "wild" and now it is "dead." With his best subject being Auto Shop, Marshall leaves Poly for an undecided college in the fall, hoping they do "away with the mod look."

Exciting isn't the word for the experience Pat had on the way to Santa Cruz when she was in a seven car accident. Having lived in Switzerland for two years Pat would like to go back to ski and see old friends. On weekends and after school she works in her dad's doctor's office. At San Francisco State she will study art to become a fashion illustrator and a successful commercial artist. As Pat leaves Poly, she will take with her memories of the pictures in the halls, Mr. Stoelzel, and Mr. Thornton.

San Diego and college will be the next stop for Tom after returning to Poly for his senior year following a year and a half stay in Berlin. Touring Italy with his brother proved to be very exciting for Tom. Much of his free time is taken up by golf, tennis, and swimming. The green halls, the boys' gym, the parking lot, and football and basketball games have a special place in Tom's memories of Poly.

ROBERTA ANNE WAGNER

A variety of nationalities— English, Irish, French, Prussian, Swiss, Italian, and Cherokee— are a part of Roberta's background. She hopes to attend an art institute and study interior designing. She has traveled to Annapolis, Md., and across the country twelve times while enjoying art and sewing. Roberta has enjoyed the football games, the track meets, and the dances at Poly, while remembering the Senior Court. Roberta will never forget Mr. Stoelzel, Mr. Simitian, Mrs. Neilsen, and Mrs. Gautschi, wishing that she was shorter than six feet tall.

Julie, possessor of '67's Best Figure, would like to be Poly's football coach, which may explain her preoccupation with watching the fourth of the five Lerches in Poly football games. "John stalling the Mo-Go, Dick's bright orange truck, and having to pop the clutch while John pushed from the rear," was Julie's most exciting experience. She will remember the Senior Boys, the parking lot, the amphitheater at lunch time, and her first impression of Poly: "Simply a spectacular, spacious, and swift sporty school." After graduation from Poly which Julie terms "the most memorable high school there is," she will pursue her best subject, art, hoping to explore as many of its fields as possible.

Yale in the direct future ranks with Greg as exciting as wielding the "Black Coffin" in 602. He wants to be a hermit at the foot of Mt. McKinley and water ski to Australia. Selpaw, a National Merit Semifinalist, is partial to Mr. Bataille and his senior flame, Mrs. Wolfsohn. He thriftily spends his weekends contemplating Mr. Parker's wit and messing around town. Never quite forgetting senior cut day, Greg most enjoys watching J.B. double dribble at basketball games.

DANIEL P. WARREN

"To be an excellent skier or to race sports cars in the Indy 500" is Dan's number one desire. Dan, who is presently employed as a machinist's apprentice plans to become a machinist. Skiing, ice skating, and shooting pool are Dan's favorite pastimes. Football games, and the mechanics shop will highlight Dan's memories of Paly. Dan's plans for the future include working and attending night classes at the College of San Mateo.

Jim, whose hobbies include photography, computers, short-wave radios, and electronics, hopes to be an electrical engineer. His main desire is "to be as good as I can at what ever I do." Jim's first impression of Paly was that it was big with large amounts of homework, classwork, and tests. Now he knows that Paly is a "a great high school where a person can get a first rate education if he works at it."

DONALD WEBBER

After growing up in East Palo Alto, Don came to Paly where his best subjects are lunch and Linda and worst is English. His big excitement in life was having the measles, but right now he finds it pretty exciting to cope with "Meadows vs. Matchmaker Stoelzel." Don would like to own a car that doesn't break down or blow up, as he spends his thrilling weekends putting his car back together while Lin helps. His future plans include the armed services, changing his grease, and to be like Sly Stone.

Terming Paly as g-great due to its high scholastic and athletic standards, Jim would like to someday flee from native California.

JOCELYN MARIA WILLIAMS
Evening of Drama

"Waking up in a bathtub on New Year's Eve" was Jocelyn's most exciting experience. Waterskiing, swimming, and working at Stanford and Wm. Staats Stock Brokers are her outside interests while cruising San Jose keeps her busy on weekends. "Big, confusing, and exciting" was her first impression of Paly. Remembering the ugly green halls and enjoying the football games, basketball games, and rallies, Jocelyn is bound for UCSB or the University of Colorado where she will study psychology and philosophy in hopes of being a psychologist or social worker.

MARI ORR WILLIAMS

Mari, a sparkling petite blonde, will be remembered by many for her fashionable wardrobe and zippy little V.W. To own a ranch and breed horses is her number one desire, and, besides riding, she enjoys drawing and sewing. Talented at painting, Mari will head for Casper Junior College in Wyoming to pursue art, taking with her memories of Paly football games, the Jinx, and Mr. Stoelzel.

Ultra-exciting for Ron was pinning "star footballer Bill Honey twice in a row in wrestling at Jordan." Now as 67's Most Fun to Be With, he wants to be "completely happy and have a clear mind with no inner traffic jams." Earning an All-SPAL Basketball award, Spider prides himself as the last remaining member of 64's championship team. Fall plans include Brown University, after which he would gladly sacrifice a career in law for a professional basketball contract. Never forgotten for the crazy things he pulled, Ron will long remember the "football games, the friendliness of Paly kids, and the late basketball practices."

DENNIS S. YAMAMOTO
Varsity Wrestling

Dennis lists his outside interest as girls and motorcycles, so it follows that he spends his free time dating and riding his Honda. These activities do not occupy all of his time, for he is often busy working at the Richfield Station, and he is a member of his church youth group. Paly's main hall will stand first in Dennis' memory as he goes on to Foothill College to study drafting.

HEATHER R. YEAMAN

"Trying to find something to do," occupies Heather's weekends while she can be found loafing after school. Her number one desire is to join the Peace Corps, but first she will attend S.F. State to study nursing. She has belonged to Young Life, been a member of Livingston's High Board, and candystriped at the PA-Stanford Hospital. We will remember Heather for her "responsible character," but she would like to be remembered for always being happy. This pert senior enjoys sewing, ballet, swimming, and thinks Paly is "Great."

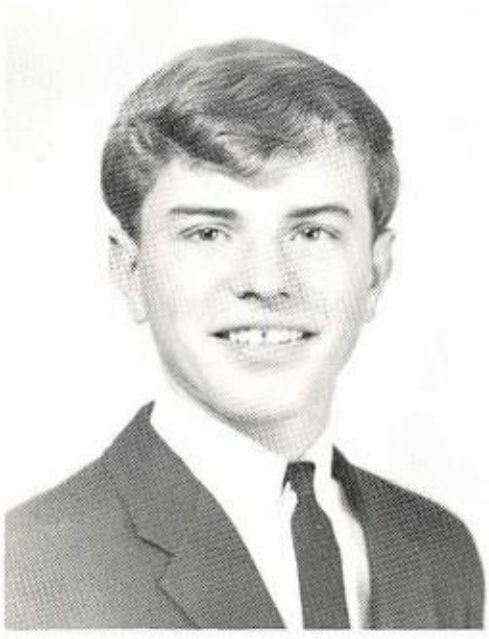
Lee will be remembered for his laugh and his muscles, but would like to be remembered for "my hot cars." Lunch hour drags, going to the beach after lunch, the parking lot and sophomore basketball games are what Lee enjoyed best at Paly. Working out with weights on weekends, this J. & J. Boys' Club member is often heard saying "let's cruise." Hoping to become a civil engineer, he will attend Santa Barbara after graduation.



ALBIN WAYNE ZWAKENBERG

Wayne, whose plans after graduation include Foothill, would like to study law and become a state police officer. His outside interest, working on cars, takes up most of his spare time, except you can find him on weekends "fussing off." He has worked at Palo Alto Speedometer. His number one desire is to own a motorcycle. Wayne will remember the library, his best subject gym, and the activities he has enjoyed at Paly—football games and dances. He will be remembered for his boots, but he would like to be remembered for being "me." "Big" was his first impression of Paly as he also says "Paly's not as bad as they say it is."

LARRY W. ABRAMS

Having traveled all over the U.S. and Jamaica, Larry considers Paly to be the best school he has attended. A member of a group band, Larry enjoys golfing and sleeping, as well as working at an architectural office. The Campanile tower, the games, and Mr. Bross and Mrs. Melosh will stand out in Larry's memories of Paly as he goes on to college in hope of becoming an English or math teacher.

KENNETH I. ANDERSON

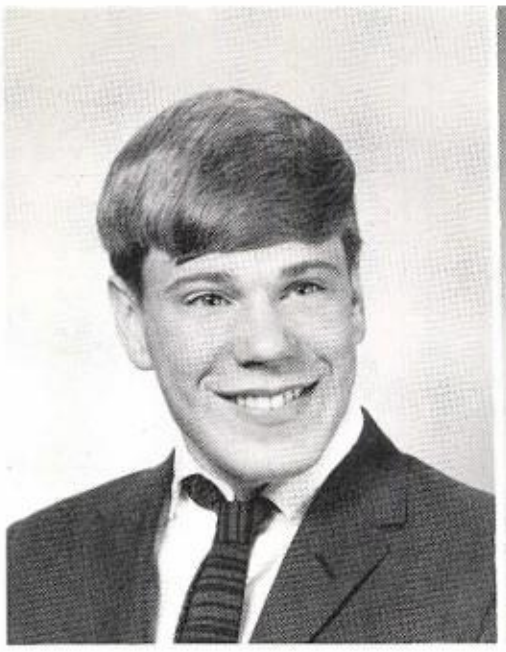
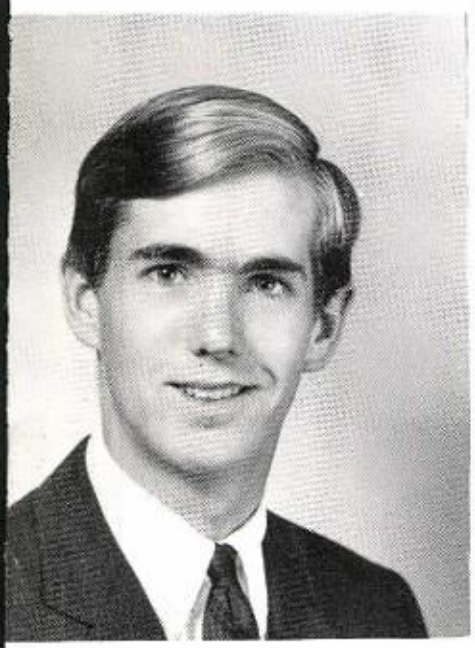
A junior transfer from Sunnyvale, Ken's major interests at Paly have been centered around sports and flying. Much of Ken's spare time is spent running for the track team or working on his car. Ken will go on to college next year, but as yet he is uncertain what field he would like to study.



BESTY BARNES
Jinx
Never forgetting a certain time on the bobsleds at Disneyland and the Paly football games, Betsy will enter college in the fall. Among other adventures, Betsy's most exciting experience was "winning second place in a beginner's ski race."



CHARLES M. BENBROOK

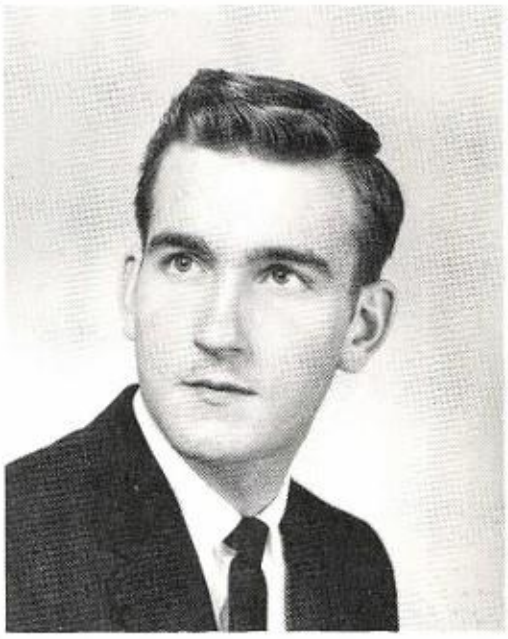
Chuck, who says he has grown up everywhere, states his most exciting experience as trying very hard to write the Grab Bag. Tennis and "How to hunt the Rocky Mountain Mushroom in Winter" occupy this future lawyer or journalist's spare time. Chuck, as managing editor, has enjoyed all sports at Paly, especially the basketball and baseball games, while contributing to Paly's winning tennis team as Most Valuable Player and all-SPAL. Chuck hopes to attend Stanford in the fall.

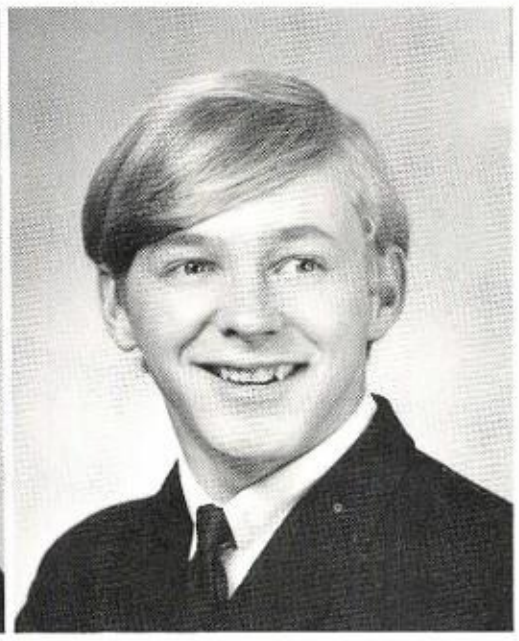
KEN R. BUSHELY

Ken, who has traveled all over the United States and Canada, spends much time on his hobby, motorcycles. With memories of Mr. Fairchild ("Fred Flintstone") and the parking lot, Ken will plunge right into fulfilling his number one desire, to be a millionaire, after graduation.



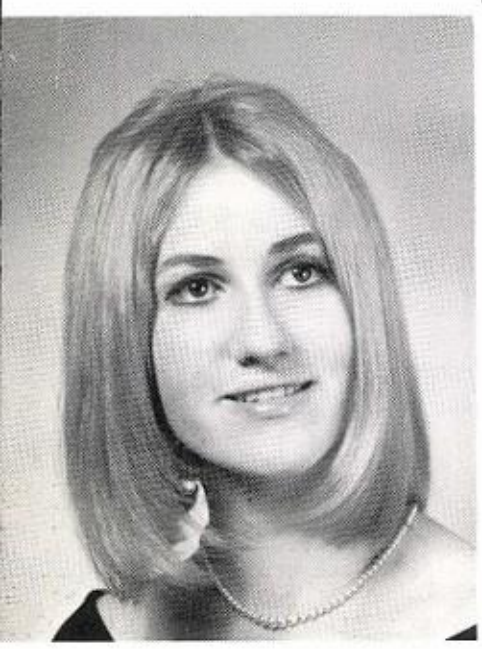
GEORGE BUTKOV

Electronics, science, photography, reading, research and a desire to become rich are George's interests. Next year he will be at Foothill studying to be an electrical engineer. George spends his free time working and enjoying sports. George's life is never without excitement, for example once he "fell into a volcano in Lassen Park."



ROY WERNER CARLSON

Roy, who grew up in Mexico, works at Channing House after school. Roy would like to be happy, rich and to graduate from high school. Mrs. Walsh and Mr. Trujillo will never be forgotten by this "senior girls" fan, who is "madly in love with all the stuck-up senior girls." Roy will be remembered for always having lots of fun.



DIAN CASTLEBERRY

Dian claims that people will most remember her naivity when she leaves Paly to go on to LDS College of Hawaii. Her most exciting experience came when she "raced Bunky's MG in the Fremont Drags." Besides her quick trip through Fremont, she has traveled to "Guadalaja" Mexico, and her number one desire is to live a long, happy life.

ROBERT STEVENS CONDIE

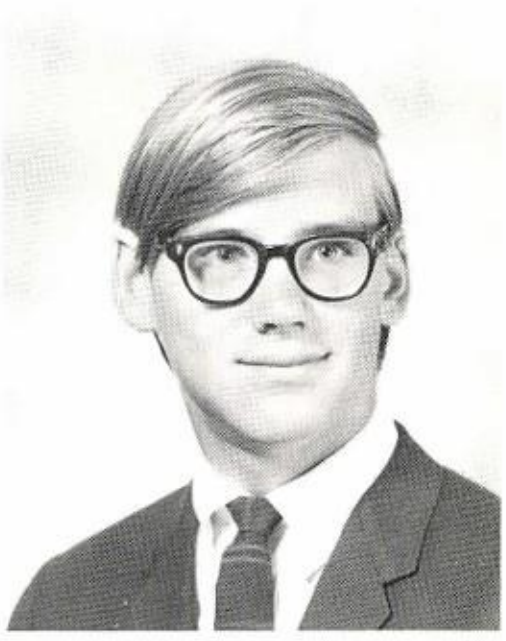
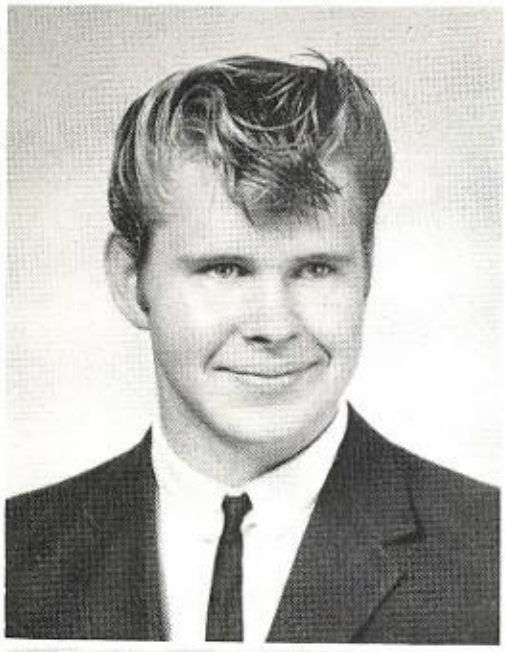
Dreaming of Thor, Spider-Man, the Hawk, and other Marvel Comic Book characters, Steve wanders in to a standing ovation from his College Chem class an hour late. An artichoke at heart, he most wishes to be a rich artichoke baron and own all the artichokes in Castroville. Steve seems to be a very busy senior, belonging to such organizations as Captain America and the Avengers, and working at the California Avenue Pharmacy. It is no wonder that when asked how he spends his free time, he replied, "Free time? Time is money!" Steve says he'd like to change the twitch in his left big toe before he leaves for Cal at Berkeley to study science.



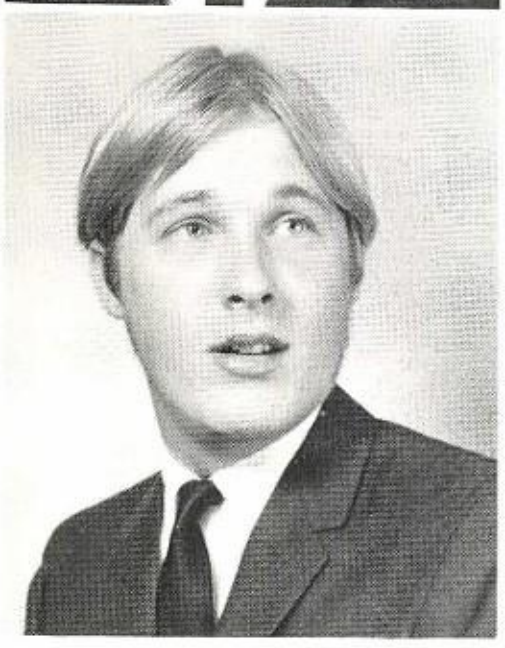


ERIC C. CUSTER

Eric plans on specializing in "high performance engines" after high school so he can fulfill his desire to "be able to afford the car I intend to build." Naturally he would like to become a car builder and racer, and his outside interests are drag racing and mechanics. Eric will never forget the football games and Mr. Mitchell.

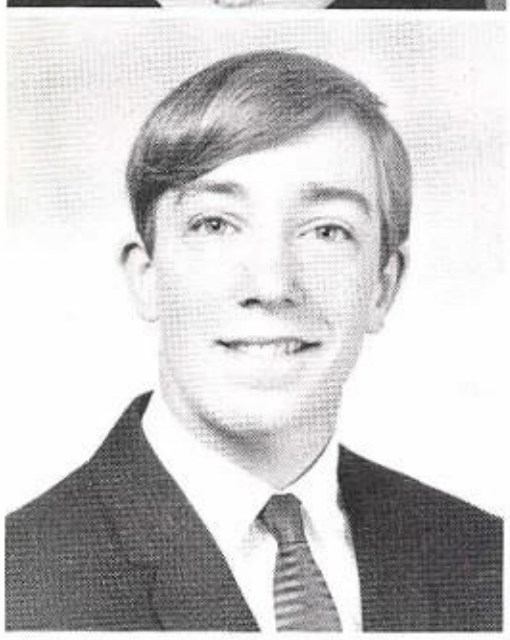
BARBARA LYNN GABBART
Choir
Aquacade
Aero Club

Often mistaken for a sophomore, Barbara would like to act more mature. Having a number one desire to sing, Barbara will probably become a singing nurse. When she fulfills this ambition, she would like to go back to Alaska. Singing and swimming are Barbara's favorite pastimes. While she will remember with horror those "terrible movies in Driver's Ed—Ugh!!, more pleasant memories include the Campanile, the amphitheater, the plays and musicals, rallies, and the aquacade. Among Barbara's trademarks are her southern drawl, her Tiger hat, and her echoing laugh.



GERALD STREET GIST
Sophomore Football

Gerry, one of Poly's most unforgettable characters, desires to be successful, stay out of jail, and get his driver's license back. He would like to study art and business, to become either a business executive or an art teacher. Billiards, my car, my girl, and my job" are his outside hobbies, while he lists skin diving and his trip to Mexico as his most exciting experiences. Gerry enjoyed the dances at Poly "when they had bold bands," and the parking lot. His first impression of Poly? "It was bold!" Now, Gerry, who'd like to go straight, thinks it's "Not as bold."



THOMAS PATRICK HARDIMAN
Sophomore Baseball
Varsity Baseball

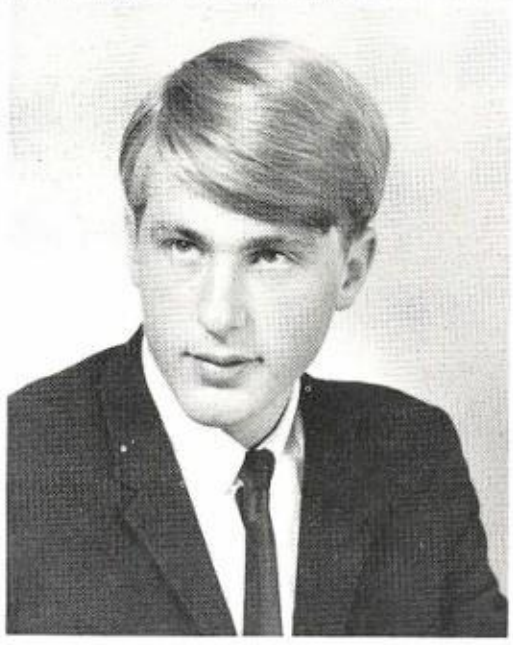
Interested in astronomy, baseball, and pool, Tom would like to be a radio sports announcer. His first impression was that Poly was "large, confusing, and filled with pretty girls." He will take memories of room 14, Mr. Ochoa, and our lousy baseball teams with him to state college next year.

EUGENE CARL HESSLER

Next year Eugene will combine study and work. He will attend Foothill and be in an apprenticeship program at Hewlett-Packard, working to become a machinist. Besides his work at Hewlett-Packard, Eugene enjoys music and motorcycles, and belongs to the San Francisco Gems and Mineral Society. On weekends and in spare time he does "what I feel like doing" and dreams of having a million dollars.

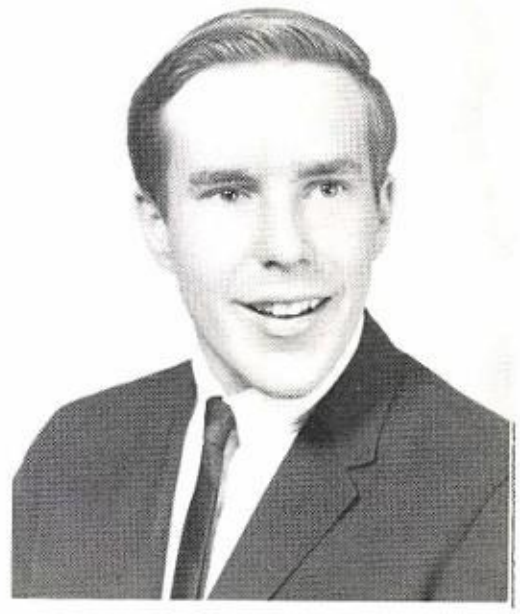
NIKI S. HETRICK

Just "eating cotton candy" was Niki's most exciting experience, however, she has worked at Maximart, Bergmann's, and the Red Hat. She spends her weekends dating and working and enjoys sewing. Niki will leave Poly with the desire to become a wife and to go to Beauty School, and remembering her best subject-brunch, lunch hour, the library, and Mrs. Thompson.



FREDERICK HUBER

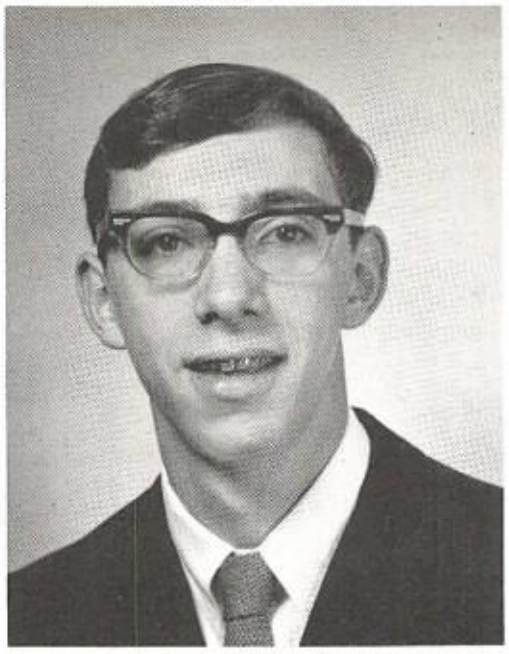
Besides traveling on "many trips" Fred is a "varsity tiddley winks" champion. He has worked in a janitorial service and will attend trade school to study electronics. At Poly Fred enjoyed "all the activities I went to" and won't forget Mr. Engelcke and photography.



DONALD G. KEWMAN
Campanile
Board of Welfare

Desiring most to graduate, Don plans to attend one of the U.C. campuses to study political science. "The institutional green halls" will stand out in his mind and he says, "Poly should replace all the 48 star flags in the classrooms."

CLAUDE JACOB MARGEN
Human Relations Club
Book Co-op
Working towards world peace, Claude participates in demonstrations and expounds upon his theories about the world and society. Whenever he gets the chance, Claude also enjoys sports, and the Paly games will hold a high spot in his memory as Claude goes to Foothill.

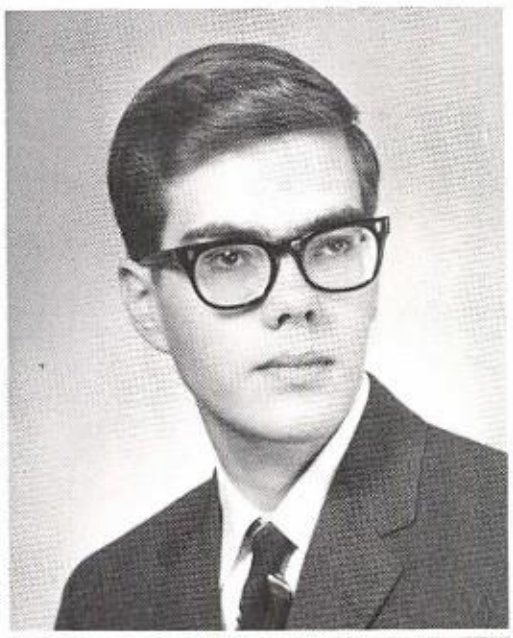


JOHN G. MARKOFF
Soccer
Science Seminar
Track
With a big desire of owning a Ferrari or being on a U.S. Olympic team, John's most exciting experience came when "I placed 16th in an Olympic development bike race at Pescadoro." Planning to attend Santa Cruz, he would like to pursue the field of math or astronomy, and naturally he would like to become an astronomer. The most memorable Paly fixtures for John are Mr. Trujillo and Little-Big games. He's not sure what people will remember most about him and he will "never tell" who his senior flame is.

KEVIN P. McCARTY
Bar Association
Driving a Cobra was the thrill of Kevin's life. The parking lot and the amphitheater are Kevin's favorite landmarks at Paly. A compulsive giggler, Kevin plans to become a mathematician after studying at Foothill.

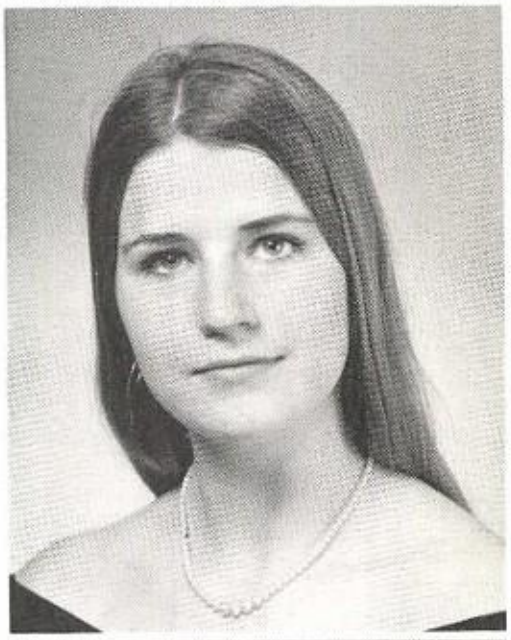
JAMES E. MEEKS

Jim, who came to Paly in his junior year in his yellow Dodge, would like to be the manager of Stickney's while his number one desire is to meet the Top Twelve. Sixty-seven's Most Gregarious Senior, Jim lists his outside interest as playing score. People will remember Jim for his greasy hair, but if he could change something about himself it would be to be skinny. He can be heard saying "I don't blame you" as he travels from gigs to the J & J Boys' Club and back. Winner of a 6th grade ping pong championship, Jim is likely to answer "Who?" when asked his impression of Paly now.



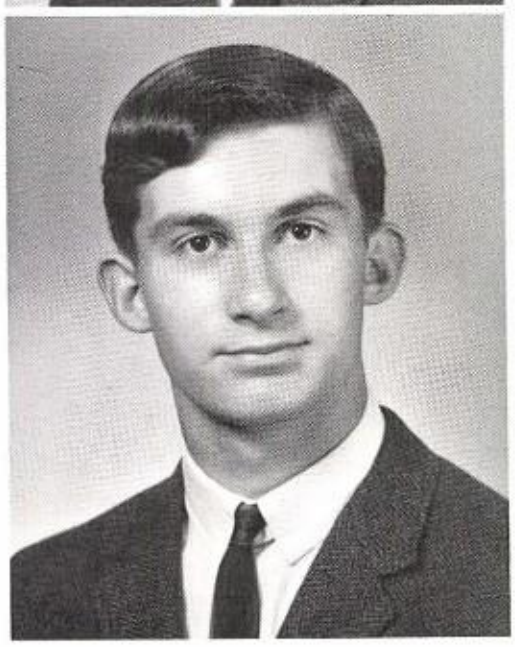
MARKHAM J. MELLISH

Among Mark's numerable outside interests are skiing, expensive restaurants, sports cars, and "charging things", the one he enjoys most. Planning to go on to college to pursue the field of law, Mark's number one desire is to "resolve my state of philosophical confusion." The only teacher Mark will always remember is Mr. Stoelzel.



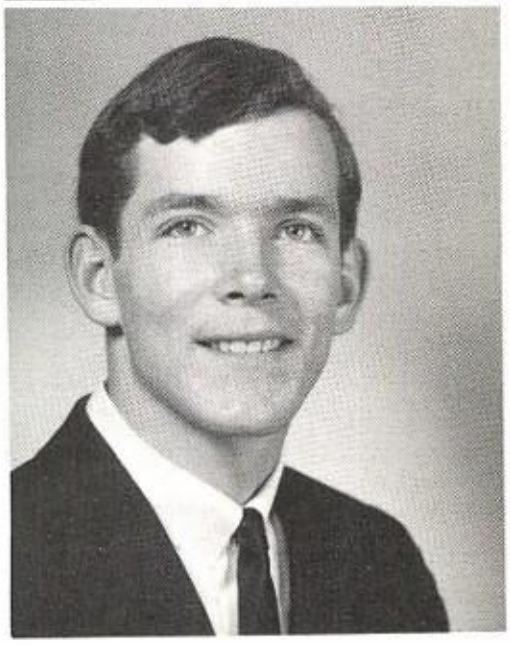
SUSAN RACHEAL MORGAN

Dancing and weaving are Sue's hobbies. Sue, a Southern Californian, has traveled in Canada, Colorado, and Hawaii. She has enjoyed basketball games and swim meets, and after graduation she plans on working.



JULIAN N. MURRAY

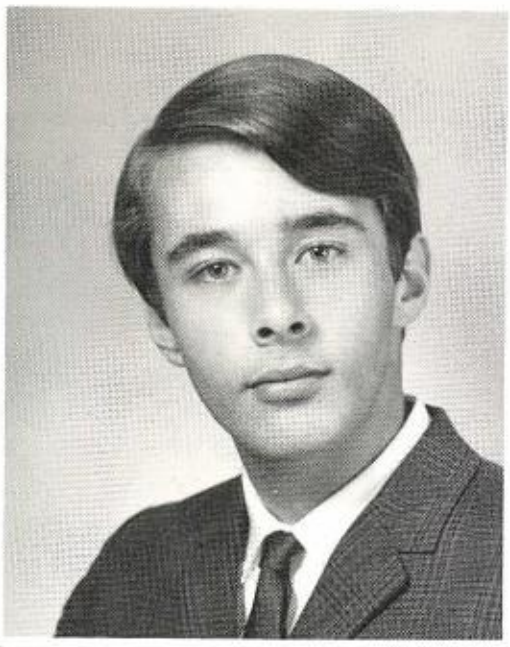
Julian, born in England, spent his most exciting time "moving from England to America!" His interests include cars, motorcycles, fishing and trapping. He would like to be a writer, especially a successful one. Julian will never forget Mr. Brown and Mr. Fisher and he claims people will never forget him for "how quiet I am when around new faces."



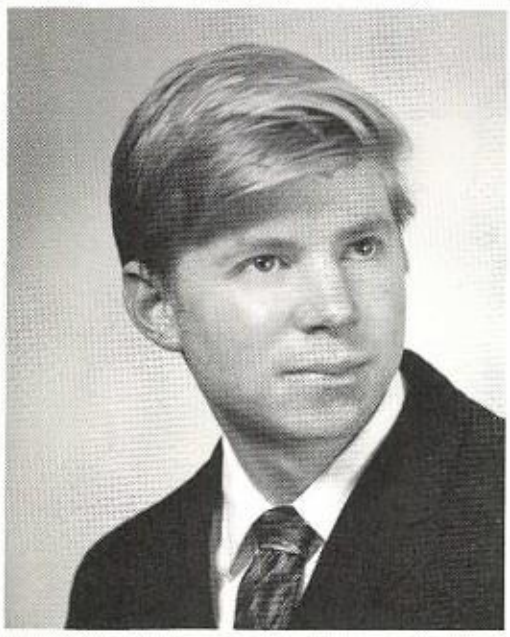
PAUL R. NORMAN

Paul, a future architect, will leave Paly remembering the parking lot, but leaving behind his worst subject-English, along with his English teachers. At Foothill he will study architecture and probably recall Paly's style in his work. Although Paul has grown up in Palo Alto he has seen and traveled in the east coast.

RICHARD L. RASCOE
Varsity Baseball
"Doing nothing" but yet "anything" is how Rich spends his weekends and spare time. Being from Manhattan Beach, California, he enjoys the beach and hunting. Rich has worked at Woolworths and plans to attend Foothill next year. He will never forget the football games and Mr. Stoelzel.

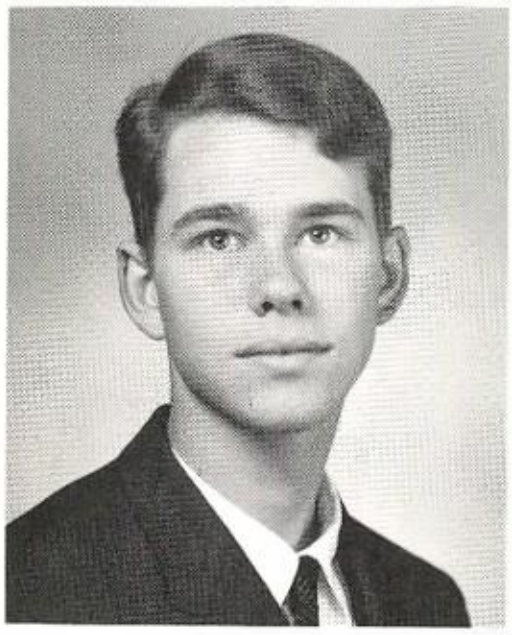


STEPHEN RODRICK ROGAWAY
Track
Cross-country
Block P
Chess Club
The proud owner of the MVP Track award, Steve spends most of his time bettering himself in his favorite interest, track, or playing pool and golf. Outside of school he has belonged to a Law Explorer Post and traveled across the U.S. His best subject is history; his worst chemistry. He will always remember Mr. Hepworth, "the slave-driver", as he toils away at Cal or Stanford in future years.



RONALD G. SHEPPARD
Wrestling
Track C
Ron, who was born in Aberdeen, cannot remember if he has ever done anything terribly exciting. He has worked in a jewelry store, and he has traveled to a "few states". Ron is avidly interested in sports, which besides going out, occupy most of his free time. After graduation he plans to go to work and, when he looks back at Poly in future years, he will remember the main hall, the football and basketball games, and Mr. Leslie.

TIMOTHY JOPHESH SLATTERY
Band
Tim, planning to attend San Francisco or San Jose State to study computer technology, will remember Mr. Hepworth and Mr. Parker best. He grew up in Des Moines, Iowa, and has also lived in San Mateo and Orange, California. At his last high school he earned a band letter. Here he remembers the Embarcadero entrance and he enjoyed football and basketball games most.



JAMES F. SMITH

Planning on "serious study" after graduation, Jim hopes to pursue the study of Animal Husbandry and crop dusting techniques. His interests include motorcycles and forgetting Mrs. Presley.

MARGARET ANNE STEWART

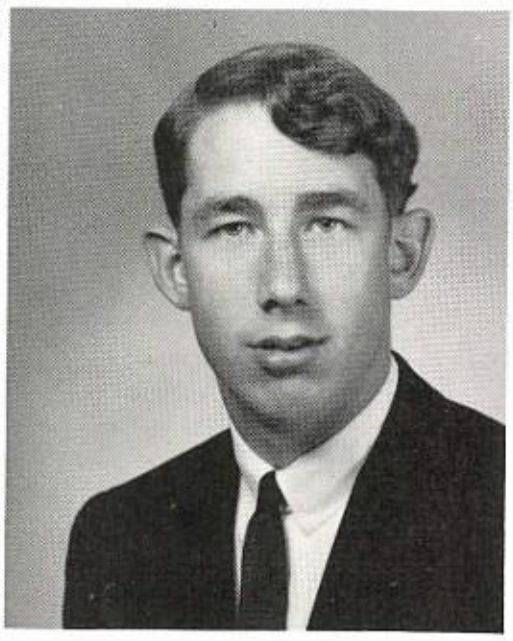
Margaret, a member of the Rat Patrol, (her most exciting experience), certainly won't forget the night before Dottie's wedding. Her outside interest, Randy, keeps her busy on weekends while she desires to re-visit the Stanford Memorial Tomb. Margaret has enjoyed the football games, dances, and rallies best at Poly while remembering the parking lot and "the men." After graduation Margaret plans on attending Foothill where she won't forget her Senior Flame Mr. Phillips.

RICHARD CHAD STRACHAN

To be a world champion in cycling is Richard's number one desire, and skiing at Aspen is his number one exciting experience. This hard-working senior says he spends the greatest part of his time working at Obers. Outside of school he has belonged to Pedali Alpini. Richard will remember Poly's Campanile, its boys' gym, and its Mr. Hagen most. Science is his best subject and he would like to pursue mortuary science as he goes on to college in the fall.



JIM VALLE

Spending weekends with friends and enjoying painting, and all phases of art, Jim would like to attend beauty college and become a hair stylist. His most exciting adventure is "censored". When he leaves the Poly parking lot for the last time, he will remember the football games and all the teachers.

MARK ASHTON WHITTAKER III
Chess Club
Bowling Club
Band
Mark, sixty seven's most radical boy, catches butterflies as a hobby and wants to meet Haley Mills. He wants to be a fireman but will go to college next year. As he leaves Paly he will remember the activities he enjoyed most: basketball, football, plays, and dances.

CHARLES ROGER WILLSON
Thespian President
A member of the Peninsula Workshop, Roger is very interested and involved in drama. Next year he will be at San Francisco State pursuing the field of theatre design. This year he was the choreographer for the spring musical and as for Paly he will never forget Senior Court and Mrs. Dearing.

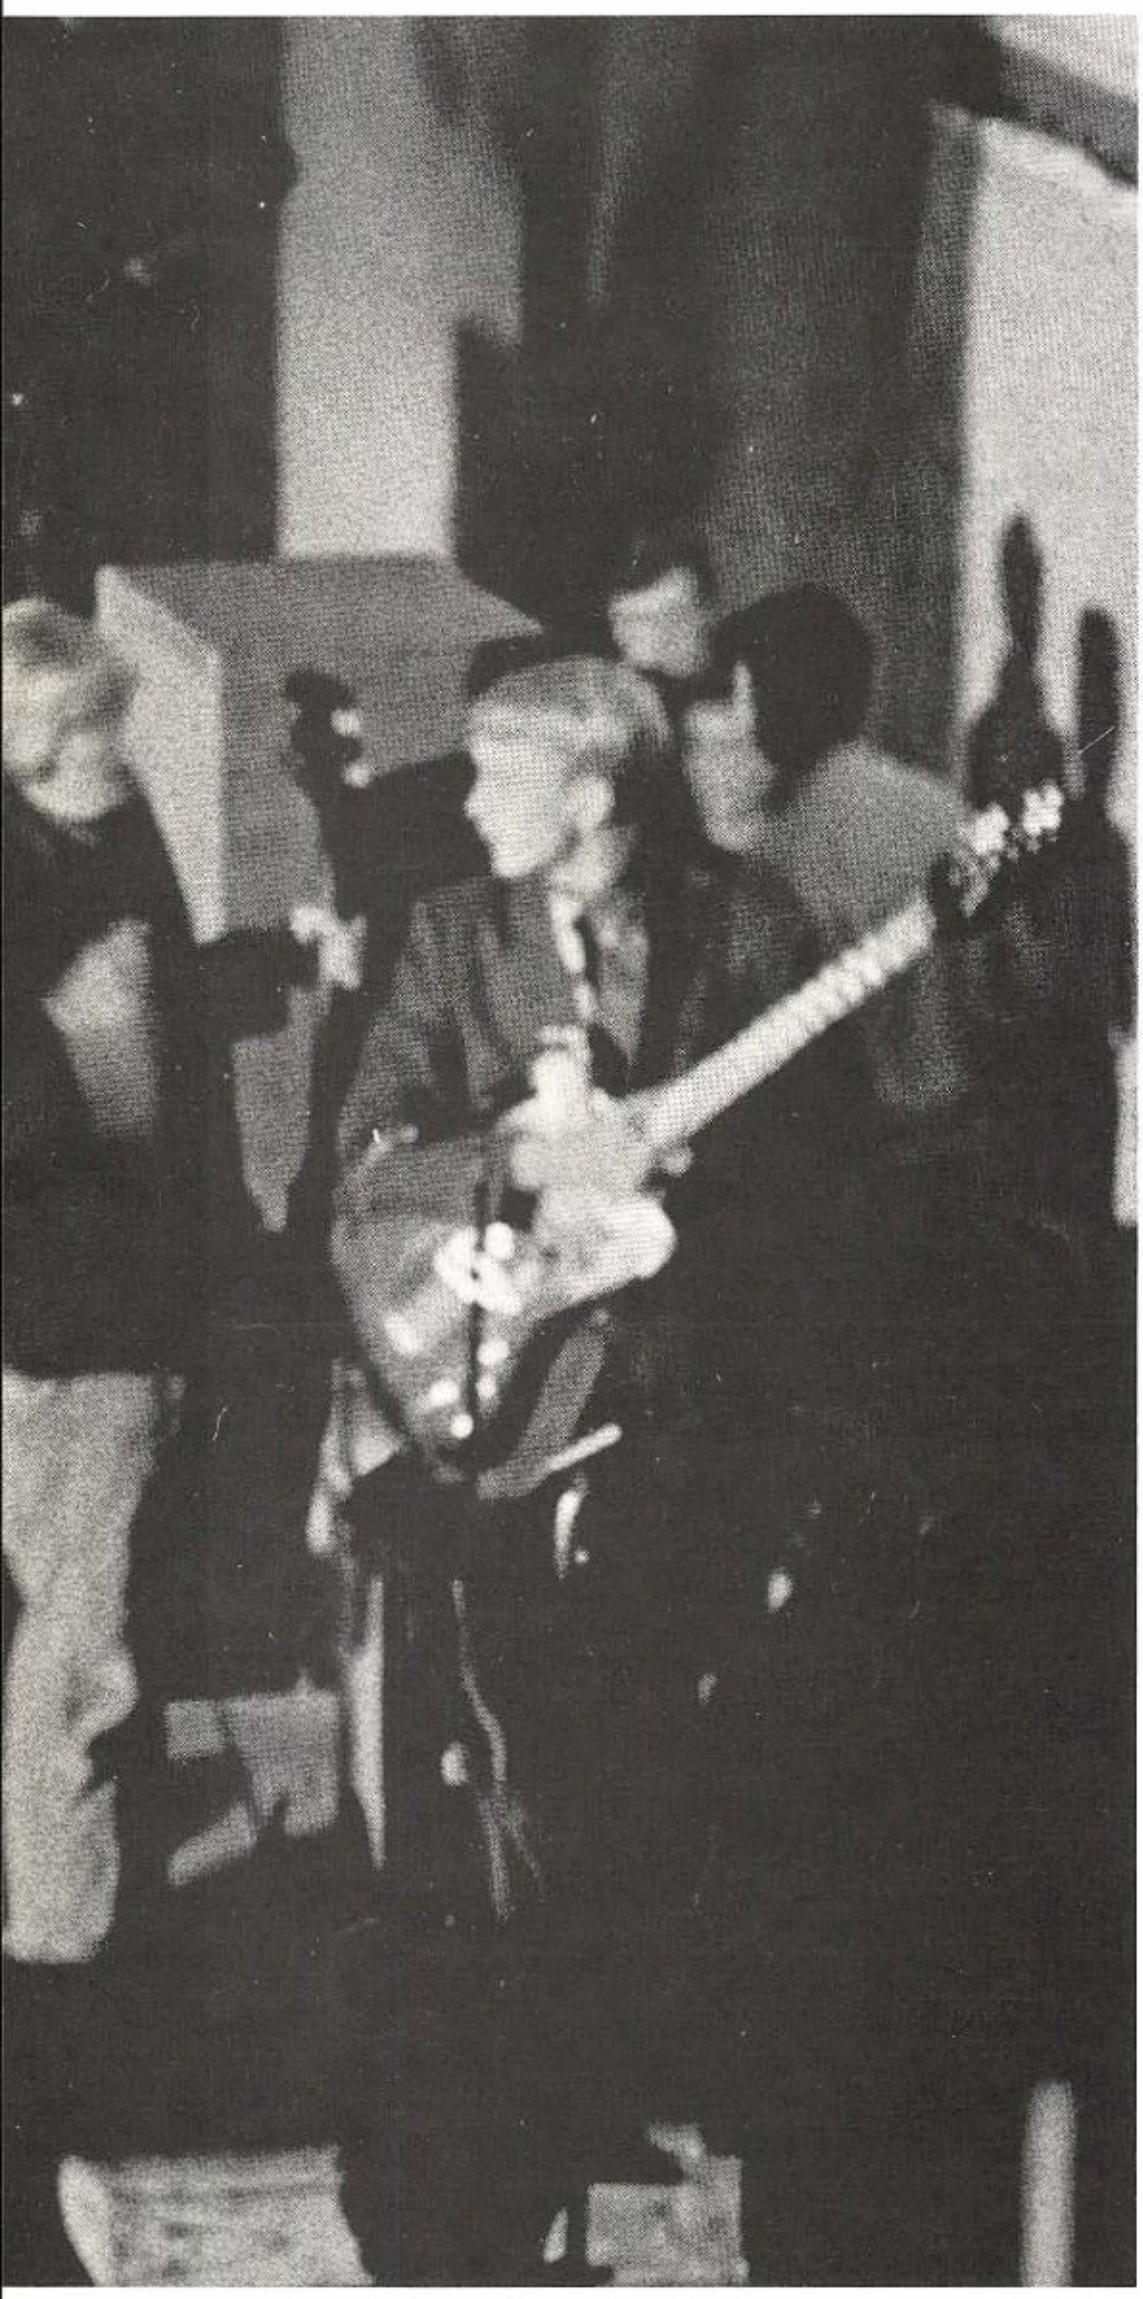
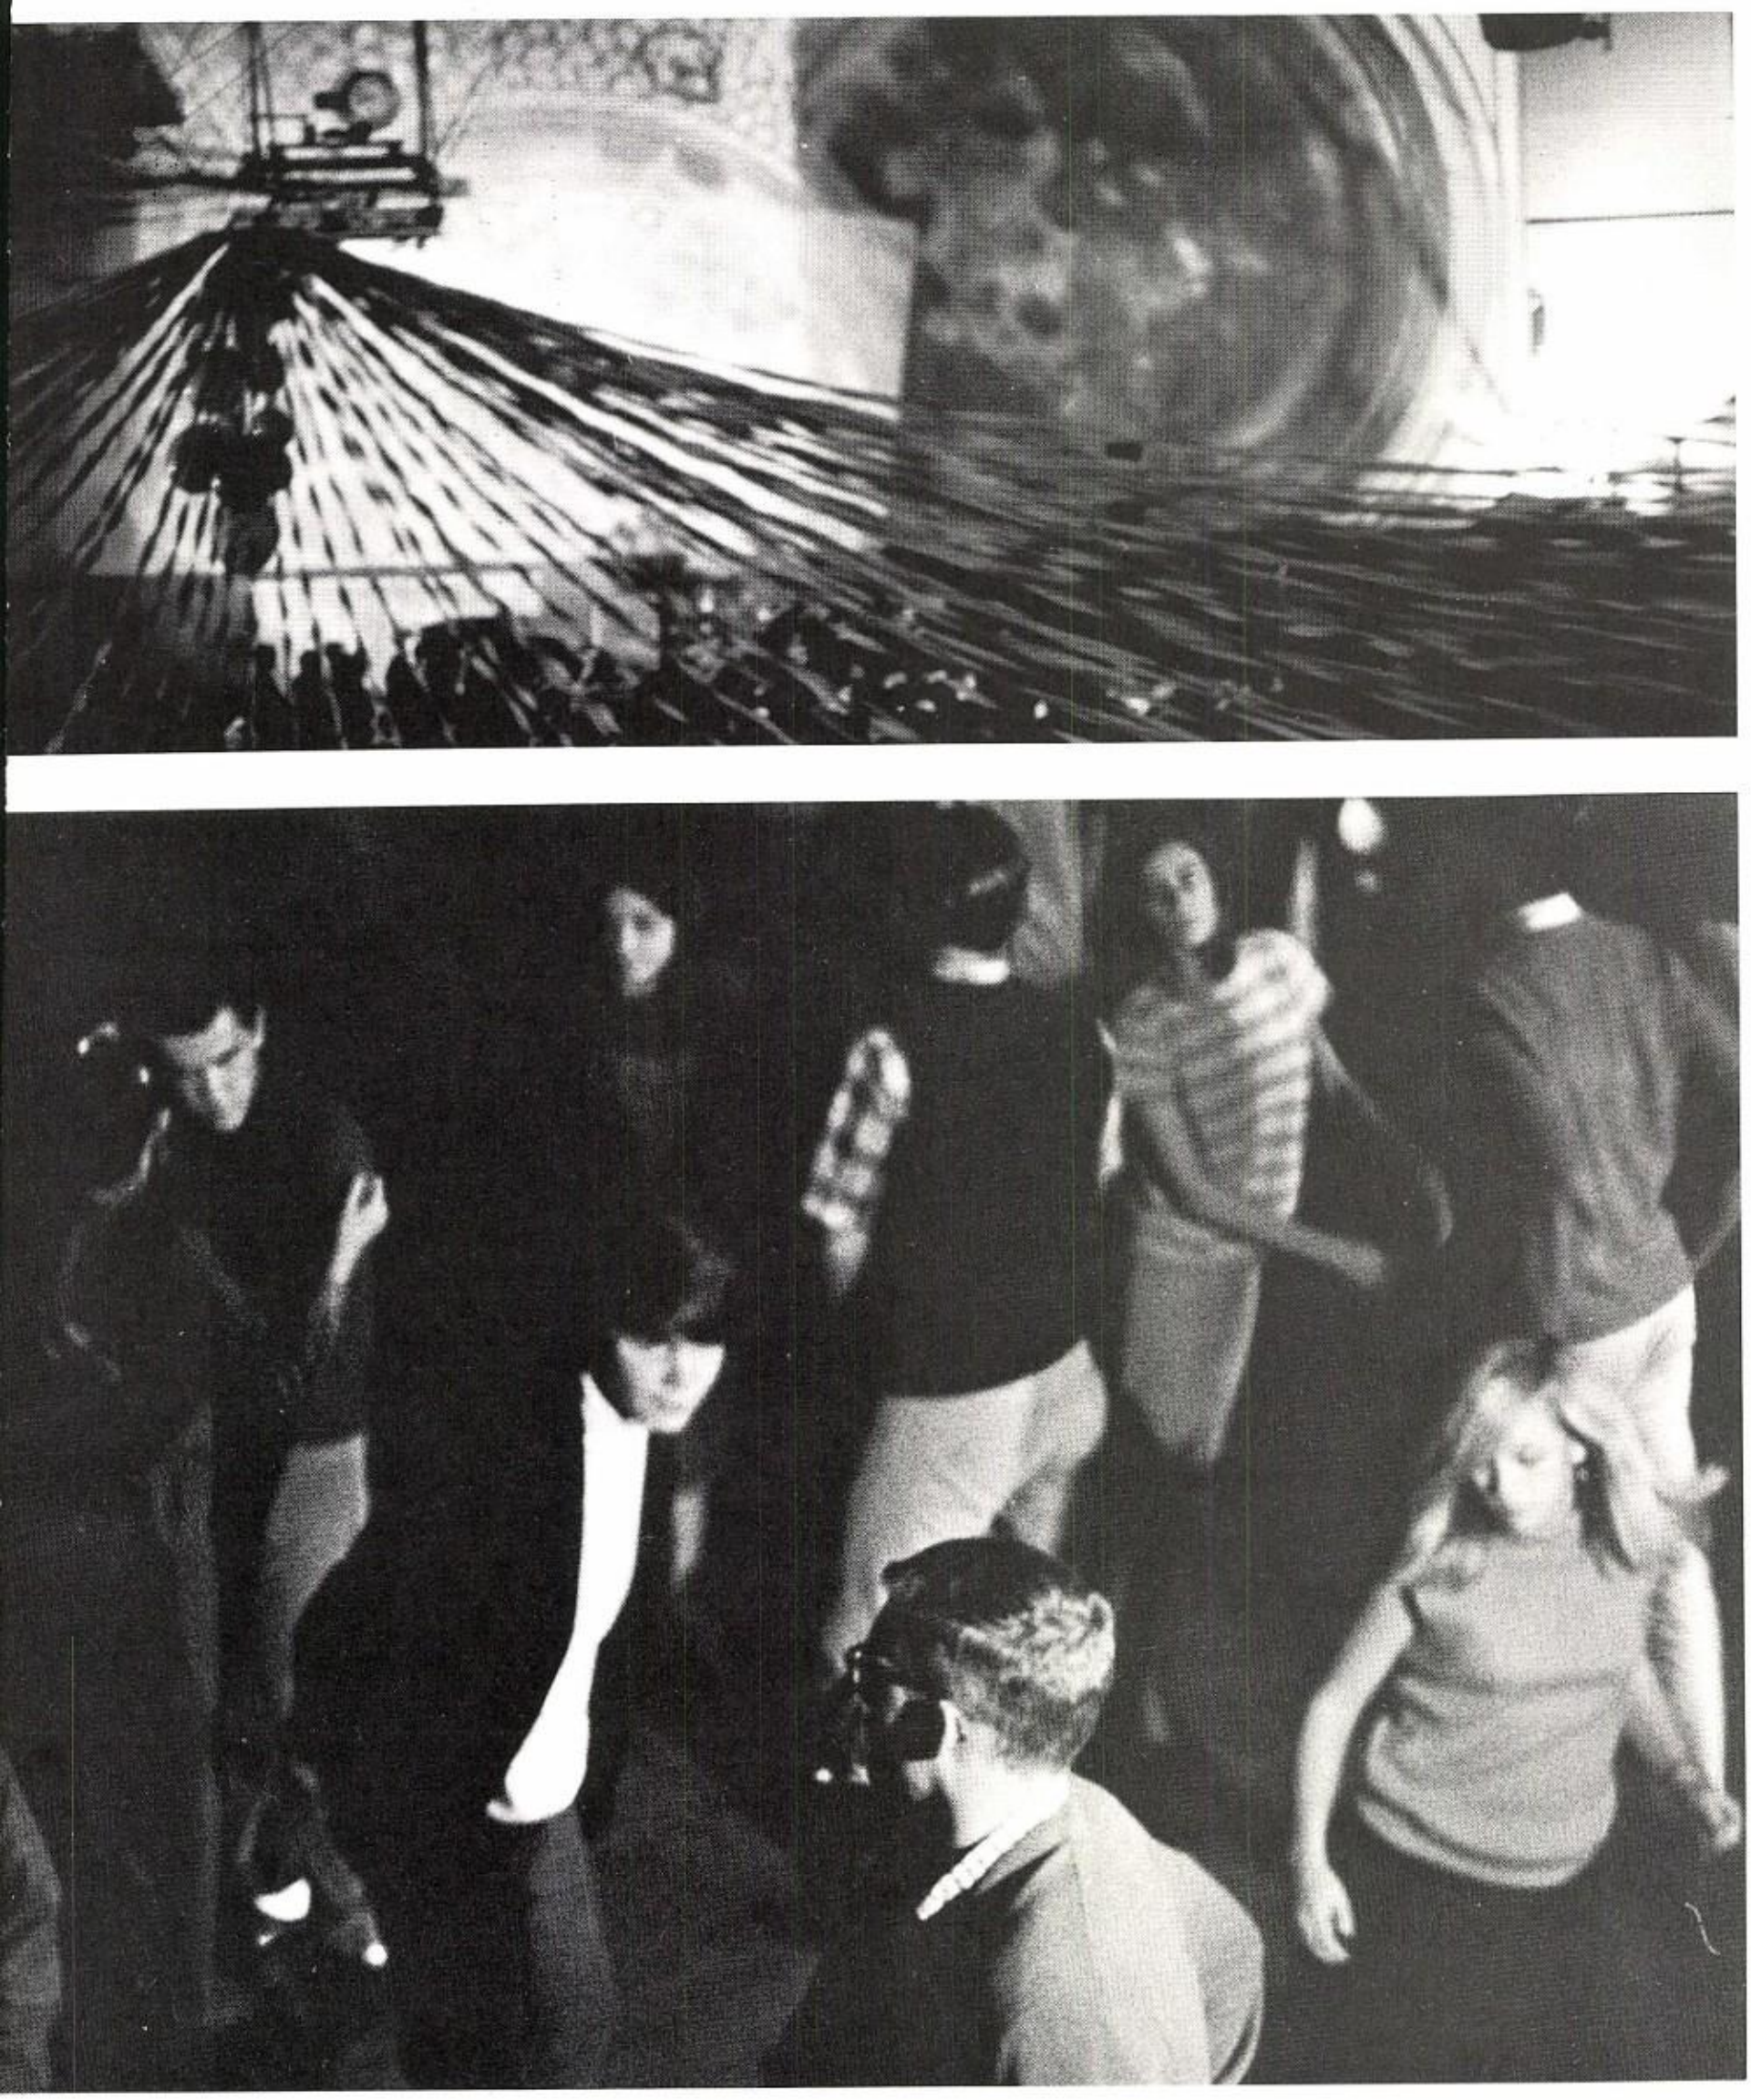
COME ALIVE



"Come Alive", the theme of 67's Slave Week, started with the Block P sponsored sale of sophomore, junior, and senior boy slaves in the amphitheater. On the weathered benches sat anxious female bidders humored by the sparkling commentary of Ron Wyden, Dave Kerr, and Bob Wheeler. The Board of Commissioners circulated Come Alive buttons, creating enthusiasm for the Pepsi sponsored dance, featuring The California Girls versus the London Taxicab. The event debuted as Paly's first band battle and light show as a revolutionized rendition of traditional Paly dances proved successful. Colored oils, home movies, little rascal reruns, fluorescent lights, and a strobe light fascinated the glowing crowd as the forlorn boy's gym Came Alive.



. . . After 2:45.
The unexpected step at the door to the parking lot. Motley array of cars leaving.

Graduating ceremony in the amphitheater. The beauty of Paly in the evening light. High above the stage a mosaic Viking Ship and the immortal words: '67.

dear dave,

i feel inspired so i'll write something more than just my name, okay? i haven't known you very long but as long as i've known you i think your nice guy. oh, yeah! thanx for the cigarettes. remember it's bad for your health. i hope you have fun in college. and i hope you make out okay. weren't those 2 retreats fun? how about a waterfight. i'll tell you something. did you know i'm almost as bitchen as you are. i'll keep trying hard. thanx for the fun time i've had knowing you. don't forget to wear your shoes!

Love you always
